Secret of the Pandora Magic

No other range has a flue system just like that of the Pandora.

The flue system of the Pandora Range makes the almost magical efficiency of the Pandora oven—conserves the heat in the range to do its maximum of work under the covers, in the oven, in the reservoir and in the warming closet.

The Pandora flue system is the secret of the Pandora baking efficiency, the Pandora fuel economy and the complete control which makes baking

and cooking a pleasure and lightens all the other kitchen work.

Note how the Pandora flue system carries the heat to every part of the range, surrounding the oven in walls of heat under perfect control.

See how the heat passes the length and depth of the hot water reservoir.

Note how it passes under the six-hole top in a current which gives the Pandora five "boiling" holes.

"The Magic of the Pandora"—Booklet Free

This is only one of the many features of the Pandora Range described in "The Magic of the Pandora," a little booklet full of information that every woman will want [before she buys a range. Write for it to the nearest McClary Branch.
