EDGAR SILCOX, Shedden P.O., Elgin Co.

MENTION FARMER'S ADVOCATE

GOSSIP.

Hon. J. W. Brewster, U. S. Commissioner, Circuit Court, District of Colorado, writes to Dr. P. Harold Hayes, Buffalo, N. Y., whose advertisement appears in this issue of the FARMER'S ADVOCATE, as follows:—"I cheerfully endorse and recommend your treatment for Hay Fever. Having been a sufferer for eighteen years with an annual attack lasting from six to eight weeks, and after trying in vain all remedies to which my attention was directed; I commenced using yours. The first year I was greatly helped by the treatment; the next season the attack was not so violent, and last season was so slight as to cause me very little annoyance."

R. G. MARTIN'S YORKSHIRES AND BERKSHIRES.

In a splendid farming section of country, along the Kingston Road, some fifteen miles east of Belleville, Ont. is the well-equipped 140 well-titled acres of Mr. R. G. Martin, lying close to the village of Marysville, upon which Mr. Martin makes a specialty of whatever he undertakes, and where nothing is done by halves or in any way slighted. In looking over the farm we saw some splendid fields of grain, and a grand herd of Ayrshire grade cows with immense udders. A few good horses were also seen in the pasture. In no particular were we more interested than in the herds of Yorkshire and Berkshire pigs (the pride of the owner) which we were shown. The Yorkshire herd was founded upwards of a dozen years ago, and among the first animals, and to which lies much of the credit of establishing a reputation as well as an enviable showing record, was the grand old matron Maud G., from whose breeding some of the best animals ever offered to the Canadian public have had their origin. From time to time Mr. Martin has had occasion to add new blood, which was always selected with the most careful and considerable judgment, till to day we doubt if any other herd of the same number can produce more really showing animals. The present stock also contains members of the noted Marian family. Maria 3rd 1640, by Model Duke 2nd 44, and out of imported Marian 18th, is now four years old. She has been a very prolific breeder of high-class stock, which has found ready buyers, and we were informed that some grand bears are bred to her credit. In conformation she is a true type of the breed, possessing immense length and depth of body, standing well on her feet, and weighs right close to 900 lbs., and qualified for any showing competition. Next we were shown a pair of grand females with litters at their feet. Lady Haskett 2387, by Haskett 3rd 1838, and out of Maud G. 688, is now two years old, and possesses a great wealth of quality, which she transmits to her progeny. She is a thick, smooth, well-formed sow. Josephine 3rd 2705, also by Haskett 3rd, and out of Josephine 2nd 929, is the same age and bears out to a remarkable degree the quality possessed by her half-sister, with sufficient size. Flossie 3573, by Haskett 3rd, is another splendid daughter of Maud G., and is regarded as one of the best animals on the farm. Among her last litter we saw four very choice three months old pigs (three sows and a boar), which, if we mistake not, will be heard favorably from later. They are a grand bunch and do credit to their ancestors. We also visited another pen containing four nine months old sows out of Josephine 3rd and Lady Haskett, which have not idled their time. They are the right sort and possess as much quality as any we ever saw. The Josephine sows perhaps have rather more length, but they are all good, and will undoubtedly be heard from later at the larger shows. Among the sires now on the farm we saw the worthy Haskett Jr. 2283, by Haskett 3rd, and out of Maud G., a splendid individual, in which is represented the choicest of breeding. He has not only distinguished himself as a sire of saleable stock, but is one from whom many showing winners have sprung. In conformation he is a large, evenly-made animal, with plenty of bone, a splendidly shaped back and head. Look-Me-Over 2612, by Haskett 3rd, and out of Maud G., is an animal that will bear all the inspection one wishes to submit him. He is now being placed in show condition, and the opinion of him expressed by one of the best judges of the breed classes him among the first young sires in the country.

Berkshires have also been owned on the farm for a number of years, and the best in the breed has been none too good for Mr. Martin to select his foundation stock from. At the head now is the grandly formed Royal 4849, by Royal Standard 12th 3296, and out of Persia 4034, by Enterprise, the quality of which this fellow bears out to a remarkable degree. He is evenly fleshed, carrying his

DENTONIA PARK FARM

W. E. H. MASSEY, Proprietor.

HIGH-CLASS REGISTERED JERSEYS

The following offered for sale to make room for additional imported stock soon to arrive:
A FEW GOOD COWS Also some splendid
HEIFER AND BULL CALVES.

Prospective buyers should visit the farm. Full information given on request. Apply—
WM. PATTON, Supt., Coleman P.O., Ontario.
Farm located near East Toronto.

Exhibition Jerseys for Sale

That cannot fail to win in any showing. Two 4-year-old cows, milking 40 lbs. a day each, superb udders; one 3-year-old, splendid udder, great beauty; one 2-year-old, tested 11 lbs. butter a week at 23 months old. These should not be separated, as they can enter in three classes and then show as a herd. Also a 3-year-old bull, a 2-year-old, a yearling and a calf. No one need apply except those who WANT THE BEST, and are willing to pay a fair price.

MRS. E. M. JONES,

BROCKVILLE, ONTARIO, CAN.

substance well down; has a splendidly formed head, and well marked. Randy (imported in dam) 5270, by Broogs (5974), and out of Victoria 5729, was farrowed October 30th, '97, and females, being very richly bred and well gotten up, with perfect markings. Among the matrons we saw the two-year-old Baron Leo sow, Marysville Girl, out of Persia 4034, which possesses good length and depth. She has been bred. Also some well-formed young stock are to be found in this herd.

A nice flock of registered Leicester were also shown us, the quality of which is keenly watched by their owner. In the showing Mr. Martin has always taken an active part, easily capturing the honors competed for. In 1896 in Toronto he won the Yorkshire herd prize as well as many of the individual prizes for which he competed. In 1897 the show herd was disposed of, and which won many of the best prizes offered that year. He also won largely those for which he competed, in Ottawa in a very strong class. This year he intends exhibiting his own stock, and will have a grand lot out, any of which he holds for sale, and parties requiring really first-class animals cannot do better than visit him at the fairs this fall, and make personal selections.

BRAMPTON JERSEY HERD

Offering high-class A. J. C. C. cows and heifers in calf, and heifer calves; 9 choice young bulls. High-grade cows in calf; and Berkshires.
