

Know the make-up of roofing you buy

On the make-up depends how long it will last, and how little it costs you in the end.

Genasco
THE TRINIDAD-LAKE-ASPHALT
Ready Roofing

is made of *genuine* asphalt, produced by Nature in Nature's slow sure way. It has the lasting life that gives it greatest resistance to weather.

Genasco costs about the same as ordinary roofings in the beginning, and costs less in the end, because it lasts so long.

Comes in rolls with either mineral or smooth surface. Ready and easy to lay. Ask your dealer for Genasco. Write us for the valuable Good Roof Guide Book and samples—free.

The Kant-leak Kleet, for smooth-surface roofings, does away with cement and prevents nail-leaks.

Is Anything On Your Farm Stronger Than A Bull ?

YES! If your fences are "IDEAL" Woven Wire, made of large gauge No. 9 HARD STEEL wire, heavily galvanized and with the verticals and horizontals clamped together with the Ideal Lock—that CANNOT SLIP. Bull-strong; hog-tight; horse high—a REAL fence.

NO! If you have wire fences of the ordinary kind—fairly good for a few years, but with no reserve strength to stand hard usage—because poorer wire makes them, and stretching them taut takes the utmost of their little strength to start with.

All Large Gauge Number 9 Hard Steel Galvanized Wire

From top to bottom Ideal Fence is all the same—large gauge No. 9 hard steel wire, heavily galvanized and therefore rust-proof. Note lock and its uniform smooth curve—no sharp turns to weaken the strength of the lock and yet a most positive grip—in FIVE different places. This is the fence that has ample springiness, immense strength, and the ONE LOCK THAT'S GOOD. Drop us a card and get our catalog telling all about the many styles and merits of IDEAL FENCE. Sample lock comes with it. Write us today.

ATTENTION, FARMERS!

Twelve Reasons Why Standard Earth Augers Are Best

The STANDARD is the ONLY Auger

- That really bores.
- That will enter hard earth.
- That has an EXTENSION blade.
- That will hold fine dry sand.
- That does not bind in the hole.
- That opens to discharge the contents.
- That bores in all conditions of earth.
- That has double "V" point cutting blades.
- That is guaranteed to save half the time.
- That individually bores more than ONE sized hole.
- That individually bores NINE different sized holes.
- That is guaranteed to do the work with half the effort.
