The Bonus now declared, is upwards of 50 per cent on the amount paid, in the five years ending December, 1853. The result will be made known to each Policy-Holder as soon as the calculations to be made will allow.

The advantages this Society offers to Assurers, include all the benefits which have been developed during the progress of the system of Life Assurance; but the following deserve especial notice:

Nime tenths of the Profits, ascertained every five years, divided among Policy-Holders having paid three annual Premiums.
