### "A Vote For Laurier is a Vote For Bourassa"

The Halifax Chronicle, that doughty Maritime Province champion of Laurier Liberalism, professes to be peeved that the statement should be made that "A vote for Laurier is a vote for Bourassa." Surely the Chronicle will be content to permit the question to be settled by Mr. Bourassa himself.

Writing in his daily newspaper, Le Devoir, a short time ago Mr. Bourassa made the following definite charges, which, so far as we know, remain unchallenged:

"Let us suppose, for one moment," wrote Mr. Bourassa, "that Mr. Laurier's accusations are true and that the Nationalist resistance is inspired by hatred towards England, at what school were we given such lessons of hatred and distrust? At the school of the Liberal party under the supreme inspiration of Mr. Laurier. It was Mr. Laurier who taught us, as early as 1890, that 'never would Canada take part in the wars of England.'"

"Really, if the Nationalists, and generally the French-Canadians, do not feel in a hurry to shed their blood for England or for any other country than their own, Mr. Laurier may say: Here is the generation I have brought up and educated; here are the principles, the ideas and sentiments which I have impressed upon my dear compatriots. Is it not therefore quite logical to say that 'A vote for Laurier is a vote for Bourassa'?"

Halifax, March 5—There have been two chief topics of conversation in military circles during the past week:

The first one was the clumsy German intrigue to embroil Mexico and Japan in a war with United States. Seeing that the latest unlawful submarine campaign would bring United States into direct conflict with Germany on account of broken promises made at the time of the Sussex outrage, a proposition was made through Count Von Bernstorff and the German Ambassador to Mexico, to have Mexico and Japan unite with Germany in the war against the United States. It is hard to realize a more unfriendly act, and when this became known both the United States Congress and Senate hastily gave the president permission to take what steps were needed in order to protect United States lives and interests. This sort of thing, but probably not so aggravated, has been carried on by Von Bernstorff since the war started, but he was shrewd enough to deceive many United States politicians. Now the mask is off.

The other matter of great importance is the German withdrawal on the Somme. About fifty square miles of territory have been voluntarily evacuated by the Germans. In a case of this kind we naturally look for some trap, but the facts of the matter seem to be that the Germans saw that it was impossible to defend this section of the line, and withdrew to save their

troops, which may perhaps be much needed elsewhere at this time.

It is gratifying to see that the winter campaign which usually does not amount to much, has been so fruitful, and other withdrawals at an early date would not be surprising.

These facts should encourage us to put on all pressure so as to bring the war to a speedy culmination, and every fighting man should take his place to accomplish the desired result.

### Plot to Kill President Wilson

Hoboken, N. J., March 5—An alleged plot against the life of President Wilson has been uncovered here, according to detectives who today arrested Fritz Kolb, a German reservist from Mexico. In a hotel where Kolb had engaged a room, were found two bombs which, the detectives said, were to have been sent tonight to the President.

Kolb, questioned sharply at police headquarters here, is said to have confessed he conspired against the President's life, and that he took part in the Black Tom and Kingsland explosions.

According to members of the New York bomb squad, the two bombs, were the "height of ingenuity." One is a time bomb and the other fitted to explode by the ignition of a fuse. The explosives were contained in tubing wrapped around with copper wire.

Upon information declared to have been given by Kolb, detectives arrested two other men, one here and one in Jersey City, and brought them to headquarters as alleged accomplices.

**British Also Successful**  
London, March 5—The troops

came to Nova Scotia and take his college course at Acadia University, where he graduated with the degree of B. A., in the class of 1903.

He was ordained in Wolfville on June 24, 1903, and sent out as a general missionary to the colored Baptist Churches in Nova Scotia. He did effective work in Windsor Plains, Kentville, Digby, Weymouth, Yarmouth, Sydney and organized the second Baptist Church of New Glasgow.

On Feb. 3, 1905, Mr. White came to Zion Church, Truro, and since that time many marked improvements have been made. The old mortgage on the church was burned and a most convenient parsonage has been added to the church property.

Mr. White received notice on the 27th that he had been appointed Chaplain of No 2 Construction Battalion, composed of colored men recruited from all over Canada and on this pre-ferment we all extend congratulations.

Mr. White, born in the United States is a loyal British subject. He took out naturalization papers about six years ago.

**Congratulations to Capt. Rev. W. A. White, B. A.**

We congratulate Rev. W. A. White, B. A., pastor of Zion Baptist Church, Truro, on his appointment as Chaplain of No. 2 Construction Battalion, under Lieut. Col. Sutherland, O.C., and we congratulate the men of the Battalion in getting so worthy and so good a man for their spiritual adviser.

Captain White, we can assure the boys of the Battalion, is quite an athlete; he had great training on the football campus at Acadia University and if occasion arises he can not only wield the "sword of the spirit"

but the Ross Rifle as well.

Mr. White was born in King and Queen County, Virginia, and received his early education in the country public schools. When sixteen years old he moved to Baltimore, Maryland, where during his leisure time he took private lessons and attended night school.

In the fall of 1894 he entered Wayland Seminary Washington D. C., where he graduated with honors from the College Preparatory and Bible departments as the President of his class. While at school in Washington he met Miss Helena Blackadar, who was then teaching there. He was influenced by her to

### VON BERNSTORFF ASKED TO EXPLAIN TO MASTER LEAK ON MEXICAN NOTE

London, March 5—A despatch to the Exchange Telegraph Co. from Amsterdam says:

"According to a Frankfurt telegram, received here, the German government has sent a wireless despatch to Count Von Bernstorff, former German ambassador to the United States who is at sea returning to Germany, asking him to explain how the German note with regard to bringing Mexico and Japan into war with the United States was divulged. A special courier has been despatched to meet Count Von Bernstorff on his arrival and warn him against granting any newspaper interviews on the situation."

The correspondent adds that the Socialist newspapers in Munich, Leipzig, and Magdeburg criticize the note to Mexico as the crowning diplomatic blunder of Germany.
