S. S. CONVENTION HERE LAST WEEK

Large Attendance of Enthusiastic Workers Had Profitable Sessions

The 44th Annual Convention of the Carleton County School Association convened in the United Baptist church, at Hartland, the first and second day of October. The weather being ideal the attendance was large. The number of delegates present were 60, and the number of schools represented 37. There were four sessions, Rev. J. Ross, General Secretary, presiding, which fact added greatly to the interest of the convention. His pleasing personality and words of advice and encouragement were an inspiration to all who were there.

These addresses well worthy of the occasion were as follows: "Home Worth While" by Rev. J. Archland of Woodstock; "The Little White Slave" by Rev. J. Mansel of Florenceville; "The Address of Temperance" by F. A. Wightman also of Florenceville. The report of the resolution committee was in part as follows: "Resolved that this convention is in favor of the total prohibition of the liquor traffic, the manufacture, sale and use of a beverage, and we hereby pledge ourselves to support by influence and every measure favored the principles of temperance."

"Whereas in the mind of this Convention, the tobacco habit is a growing and deplorable evil calculated to degenerate and undermine the manhood of our land intellectually, physically, spiritually and morally, we therefore resolved, that we favor prohibition of the manufacture, sale and distribution of tobacco in all its forms. We further deplore its use, particularly among professed followers of Christ and we will endeavor by precept and example to discourage its use in any form." These resolutions were enthusiastically accepted by the convention.

The hospitality of the Hartland people will long be remembered by the visiting delegates who were so kindly entertained.

G. W. V. A.

The Hartland Branch of G.W.V.A. is steadily growing and at last meeting A. R. Rigby was sent as a delegate to the meeting of the Provincial Command of N.B. at St. John on Saturday.

A very satisfactory answer was also received from Mr. Borden in regard to the appointing of a special commissioner to look into the matter of returned soldiers. We would strongly advise all returned soldiers to join our G.W.V.A. NOW for "unity is strength" and a good blacksmith hammers fast while the iron is hot. Our next meeting will be on the evening of Oct. 16 at 8 p.m. in the Armoury. Games and smokes for early arrivals and we expect a good report from A. R. Rigby on Provincial Command meeting, also President E. A. Britton, on the memorial monument as to what has been decided by G.W.V.A. Executive and Hartland's good citizens as to a monument, a tablet, or a building for our memorial.

New Meat Store

James M. McLeod and James Plummer have purchased the equipment of M. W. Sherwood and will at once open a first class meat market. They will do busi-

ness at the Sherwood stand opposite the post office for 30 days, at the end of which time they will move into the store now occupied as a harness shop by George W. Letson, which Mr. McLeod has just purchased from J. T. G. Carr.

The new firm will do business under the trade name of Hartland Meat Store and will at once stock with dressed beef, pork, lamb, poultry, eggs, butter, etc. They will undoubtedly do a good trade.

STRONGLY ENDORSED BY LIBERAL LEADER

Hon. W. L. MacKenzie King on Victory Loan

Thorough endorsement of the Victory Loan 1919, is expressed by Hon. W. L. MacKenzie King, leader of the Liberal party in the Dominion, in a letter addressed to the Minister of Finance, Sir Henry Drayton. Mr. King lays emphasis upon the necessity for the maintenance of Canada's credit, and the desirability that the money required to meet the pressing obligations of the nation should be raised at home.

This is his letter:

Ottawa, Sept. 10, 1919.

My Dear Sir Henry—I am pleased to join with you in commending the Victory Loan to the people of Canada.

It is imperative that Canada's credit should be maintained.

As the Government finds that borrowing is a necessity to meet pressing obligations, it is in every way desirable that the amount required should, if possible be raised within Canada itself. I hope, therefore, that the loan be over-subscribed by citizens of the Dominion.

You appreciate, of course, that in expressing a desire to see the loan a success such obligation as I may have in the matter of criticizing unnecessary or extravagant public expenditures is increased, rather than lessened, and that this endorsement is given upon your assurance that the organization of the campaign, everything about it, is absolutely and entirely non-political.

Yours sincerely,
(Sgd.) W. L. MacKenzie King

To Subscribers

A year ago the subscription price of the Observer was increased to \$1.50 when sent to Canadian subscribers, and \$2 when sent to the United States. At the time of this increase, made necessary by the largely increased costs of doing business, the manager agreed to accept subscriptions if paid strictly in advance, at the rate of \$1 per year for Canadian and \$1.50 per year for United States subscribers. This offer still holds good.

This month many hundreds of subscriptions expire. On Oct. 20 all these will be charged up at \$1.50 and \$2 unless remittances are forthcoming before that time. The thing for each new subscriber to do—and to do it NOW—is to remit a dollar on subscription account. Each Canadian subscriber so remitting will be credited a full year. United States subscribers are asked to remit \$1.50. Receipts will be sent for each remittance.

Do it NOW!

School Entertainment

Come, one, come all to the entertainment in the hall at Somerville on Thursday evening, Oct. 30. Entertainment begins at 8 o'clock sharp. Refreshments served after the entertainment. Admission 15 and 25c. We can assure you of a good time. Come early and avoid the rush. Idella E. Molesac, teacher, and pupils of Somerville school.

"BOOM TOWN" IS OUR MIDDLE NAME

Great Activity in Hartland Real Estate—Large Influx of Population and No Rents Available

One of the best and strongest evidences of prosperity in any town is indicated by activity in real estate. In Hartland there have recently been some swift and important changes in ownership, the price in each case being considerably more than the consideration in the last previous transfers.

F. Hagerman & Son have sold their garage—the Forester Hall building—with Star Theatre overhead, lock, stock and barrel, to Conn. Fred Smith of Windsor. The price is reported as around \$7000. Mr. Smith will run the garage business, it is understood.

James M. McLeod has bought the Carr building on the G. W. Boyer lot, which building is at present occupied by George Letson, who will be under necessity of moving his harness business he knows not at the moment whither.

C. E. DeWitt has bought Ziba Orser's cement house next south of the school house and also from Perry Shaw the lot adjoining. He will move into his new possession, while Murray McLeod will occupy the S. Hayden Shaw house. Mr. DeWitt will vacate.

Herbert Aiton has bought a building lot on the hill from J. T. G. Carr.

R. E. Robinson has sold his farm at Lower Brighton to Stephen Orser and moved to Hartland, occupying G. G. Gray's house.

Thomas Forest has sold his Windsor farm to Clifford Dickinson, a returned soldier, has moved to Hartland, and is desirous of buying a home here.

James Faulkner has bought the Carpenter farm at Waterville, and Hartland Clothing Co. has bought the William McLean farm at Havelock.

Henry Jensen has sold the David Shaw farm at Simonds, occupied by his son Neville, to Mr. Dyer of Bristol.

Ernest Sealey has sold his Upper Brighton farm to Hastings Golding, another returned soldier, and has bought the John Harding farm at Jacksonville.

Fred Sealey has sold his big and valuable farm at Victoria to a Mr. Harris of Jacksontown.

There is a tremendous influx of newcomers to Hartland, or, at least, there would be if there were houses to rent or buy. Most of those aspiring to live here are retired farmers from the outlying districts.

At the present time there is not an available farm or business rent of any kind, and many families are confronted with the problem of housing themselves for the winter. Several are placing their household goods in storage with no place to go. In spite of the high cost of construction many buildings are imperatively needed.

Potatoes Rotting Badly

During the past week or two potatoes have been rotting badly and many shipments have been almost total loss. It is estimated that 50 per cent of the crop will be ruined. Of course this will bring up the price for the good ones, but at present time shippers will not buy. The last price quoted was \$2.

Many turnips and a good deal of hay is coming to market.

Eggs and butter are scarce and high.
