Messrs. Marsden, of. Sheffield, have seuted an order for a pair of skates for the Queen, which are worthy of the roy-al feet. In lieu of straps across the in-step, each akate is provided with a patent-leather boot. These boots are firmly attached by a strap of plated silver to the clogs, which are of satin-wood highly polished. The skate-irons terminate in front in the appropriate and graceful form of a swan, and both sides are elegantly chased. The cup that forms the receptacle for the heel is silver plated, and chased with the design of the rose, thistle, and shamrock. The same design is embroidered in white silk upon the black patent-leather, to which it forms a pleasing contrast. The size has been regulated by a boot worn by tke Messrs. But in regard to 'Hunter's Balsam, put up by our follow. citizen, Jeremiah Carris, Eaq. we have the testimony of many of our own citizens and those of neighbouring, towns, unanimous in its praise. J. C. Ayea. Dear Sir,—My little son four years old has just recovered from a severe attack of maignant Searlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherny Provoral in California, in the winter of 1850, for a severe attack of Bronchitis, with entire succes. I was induced to try it on my little boy. I gave him a tea-spoon-fal every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent.—For all affections of the Throat and Langs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompteme in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.
