

There seems to be a general conviction that Lord Palmerston will be enabled to admit the Jews into Parliament this year, and that the strength of his majority in the House of Commons will compel the Lords to surrender at discretion. The Premier will certainly put forth all his power to attain this result, and he can hardly fail to be stimulated by the want of success which has hitherto attended the exertions of Lord John Russell in the same direction. It is already clear that the new House of Commons is one of the most independent and business-like which has met during the last twenty years, and the more aristocratic portion of the Legislature will be cautious in selecting in the first session of the new Parliament a body so young and vigorous.

Another subject of a religious character has excited considerable attention of late. The contest long waged by Mr. Westerton, the Churchwarden of St. Paul's, King's Cross, against the Rev. Mr. Liddell, relative to the introduction into the church of the latter certain Puseyite innovations, which Mr. Westerton and his friends contended were contrary to the letter as well as the spirit of the doctrines of the Church of England. This affair has been before the Court of Queen's Bench, the Ecclesiastical Court, and finally before the Court of Privy Council. All these three Courts have pronounced in favour of Mr. Liddell, and Mr. Westerton now finds himself saddled with costs to the extent of £1500. His friends have consequently felt themselves bound to appeal to the public to relieve him from the financial straits into which he has fallen, and which has led to the disclosure of Mr. Liddell's will, and to put their hands in their pockets, and express it by a method which, beyond all others, denotes sincerity.

It is said that the King of Bavaria, who has arrived at Fontainebleau, is disposed to offer his services to effect a reconciliation between the Emperor and the King of Naples. There is some probability in this. The late-named monarch has intimated his intention of sending a vessel of observation to join the Anglo-French squadron in the Chinese waters.

**FOREIGN CORRESPONDENCE OF THE CHRISTIAN TIMES.**

PARIS, May 12, 1857.

This is a time when princes travel. We have amongst us the Grand Duke Constantine and the Prince of Nassau. While these illustrious guests are visiting Paris and the environs, Prince Napoleon has gone to breathe the fresh air across the Rhine, and in France many *filles* and *parades* are prepared for him that we are giving to the Russian Prince. But Prince Napoleon will hasten his return, in order to be at home to receive the King of Bavaria; we are not yet told whether his mission has succeeded, or he is the bearer of a private letter from Napoleon III. to the King of Prussia on the subject of Neufchatel. The Pope himself—the avowed opponent of all progress, however, making his progress to the north, after having made his mission to the King of Prussia, which special prayers were offered up for travellers. He was escorted by General Goyon, who rode at the carriage-door until the Pope had passed out of Rome. The Emperor and Empress of Austria are in our country, papers which have at their defence religious liberty, and perhaps not one will bring into notice the *minimum* of liberty thus granted, and what restrictions lie in the way of their progress, and, consequently, no meetings in unsectarian places, no distribution of Bibles or tracts. And yet there is no need of going far to meet with men who revere liberty in the same manner as we do. The Emperor and Empress of Austria are in our country, papers which have at their defence religious liberty, and perhaps not one will bring into notice the *minimum* of liberty thus granted, and what restrictions lie in the way of their progress, and, consequently, no meetings in unsectarian places, no distribution of Bibles or tracts. And yet there is no need of going far to meet with men who revere liberty in the same manner as we do.

But I must give over my excursions and return to what is passing around us. The rise in the price of all necessaries of life has induced the Government to increase the pay of the soldiers, and to order the purchase of the Legislative Corps on the project for the purchase of the tomb-house of Napoleon I., at St. Helena, at the cost of 180,000. Another bill grants a prolongation of thirty years' privilege to the *Journal des Debats*, which is published by another bill, a sum of 14,000,000 is granted to the Transatlantic Steam Packet Lines.

Two fresh warnings have been given to provincial papers, to the *Times* France, for having reported an article of Count Montalembert's on the decision of the Council of *Etats* relative to the Bishop of Moulins, and to the *Figaro* for a paper written in the same spirit, relative to Count Montalembert's article. Fourteen individuals, members of a secret society, taken up on the Place de la Bastille on the 24th of last February, all bearing prohibited arms, have been condemned to various degrees of punishment, from three to fifteen months of imprisonment, and from 1000 to 10,000 fr. The law proceedings which La Salette has again given rise to have come on a second time, and have turned again to the confusion of the miracle-makers, and to the honour of the ecclesiastics who wrote their reports to their readers, and acquainted with, and in which they accuse M. Lametziere of having herself played the part of the apparition. The Imperial Court of Grenoble has confirmed the first sentence, which terms M. de La Salette's claim to 20,000 fr. damages. The publication of the debates on this affair has been forbidden. Is not this already a condemnation? But it is much to be regretted that the Imperial Court should have been influenced to take such a measure. The greatest publicity on the contrary, was desirable, in order that the fraud should be thoroughly made known. True, it would have been in a very unpleasant position the bishops who had taken the miracle under their protection, but the courts will not change the habits of the population; the priests will easily pass off the judges for miscreants, and our poor people will be misled as usual. **CALIFORNIA AND THE ISTHMIAN.**

By telegraph from New Orleans of the 27th, the Boston *Traveler* learns that the steamship *Illinois* left Aspinwall on the 19th inst., for New York, with the California mails and passengers, and about 25,000,000 worth of goods. Among the passengers on board the Empire City are Gen. William Walker and staff, who have abandoned their field of operations in Central America. General Walker captured the city of San Juan, in the Bay of Panama to England, in settlement of the U. S. Sloop-of-war *St. Mary's*, and with his staff and 200 men, the remains of his army, were brought to Panama by the steamer *Mariposa*. The Costa Ricans were not known in the articles of capitulation.

**CARE OF VENUE.**—An official letter received at Washington from Cape Verde Islands, says that there, though not abundant, are sufficient to keep the people from actual want. More than twenty thousand inhabitants in the Islands and Archipelago have fallen victims to cholera.

**SUPREMACY OF A JUDGE IN KANSAS.**—A letter in the *New York Times*, dated Lawrence, K. T. May 18, says:—There is a prevalent rumor for a day or two that Judge Cunningham is killed. He left Kansas City three weeks ago for his Court at Fort Scott, and has not been heard from since. He was the only Federal Judge in Kansas, and it is known that he has been somewhat obnoxious to the pro-slavery men since his appointment. Judge Cunningham was from Pennsylvania.

**AN ARMY ON THE ISTHMIAN.**—It is to be feared by Europeans. The *Herald's* Washington Correspondent says:—Gen. Herran, the New Granadian Minister, has for some time been consulting with other foreign Ministers, a scheme to obtain a certain number of European officers, principally those belonging to the corps of engineers, and a standing army to be organized on the Isthmus, with the approbation and concurrence of the great European powers.

**A NEW DRESS.**—Our old friend, the *Pain Killer*, has come out in an entirely new dress, which greatly improves its appearance. Numerous counterfeits on the old is, we believe, the occasion of it. The genuine is for sale by W. R. WATSON, Charlottesville.

**SYDNEY C. B. MAY, 30.**—We are informed by L. Robertson, Esq., Coroner at North Sydney, that he held an inquest on Monday last, on the body of Archibald McKenzie, of Lesche's Creek, who came to his death by partaking of a decoction of Tobacco leaf, which he had been advised by some ignorant, but probably well-meaning neighbours, to use for the relief of a pain in his breast, from which he had been suffering for some time previously. The facts are in substance as follows:—

The deceased had been complaining for some time before, of oppression at the chest, but went about his work as usual, and was planting potatoes all day Saturday. On Sunday morning, after looking after the cattle, he told his wife he would boil some Tobacco and drink the decoction, which some neighbours had told him would do him good. When his wife, who had went out to milk the cow, returned into the house, he told her he had drunk the decoction and felt very sick; she advised him to lie down on the bed, which he did, but in a quarter of an hour from the time he drank the Tobacco juice he was a corpse. The Jury returned a verdict in accordance with the facts.—*News.*

**PERRY DAVIS' VEGETABLE PAIN KILLER.**  
A STILL TRIUMPHANT!! AND AFTER A THOROUGH trial by innumerable living witnesses has proved itself to be THE MEDICINE OF THE AGE. Although there have been many medicinal preparations brought before the public since the introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued steadily to advance in the estimation of the world as the best family medicine ever introduced. An internal and external remedy it is truly a source of JOY TO THE WORLD.

One positive proof of its efficacy is, that the sales have constantly increased, and upon its own merits, as the proprietors have not resorted to advertising to gain for it the rank it now holds among the great number of preparations of the present time. The effect of the Pain Killer upon the patient when taken internally in cases of Colds, Coughs, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medicinal preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sprains, Cuts, Stings of insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medicinal discoveries of the nineteenth century. The magical effects of the Pain Killer when taken as usual according to directions are certain. You have only to be sure that you buy the genuine article and adhere to the directions in its use, and you will admit its wonderful medicinal properties. The genuine Perry Davis' Pain Killer is now put up in panel bottles, with the words Davis' Vegetable Pain Killer blown in the glass; and with two steel engraved labels on each bottle—one an excellent likeness of Perry Davis, the original inventor of the medicine, the other a steel engraved note of hand—none others can be relied upon as genuine. Price of bottles 1-1-2 cents, 25 cents, 50 cents, and \$1 respectively.

**VALUABLE MEDICINE.**—We presume no medicinal preparation ever offered to the public has been more thoroughly tested than PERRY DAVIS' PAIN KILLER. Thousands of persons, were they called upon to do so, would cheerfully testify that they have used it for various ills, with the most satisfactory success. It is within our own knowledge, that an immense amount of suffering has been relieved by it. Its proprietors, Messrs. Perry Davis & Son, save no pains or expense in order to satisfy the public. Being strictly honorable men, they observe the utmost integrity in the manufacture of their celebrated Pain Killer. The materials of which it is composed are carefully selected—none but the best quality being used. By these means the high reputation which the Pain Killer has long since acquired, is at all times triumphantly sustained. In view of these facts, we are by no means surprised to learn that Messrs. Davis & Son's sales are constantly and rapidly increasing. While we congratulate our friends generally that so valuable a preparation as the Pain Killer is placed within their reach, we must be permitted to rejoice at the well merited success of its liberal and enterprising proprietor.—*Prescriber General's Advertiser.* Sold by WILLIAM R. WATSON, and dealers generally.

**Extensive Sale of Real Estate, &c.**  
POSITIVE AND UNLIMITED: TO BE SOLD AT PUBLIC AUCTION, on the Premises, in SUMMERSIDE VILLAGE, Bedoune, Prince Edward Island, by WILLIAM DODD, on WEDNESDAY, the 17th day of JUNE next, the whole of the Subscriber's

**REAL ESTATE, HOUSES, &c.**  
in this Island, consisting in some FIFTY VILLAGE LOTS or more, in said Village, including 12 Water Lots, secured with a good Break Water of considerable expense. Immediately adjoining the Village is a FARM of about EIGHTY acres, 50 of which are in a good state of cultivation, and the balance well covered with a splendid growth of wood. There are also a large BARN, a small Farm HOUSE, Out-houses, and a large Spring of superior water on the premises. This Farm being situate on the North side of Bedoune Bay, and gradually descending South to said Village, renders its location pleasant; and as it commands a full view of the Straits with New Brunswick in the distance, makes it a very desirable site for residences, consequently it will be sold in 5 acre Lots, or in the whole, as may best suit purchasers—the whole of this Farm, however, will be shortly required to supply the growth of the Village, in Village and fancy Building Lots. This property, in point of beauty, pleasure, convenience and profit, is second to none in the length and breadth of the Island. A more healthy place cannot be found on the globe—old people have often been known to leave the Island to go to the United States to die. BEE & SON, Charlottetown, or to P. BAKER, Esq., Bedoune, with whom plans of said Village Property can be seen. April 29, 1857.

This sale to commence at 11 a.m., and will (unless all is sold on the 17th) continue on the 18th.

**Extract of a Letter from PROF. HAYES,**  
ENCLOSING A CERTIFICATE.

Messrs. FELLOWS & CO. Gentls: I made the examination of the Worm Lozenges, as you directed, and found only the product mentioned in your note, which was of course expected, but which was not the less interesting to me. You have made an excellent choice of ingredients, and the preparation is a tempting one, and must meet with a large sale from its merits. I enclose a document which you may publish. Truly yours, A. A. HAYES.

**Certificate.**—I have analyzed the Worm Lozenges prepared by Messrs. Fellows & Co., and find that they are free from Mercury, and other metallic or mineral matter. These Lozenges are slightly compounded, pleasant to the taste, safe, yet sure and effective in their action. Respectfully, A. A. HAYES, M. D.

Answer to Dr. of Messrs. Fellows' Worm Lozenges are sold by all Apothecaries.
