

KILLED BY LIGHTNING.—During the heavy thunder storm on Thursday night last, we regret to learn that a daughter of Mr. Donald McDonald, Big Bank, Boularerie, was killed by lightning. Miss McDonald was sitting at the door of her father's house with a friend watching the terrible flashes of electricity that were passing through the clouds, when the current struck her causing almost instant death.—[North Sydney Herald.]

DROWNED.—A middle aged man, whose name our informant could not ascertain, was drowned on Sunday afternoon while bathing in the river Shubenacadie. He was said to be an excellent swimmer, and was disporting himself in the water while an admiring knot of friends were gathered on the bank of the river. He was suddenly taken with cramps, and called out to his friends to do something to save him; but they became frightened and ran to give the alarm. Before assistance arrived the man was drowned. The body was shortly afterwards recovered. Deceased was employed in Miller's brick yard, at Shubenacadie, and the persons who were on the bank were some Frenchman who worked along with him. What excuse they made for running away and leaving the man to drown is not known.—[Halifax Express.]

A WORTHY TRIBUTE.—Capt. William S. Ives and crew of the American ship Saranack, of Philadelphia, rescued on March 3, the crew of the vessel Annie M. Cann, of Yarmouth, N. S., which was lost at sea. On Friday afternoon last a party were assembled on board the Savannah, lying at Walnut Street Wharf, when the formal presentations of correspondence and other testimonials took place.—Among the testimonials was an aneroid and a marine binocular glass, and a gold draft for \$86 dollars, to be divided equally among the three men, who, in conjunction with the second mate and carpenter, manued the boat on the occasion of the rescue.—[Boston Globe.]

THE VALUE OF A NEWSPAPER.—The following is the experience of a mechanic concerning the benefit of a newspaper:
Ten years ago I lived in a town in Indiana. On returning home one night, for I am a carpenter by trade, I saw a little girl leave my door, and I asked my wife who she was. She said, Mrs. Harris had sent after their newspaper; which my wife had borrowed. As we sat down to tea my wife said to me, by name:
"I wish you would subscribe for the newspaper; it is so much comfort to me when you are away from home."
"I would like to do so," said I, "but you know I owe a payment on the house and lot. It will be all I can do to meet it."
She replied: "If you will take this paper, I will sew for the tailor to pay for it."
I subscribed for the paper; it came in due time to the shop. While resting one noon and looking over it, I saw an advertisement of the County Commissioners to let a bridge that was to be built. I put in a bid for the bridge, and the job was awarded to me, on which I cleared \$300, which enabled me to pay for my house and lot easily, and for the newspaper. If I had not subscribed for the newspaper I should not have known anything about the contract and could not have met my payment on my house and lot. A mechanic never loses anything by taking a newspaper.

The Reserve Dividend system
Is one more step in the march of progress. Presented only after mature thought, it invites the test of the severest scrutiny. Its chief merit is its PERFECT ADAPTABILITY to the wants of insurable lives. THE RESERVE DIVIDEND and RESERVE ENDOWMENT POLICIES originated and published by the Company's Actuary, under copyright in 1869. The principle involved renders every form of insurance a provision in life. It converts an ordinary life Policy, otherwise payable only in the event of death, into a CASH ENDOWMENT, MATURING EVERY TEN YEARS.
