

POOR CO

CAMPBELLTON NEWS

Miss Sarah Fawcett has returned to town from Moncton.

Mrs. W. Montgomery of Dalhousie is visiting in town this week end.

Mr. C. F. Clark has left town for a two month's trip to St. Thomas, Ontario.

Mrs. (Dr) Egan and daughter Marion have gone on a trip to Toronto where they expect to stay a month. Mrs. Egan Price accompanied them to Montreal.

We regret to learn that Mrs. H. B. Ainslie has been confined to the house this past week with a severe cold. She is now however, progressing favorably.

Jeremiah Russell, formerly of Campbellton, but now a successful merchant in Winnipeg has arrived here after an absence of 20 years on the sad errand of attending his father's funeral, the late Jeremiah Russell of Lily Lake.

Mr. F. E. Lockhart has left for Moncton to take up his duties as traveler for Messrs. Davies, Ltd., Montreal. Mr. Lockhart was presented with a neat shaving set by his fellow clerks in the I. C. R. with their expressions of sorrow at his severing his connection with them.

CATARH CAN NOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists price 75c. Take Hall's Family Pills for constipation.

CHURCH NOTES AND NEWS On Monday evening an informal meeting of the Baptist congregation was held in the church. The business before the meeting was to decide regarding materials and designs for the proposed new church. A committee was appointed to go further into details regarding plans, etc. and to report to an adjourned meeting to be held on the 13th. inst. During this time the committee will also canvass the people for funds on behalf of the church. The reports on the financial condition of the church were very encouraging, and considered to be very satisfactory under the present state of affairs.

OVER 65 YEARS' EXPERIENCE PATENTS TRADE MARKS DESIGNS COPYRIGHTS & C. Scientific American MUNN & Co 361 Broadway, N. Y. Branch Office, 55 F St. Wash.

THE WEATHER The weather for the past week, in fact for the whole of January has been the most severe we have had here for the last 12 to 15 years. The high wind of the past few days has been playing havoc with the train running on the I. C. R., nearly all the trains going East being very late in arriving at Campbellton. The drifting has been enormous, some parts of the road getting it so badly that half an hour after the snow plough had passed it was as bad as ever. The readings of the thermometer are as follows: Min. -Max. Jan. 26, 17 below -8 above Jan. 27, 6 below 17 above Jan. 28, 5 below 19 above Jan. 29, 4 below 6 above Jan. 30, 3 above 22 above Jan. 31, 7 below 44 below Feb. 1, 9 below 2 below

The probabilities are: mild for the first day or two in February, then up to the 11th, very cold; from 11th to 22nd, milder with snow burries. Further South we may expect rain. Our weather prophet saw an unusually bright shooting star last Friday which he considers is the cause of this atmosphere disturbance. Perhaps.

NAVAL APPOINTMENTS

Mr. A. D. McKendrick has been appointed by the Government as Reporting Officer for the Naval Service, and Dr. W. W. Doherty as Medical Officer for the Campbellton district.

WINDSOR HOTEL

About our part in last week's issue it should read, erected by D. K. Macaulay, Construction Supt. Rhodes Curry Co. Ltd., Heating by H. G. Hagen & Co.

It is well to have on hand a remedy, simple, effective and easily applied, for mosquito bites, insect stings, sores, bruises, sunburn, and injuries to the skin, and forty other ailments not always dangerous, but which can be cured by outward application. Such a remedy is Davis' Menthol Salve (The D & L.), which comes in tins for 25 cts. at druggists.

RECIPROCITY

The Hon. Mr. Fielding has presented his proposition before Parliament, and they are as unexpected as they are revolutionary. The consensus of opinion seems to be that, taken over the whole of the Dominion the accepting of the proposals as laid down would be ruinous to the nation. It is much too early yet however, to say that it will or will not do for the country, and we are of opinion that such a drastic change in the fiscal system should be put before the selectors in a straight question, viz Free Trade or Protection. Never yet has there been a change but some prophets have arisen and told us the Country was going to the dogs, but we have always to bear in mind that it must be the greatest good for the greatest number. Until a trial is made (if even it should come to that which some doubt) we cannot speak with authority and can only hope and wait. All minds seem agreed that the Maritime Provinces will benefit by a greater extent than any other part of the Dominion. Speaking locally a greater market is opened up for us in Shingles alone. The proposed reduction of 20 cents will allow us to compete with the Western American Shingle not only compete but be able to dominate the market completely. In the clear shingles our price is always just about 5 cents more than what is being offered in the American market, so with the facilities we have for quick transport to the Eastern States, the trade and prosperity of Campbellton would be assured.

THE EDITOR'S MAIL

Hockey Reports.

To the Editor Union Advocate, Dear Sir—

Kindly allow me space in your valuable paper to make a few suggestions to our genial Leader-reporter in regard to the hockey match played here on Thursday night between Chatham vs. Newcastle. In the first place, as regards the AI brand our boys did not profess themselves as such, nor did the audience expect to see professionals here; and, secondly, as regards to the play of the team our Leader-reporter has either written on an imaginary scale or if an eye witness he is certainly suffering from defective vision. The first score scored in the first half was accomplished by C. Currey. In the second half Currey again scored two more, followed later by Chambers landing one in the nets, then shortly before time was Talled, Fred Curry scored one. Total being 5 for the home team. Another thing: If this reporter cannot get the teams' line up the same in the paper as it is on the ice, let him inquire of some one who knows and they will give him the information desired. An Interested Spectator.

VICTIMS OF CONSUMPTION.

MOTHER AND TWO CHILDREN AT MUSKOKA FREE HOSPITAL.

Are Now Under Treatment—Husband, Too, Had Been a Patient—A Tragedy in Real Life—Heavy Debt on Institution.

A story from the Muskoka Free Hospital for Consumptives tells of a mother who, with her two children, is now under treatment in that institution. The husband had been a patient, but the case was an advanced one when the patient entered, and he has since passed away. There is little doubt but that the wife was infected as a result of caring for her husband, and now she is in the Muskoka Hospital. Her little girl, about five years of age, and a boy of ten years with her, both being afflicted with this dread disease. The words of the mother are pathetic. She writes: "I went to a doctor and got him to examine my lungs to see whether there was anything wrong with them, and he said that the right lung was affected. I have a little girl, about five years old, and the doctor says that if I could take her up with me it would do her ever so much good, as she is not very strong. I have three more children, and one of these, a boy of ten, seems also to be afflicted, and it is advisable that he should enter the hospital."

These three are of the 104 patients who are residents in this deserving institution and being cared for without money and without price. The sorry part of it is that the trustees are carrying a debt of something like \$40,000, incurred largely through the additions that have been made within the past year, and that have more than doubled the accommodation of the institution, together with the heavy cost of maintaining so large a number of free patients. Readers who desire to help this great charity may send their contributions to Mr. W. J. Gage, Chairman Executive Committee, 84 Spadina Avenue, or to the Secretary, Treasurer, 317 King Street West, Toronto.

DEATHS

Graphic. Miss Sarah Jamieson died very suddenly here last week. She was at the home of Mrs. J. M. Duncan took a weak turn and died within very few minutes. The body was sent to Kempt Road for burial on Saturday.

The body of the late Raymond Fairley who was accidentally killed last week, was received here last Friday and interred on Saturday.

The news of the death of Mrs. McAleese came as a great shock to her many friends in Campbellton. Deceased left here last fall for Lewistown, Maine, where she contracted pneumonia. She was removed to the hospital at Auburn, Maine, where she died after two or three days illness. Deceased was a woman of the highest character and attainments, and leaves to mourn her loss her husband at Athol, two daughters and two sons, Fred of the John Fensenden Co., and Carl, who is studying at Baltimore Dental college.

Rev. Mr. Coleman officiated at the funeral which was held on Wednesday.

DO YOU KNOW that 90% of the telephoned by Canadian farmers have been manufactured by us? We are proud of this fact, for we think you will agree with us that it is a guarantee that our telephones give satisfaction to the farmer, it was to satisfy the farmer that we spent \$100,000 in designing and developing our 1317 type Telephone Set, which contains the most up-to-date features of any telephone intended to meet the requirements of rural service. "How to Build Rural Telephone Lines" is the title of a most interesting and instructive book which we have just published and which we are pleased to send you FREE. It not only contains a full description of our telephones, but it also tells the complete story of the installation and construction of a Rural Telephone Company's system. With this book you have something definite to work on and can go among your neighbors and organize a community-owned system in your own locality. The book costs nothing, write and ask for Bulletin No. 786, and we will send it to you. THE Northern Electric AND MANUFACTURING CO. LIMITED MONTREAL TORONTO WINNIPEG REGINA CALGARY VANCOUVER
