Dear Mother—

I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.

All Canadians Home by End of August

Ottawa, July 23.—Apart from the thirty-eight hundred officers and men being brought to Canada by the Regina and the Winnipeg, the former due at Halifax today, there still remain in England, including soldiers dependents and unattached women, approximately forty-nine thousand Canadians who must be brought home before the task of demobilization is complete. Unmarried soldiers and officers still to be returned number ten thousand and married eleven thousand. Wives, children and unattached women swell the total to nearly 100,000.

Although the homeward movement of Canadians is not at present as heavy as formerly it will shortly be speeded up and it is anticipated that by the end of August the Canadians and their dependents will all be back in Canada.

Cold Storage Plants Contain Large Food Stocks

Ottawa, July 23.—That stocks of food products in cold storage on July 1, compare favorably with last year is shown by the report of the cost of Living Commission to the Minister of Labor concerning food in storage and process of cure in Canada on that date. Attention is drawn, however, to the export demand which is likely to be considerable. Attention is drawn, also, to a serious accumulation of fish. The report follows:

Butter and Eggs

Butter went into storage rapidly during the month of June, notwithstanding the high prices, and on July first we had 10,365,116 pounds of creamery and 1,000,634 pounds of dairy butter.

The oleomargarine in storage is only 412,594 pounds, which is, as usual, less than two weeks market requirements.

The cheese in storage amounts to 9,312,911 pounds.

Eggs are also coming into storage more freely than last year in spite of the high prices, but, apparently not so freely as two years ago. The stocks include 12,265,586 dozen in cold storage, 482,701 dozen on hand, other than the cold storage, and 533,738 pounds of frozen eggs.

Meats

The stocks of pork on hand, in process of cure and in storage, are just about equal to the average for the last two years.

The total stock on July first was 39,659,877 pounds. Of this, by far the largest part was in process of cure and not in cold storage at all.

The stocks of beef are 40.31 per cent, less than last month, but greater than normal at this time of year. The largest portion of the beef in storage is frozen, of which we have 15,737,658 to 1,768,810 pounds cured beef amounts to 604,173 pounds, and the quantity in process of cure is 39,972 pounds.

The stock of mutton and lamb consists of 1,537,807 pounds frozen and 102,80 pounds unfrozen. Comparative figures show the total to be twenty-seven per cent less than a month ago but forty-two per cent more than last year.

Poultry

The stock of poultry included 55,583 pounds broilers, 397,600 pounds chickens, 682,496 pounds fowl, 12,294 pounds ducks, 16,692 pounds geese, 192,985 pounds turkeys, and 151,159 pounds unclassified, making a total of 1,507,628 pounds. Comparative figures show this to be twenty-five per cent, less than last month, but 489 per cent more than last July.

Fish Accumulation

The fish in storage are accumulating seriously. The stocks in cold storage on July first were 20,357,445 pounds, and in addition there were 3,244,400 pounds on hand other than in cold storage. The largest holdings are on the Pacific coast although there are large stocks generally excepting in large cities.

The Northumberland County Liberal Convention was held in the Town Hall, Newcastle N. B. last Tuesday the 22nd inst.

Mr. D. J. Buckley, the president presided and Mr. Gordon Anderson in the absence of Mr. G. T. O'Brien was chosen secretary. The election of delegates to attend the convention at Ottawa resulted as follows: Jas. Robinson of Millerton, D. V. Allan of Neguac, and Dennis P. Sullivan of Renous, with W. B. Snowball, Dr. Ryan and Andrew M. Aisenau as alternates.

Messrs. D. J. Buckley and G. T. O'Brien resigned as President and Secretary, and Messrs. John W. Vanderboeck and W. A. Skidd, were chosen as their successors.

All men who supported the Unionist cause at the last election were again welcomed to the convention. The convention decided to agree on

one policy—that of reconstruction.

T. H. Whalen moved a resolution regarding the death of the late Sir Wilfrid Laurier which was seconded by Anthony Adams and carried by a unanimous vote.

Mr. Snowball, seconded by D. V. Allan, moved that a glowing tribute be paid to those who fought in the great war. This resolution was carried with enthusiasm. Speeches were made by Hon. John Morrissey and Andrew Aisenau.

The president regretted that no Unionist Liberals had been selected to attend the convention.

Mr. D. R. Moore said that the interests of the people were always promoted by the policy of the Liberal party. Dr. Moore spoke very highly of the Liberal party's work.

The executive were authorized to arrange to organize the country.

Baby's Great Danger During Hot Weather

More little ones die during the hot weather than at any other time of the year. Diarrhoea, dysentery, cholera infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. Baby's Own Tablets should always be kept in the house where there are young children. An occasional dose of the Tablets will prevent stomach and bowel troubles, or if the trouble comes and only the prompt use of the Tablets will relieve the baby. The Tablets are sold by medicine dealers or by mail at 20¢ a box from THE DR. W. H. BAKER MEDICINE CO. BROOKVILLE, ONT.

Interned Germans Shipped from Amherst

Amherst, N. S. July 23.—The Internment Camp presented a busy scene this morning when five hundred and fifty of the German prisoners, who have been in detention since the early stages of the war, boarded a special train for Quebec, from which port they will eventually embark for Germany. It was not generally known about town that the detachment was leaving today, and consequently a mere handful were on hand to witness the removal of the Huns. They were accompanied by a very orderly band of German soldiers and a few German civilians. The Germans and other alien prisoners were brought to Amherst in 1915, and represent sailors, marines and civilians. Austrians, Turks and Bulgarians are included among the number who have been detained at the camp, but those leaving this morning are Huns alone, composed of the crews of the Kaiser Wilhelm Der Grosse and other German ships captured on the high seas.

There are now left in the Internment Camp about 250 prisoners. It has not been announced as yet when the remaining number will be deported.
