### MUST GET SANCTION IN EXHIBITION GAME

#### Chatham's Game With Unregistered Newcastle Team Causes Stir

P. J. Legge, secretary of the M.P. B.A.A.U. of C., in a bulletin has proclaimed that all hockey teams wishing to play exhibition games with outside teams must obtain sanction from the Union for the game. This, he said was absolutely necessary in order to avoid all trouble. It was the duty of the home team, he said to secure the sanction.

As registered hockey clubs have been playing with Newcastle, which was not registered under the Union Mr. Legge said that all teams were warned not to play with the Newcastle club until the matter was straightened out. The action of the other teams playing with an unregistered team was against the Union rules, he said.

Chatham played with Newcastle recently and in so doing broke the rules. The captain of the Chatham team, in explaining the situation, told Mr. Legge that he unaware of the fact that Newcastle was not registered. It is up to the captain of the visiting team, Mr. Legge said to ask the captain of the home team for the sanction, and on his not being able to produce it, to refuse to play the game.

The difficulty he said would probably be adjusted during the next few days, as Newcastle had expressed a willingness to become registered.

### HEAVY COTTON CURTAILMENT

#### Many New England Mills Announce Big Cut in Running Time

A drastic curtailment in production has been ordered by many managers of New England cotton mills. The three mills of the Park Hill Manufacturing Co. in Fitchburg employing 1,500 will go on a three day a week schedule this week and the other Fitchburg mills on a four day basis.

A heavy curtailment has been ordered in the B.B. and R. Knight corporation mills in Providence, Woonsocket, Riverpoint; Arctic; Natick; Lippitt; Pontiac, Centreville; Jackson and White Rock, all in Rhode Island and at Hebronville, Dodgeville and Machaug, Mass. and in Connecticut. Four of the company's smaller mills have been shut down. The others are running three and four days a week. Taparack mill No. 1 of the Mansfield-Jenckes corporation of Pawtucket has been shut down and the machinery will be moved to a southern plant.

Fall River, New Bedford; Lowell; Lawrence and other points are also curtailing the output.

### Winter Weather Hard On Little Ones

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to over heated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**Cause of Early Old Age**  
The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine. When your stomach digests food properly it is absorbed without forming poisons in the blood. Poisons bring on early old age and premature death. 15 to 30 drops of "Sclipt's Syrup" after meals makes your digestion sound."

With every available inch of her cargo space crammed with foodstuffs and a capacity stock of ships stores, sufficient to replenish the supplies of the Empress of Canada and the Empress of Australia, on relief duty off the Japanese coast; the Canadian Pacific S.S. Empress of Russia was the first relief ship to arrive. She carried consignments of flour, canned milk and canned salmon amounting to 350 tons, from the Canadian government. The British Columbia branch of the Canadian Red Cross sent twenty tons of canned milk and fifty tons of other canned food-stuffs, while the Vancouver Japanese Association contributed an initial shipment of fifty tons of flour for their famine stricken countrymen.
