BROTHERHOOD MOVEMENT

The story of the Brotherhood Movement is one of the most romantic in the social and religious world of our times.

In 1875, John Blackam of West Bromwich, England, began what were known as "Pleasant Sunday Afternoon Classes." These aimed to provide bright, interesting, religious services for the great number of men who did not usually go to church.

As members of the British Brotherhoods emigrated or travelled they carried the Brotherhood seed to many lands. Societies were formed and in most cases flourished. An international Congress was planned to take place by the war. It seemed that the Brotherhood idea must perish in the struggle of 1914-18.

SPRING FEVER

Following Colds, Grip or Flu, Thin, Watery or Poisoned Blood

(BY DR. VALENTINE MOYR.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery is a standard remedy that can be obtained in tablet or liquid form.

TILLSONBURG, Ont.—"Ever since I can remember Dr. Pierce's medicines were used in our family at home and they never failed to give good results. The 'Golden Medical Discovery' was used as a tonic and blood purifier and for bronchial trouble and it proved excellent. I have personally taken it for bronchial trouble and the 'Favorite Prescription' to build me up when I was run-down and they were both very beneficial."—Mrs. CLIFFORD MITCHELL.

was revived. The leaders of the Brotherhood Movement came to Canada to confer with the Canadian Brotherhoods. So great was the enthusiasm shown in the Dominion that the leaders went back to England resolved that the dream must become a fact.

In September, 1919, the World Brotherhood Congress was held. Representatives of more than twenty nations were present and addresses were given by David Lloyd George, Lord Robert Cecil, the Bishop of London, Dr. Clifford and many other eminent men.

To interest the men of Canada in this Congress and to strive to foster brother-feeling between England, Canada and the U.S.A., brotherhood leaders are coming from the old Country and will speak in various churches throughout the Dominion.

One of the most attractive services rendered by the Brotherhood Movement is that of providing relief to the war stricken countries of Europe. For some time Belgium and France received the greater part of this help but for the past two years the war orphans of Serbia have been taken care of. A home in England was founded and a number of children cared for there. Recently it has been

Chateau de Ramezay One of Montreal's Historic Relics

The running of the sands of time since can give the proper perspective and value to historic buildings. Societies spring up to preserve these relics of the past.

Perhaps the most famous of these monuments of the past in Canada is the Chateau de Ramezay in Montreal, which has remained almost untouched since the days of the old French regime. It was built in 1745 by Selgneur Claude de Ramezay, eleventh governor of Montreal.

Here he kept open house with his wife, whose hand was the reward of his militant sortie with 800 men in aid of Quebec, in 1690, when the Count de Frontenac, governor of Canada, landed off the English fleet of Sir William Phipps.

The Chateau stands in what was once the fashionable part of old Montreal amid mansions and gardens that merged into the neighborhood forests. Today the lanes of Montreal have forsaken the busy waterfront and climb their charming

garden still clinging to them, up the slopes of Mount Royal. From the days of de Ramezay the Chateau has been the scene of many historic assemblies. Its roof sheltered not only the governor-generals, their suites of fair women and brave men and their illustrious guests, but fur traders, scouts, militia leaders, and Indians.

In 1745 it passed into the hands of the Campagnie des Indes and as India House became the centre of a great fur trade, filling this picturesque and important role for nearly twenty years.

In 1763, after the cession of Canada, it was again the residence of the governor, and invitations to receptions held there during the following century are still in existence. The Chateau was headquarters for the army of the Continental Congress in its fruitless effort to hold Canada for the thirteen colonies.

After Benedict Arnold failed in his attempt to retake Montreal and decided to institute educational farms in Serbia itself and this has already begun.

KNIFE ON CORNS CAUSES LOCKJAW

Tells How to Loosen a Tender Corn So It Lifts Out Without Pain. You reckless men and women who are pestered with corns and who have at least once in a while invited an awful death from lockjaw or blood poison

are now told by a Cincinnati authority to use a drug called Freezeme, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all lifts out with the fingers.

It is a sticky substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

The War's Aftermath

Through no fault of their own, six million people, 800,000 of whom are children, are starving to death in Eastern and Central Europe.

Canadians, red-blooded, charitable, humanitarian Canadians of every religion and creed, are asked to join in saving these human lives and in remedying the horrible conditions that now exist.

Here is a Situation where Race, Creed, Nationality---- Nothing Counts Except Humanity

Hunger knows no armistice. Will you, for humanity's sake, help to send relief? Newspaper reports, confirmed by the stories of eye-witnesses who have returned to Canada, have brought into being a Dominion-wide organization which has set one million dollars as Canada's share in a great relief campaign.

Your own individual help is needed to-day as it never was needed before.

Representative men and women in this community will call upon you for a subscription. Let your response be in the measure of your gratefulness that your home is safe—that you and yours live in a land of plenty.

HERE ARE THE FACTS:

\$200 will save one child's life for a whole year. \$20 will feed one little girl for a month. 25 cents will buy a boy more food than he has had at any one time during five years. One change of clothes may save a boy or girl from the terrible typhus epidemic which is raging now in Eastern Europe. Poland is crowded with children of eight or ten years old, no larger than infants of a few months, who cannot walk because of lack of food. There are hundreds of thousands of children in Poland, Palestine, Czecho-Slovakia, Lithuania, Rumania, Siberia and the Orient left helpless and homeless by the war. Thousands of them, unable to get in to the already overcrowded orphanages, beg on the streets by day and sleep on the streets by night. And this, but for the Grace of God, might have been the plight of your own little boy or girl.
