### At the City Hall.

The weekly session of the Council Board was held yesterday afternoon. Mayor Ellis presiding.

The Colonial Secretary wrote saying he would bring the Council's application for a loan of \$55,000 before the Executive Council.

A letter was received from the Prime Minister enclosing a petition from the Cabmen's Union addressed to the Legislature. The Prime Minister suggested that a conference take place between the Council and Legislature members of St. John's East and West. It was proposed by Councilor Ryan and seconded by Councilor Conker that the Conference be granted and it was carried.

The Premier also asked for a report on the amount of silt in the Coves. It was referred to the Engineer, who will also enquire into sewer complaint of Mr. C. Ellis, of Patrick Street.

Messrs. Morris and Dunfield asked compensation for damages to property belonging to Mr. J. Condon, on Pennywell Road. Referred to Engineer.

Tap will be removed near sexton's house at C. of E. Cemetery.

The Secretary of the Longshoremen's Union wrote on behalf of sanitary men re increase of wages. A petition for increase was also received from Water Department employees. Both matters will be dealt with next week at a special meeting.

As to the extension of sewerage on Merrymeeting Road the Engineer will give an estimate of cost.

The Engineer will also enquire into Mr. E. Elsbury's request for compensation for land taken.

Mr. Butler, Pennywell Road, asked permission to erect a fence. A plan of dwelling house on Robinson's Hill was submitted by Mr. J. Evans and was approved of. A number of persons applied for sewerage connection under house regulations. The requests were granted and tenders will be called for the work.

Engineer Ryan will report into the erection of a store by Mr. J. Embery at back of house.

Mr. P. Mullaly was given permission to repair houses on Water St. West.

Timekeeper Ryan wrote asking for increase of pay. Matter deferred.

Mr. W. Brennan, George Street, was given permission to make covering for his vehicles.

McMurdo's Lane will be cleaned up. Boxes which contained refuse and which were placed in the lane heretofore will be prohibited.

Inspector Dwyer will report as to the dumping of night soil on Long Pond Road and the removal of garbage from Coronation Street.

Councillor Mullaly made a strong protest as to the absence of the Supervisor from meetings when his presence was required to give information as to such grievances. In future he must report on all matters referred to him.

Councillor Mullaly asked that fish market be placed at the rear of T. J. McCarthy's place, Water Street West. The place is small and must be dredged later. The Engineer will examine the locality and report as to its suitability for a market. The sanitary committee will look to a more improved method of emptying the dust and garbage receptacles on Water St. The meeting closed at 6 p.m.

### Dr. Wakefield Promises Reply.

Dear Sir.—In accordance with the natural desire expressed recently in your paper to know my reasons for warning persons against patent medicines in my lectures, I hope shortly to reply. I find, however, that it will take a little time to obtain confirmation of certain statements I intend to make (if confirmed). I must therefore ask you to forgive the delay, and to believe that it is not due to any laxity or discourtesy on my part, but solely to the fact that I must have incontrovertible proof for every statement I make. I am, yours sincerely, A. W. WAKEFIELD.

St. John's, May 10th, 1912.

### It All Started With La Grippe.

AND THE CURE WAS QUICK AND SURE WHEN HE USED DODD'S KIDNEY PILLS.

Aged New Brunswick man tells how his Diabetes and Bright's Disease vanished before Dodd's Kidney Pills.

Lower Abouggogin, Westmoreland Co., N.B., May 10.—(Special).— "I had a severe attack of La Grippe, which developed into Diabetes and Bright's Disease, but Dodd's Kidney Pills cured me. Yes, I am seventy years old, but I am in good health again and I hardly need to tell you I am well satisfied with Dodd's Kidney Pills."

Such is the story of Damien Boudreau, one of the oldest and most highly respected inhabitants of this place. It shows what a boon Dodd's Kidney Pills are to the old folks. They cure the Kidneys, clear the dregs of disease out of the blood and make the old feel young.

Dodd's Kidney Pills cure the Kidneys. Good Kidneys mean that there can be no impurities left in the blood. And the man whose blood has good pure blood can laugh at nine out of ten of the ills to which the flesh is heir. They are the one sure cure for all diseases of the Kidneys and all diseases such as Rheumatism, Backache, Lumbago and Heart Disease, which are caused by impure blood.

### "I Shall Tell My People."

Special to Evening Telegram. NEW YORK, To-day.

Universal peace was advocated last night by the Premier of Newfoundland at a dinner to celebrate the hundredth anniversary of peace among the English-speaking people. Harmony between Britain and the States, Sir Edward said, is the best assurance of world-wide peace. Every effort which tends to bring together the two great nations which constitute the English race should be strengthened. When I get back home I shall tell my people of your friendly feeling and ask you to continue this work which, when completed, will mean universal peace. John A. Stewart presided. Among the guests present were Walter Bennett, British Consul-General, Mrs. Bennett and Lady Morris.

### Millions of Folks Use Only Cascarets

They never have Headache, Billoiness, Sluggish Liver or Bowels, or a Sick, Sour Stomach.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish intestines—you always get the desired results with Cascarets, and quickly too.

Don't let your stomach, liver and bowels make you miserable another moment; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, grassy stomach, backache and all other distress; cleanse your inside organs of all the poison and effete matter which is producing the misery.

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a good, gentle, cleansing, too.

### An Affecting Meeting.

Special to Evening Telegram. LONDON, To-day.

An interesting meeting occurred after the vote on Home Rule in the Commons on Thursday evening, when Redmond went into the ladies' gallery for his wife who had sat through the debate, and while there he introduced to the widow of Lord Frederick Cavendish who was assassinated in Phoenix Park, Dublin, in 1882 while occupying the office of Chief Secretary. This was the first time the Irish Leader had ever had spoken to Lady Cavendish. She congratulated him on the result of the vote in favor of Home Rule and expressed her delight at having been present in the Commons to witness the triumph of a cause in which she took an abiding interest.

### Heart or Gas Meter?

"Children," said the minister, addressing the Sunday School, "I want to talk to you a few moments about one of the most important organs in the whole world."

"What is it that throbs away," he went on, "beats away, never stopping, never ceasing, whether you wake or sleep; night and day, week in and week out, month in and month out, year in and year out, without any volition on your part, hidden away, as it were, in the depths of your body, throbbing, throbbing rhythmically all your life long?"

And during the pause of oratorical effect came a small voice—"The gas-meter."—Selected.

### On Board H. M. S. Neptune.

Special to Evening Telegram. WEYMOUTH, To-day.

King George spent the day on board the battleship Neptune, which headed the first and second squadrons of the fleet out into the Channel for gun practice and battle manoeuvres. The weather continued hazy but the two battle squadrons were able to carry out gunnery practice 15 miles out at sea, and during the afternoon the roar of big guns was audible here and windows rattled under the concussion. His Majesty experienced as near war conditions as possible in time of peace.

### Farmer Ruby Writes on Lime.

Editor Evening Telegram.

Dear Sir,—With your permission, I will reply to the letter signed Farmer, of May the 7th. He challenges me to reply to him scientifically or to keep silent. My reason for replying to this anonymous writer is that he is trying to mislead the farmers, unknowingly. I presume, by telling them that lime is only a stimulant like whiskey and not to use too much, but

he omits to tell us what quantity would be too much. That is very poor teaching. If lime is only a stimulant, how is it in a report from the Rothamsted Experimental Station they give credit to the fertility of the soil in some parts of England to lime that had been applied one hundred years ago. How can you compare that with whiskey? You can name no other fertilizer that will show its effects for a hundred years. The clover and alfalfa will thrive on it and take the nitrogen from the air and store it up in its roots for the next season's crop.

From a manual point of view the necessities of plant life are nitrogen, phosphoric acid, potash and lime, and unless a sufficient supply of each of these elements be present good results are not to be expected, since the lack of any one of them prevents plants assimilating the others profitably.

If the writer wants to continue this discussion on lime, please write over your own name. If not, I am done with the matter.

Yours truly, S. RUBY.

### No More Paring on 50,000,000 Corns

Some time ago a chemist discovered how to completely end a corn. He made a wax—

The B & B wax—which forms the heart of a Blue-jay plaster.

This little plaster has since then removed fifty million corns. It is applied in a jiffy, and the corn

pain ends at once. Then the B & B wax gently loosens the corn. In 48 hours the whole corn comes out, root and all.

No soreness, no discomfort. You feel nothing at all.

People who pare corns get just a few days' relief. To get it they run the constant risk of infection. The millions who use Blue-jay never suffer or wait. They get rid of the corn in two days.

Get Blue-jay and prove it, as they did.

A in the picture is the soft B & B wax. It loosens the corn. B protects the corn, stopping the pain at once. C wraps around the toe. It is narrowed to be comfortable. D is rubber adhesive to fasten the plaster on.

### The Thankless Job.

By WALT MASON.

There's nothing but tears for the man who steers our ship o'er the troubled sea; there's nothing but grief for the nation's chief, whoever that chief may be. Whatever he does, he can hear the buzz of critics as thick as flies; and all of his aims are sins and shames, and nothing he does is wise. There's nothing but kicks for the man who sticks four years to the White House chair; and his stout heart aches and his wishbone breaks and he loses most of his hair. There's nothing but growls and the knockers' howls and the spiteful slings and slams; and the vile cartoons and the dish of prunes and a chorus of tinkers' anathemas. Oh, ye humble skates in our low states, who fuss with our garden sassa, should view the woes of the men who rose above and beyond the mass, and be glad to-day that we go our way mid' quiet and peaceful scenes; should thankfully take the hoe and rake, and wrestle with spuds and greens!
