## Foster on Reciprocity.

Special to Evening Telegram.  
LONDON, To-Day.  
Premier Borden and his colleagues visited the Colonial Office and the Admiralty and War Office, making a brief stay at each place. Hon. Mr. Foster's speech was listened to with close attention. He declared historical teachings and political tendencies are all towards unity, whether they be preferential or not. They must agree that that operation had taken place whether it was recognized as such or not. Overseas Dominions had cast grappling hooks on preferential trade, on the vitals of the United Kingdom, and compelled a greater inflow of trade and commerce. "We are not foreign," said Mr. Foster, "and do not wish to become such. There is but one source of sovereignty, and Canada at least is not one to surrender the bond which makes sovereignty common to us all. We are complements each to the other, and if ever there was a decree of reciprocity promulgated from a Higher Power, it was promulgated between this Old Country and the States of the Empire."

LITTLEDALE GARDEN PARTY.  
Smithville, Wednesday next. Entries for sports must be made at C. J. Ellis' Tailoring Store before noon of Tuesday. No entrance fee. Prizes: Gold and Silver Medals. — July 6.

## Forest Fire.

A forest fire raged at Bell Island on Wednesday night last. It started near where the Chamberlain plant is situated, and reached such serious dimensions that the whole of Wabana was threatened and the Dominion Co. men were up all night fighting. They succeeded in subduing the flames but not before a considerable area of the forest was destroyed.

The s.s. Euphrates sailed this morning with a full cargo for Bell Island.

## Attempted Murder Political

Special Evening Telegram.  
HONG KONG, To-Day.  
The attempt on the life of the Governor of Hong Kong proves to have been political. A Chinaman has been arrested at Kowloon with documents in his possession addressed to a wealthy powerful secret society of Canton regretting the failure of the attempt. It is believed the Manchou leader's flat will bring about intervention by a foreign nation. It is reported the Governor is the first of the officials doomed to death. Among other marked men was the British Consul at Canton, whose turn was to come second.

He will consequently make another trip to the new future.

The officers of the French Line of Steamers to-day decided to join the seamen and strikers. This completely paralyzes the mail service of the Mediterranean. Additional deliveries have been requisitioned to carry mails, but the interruption in the service is causing great loss to forwarders of perishable merchandise, especially, fruits from Algeria and Corsica. All docks here are guarded by the military.

Special Evening Telegram.  
LONDON, July 5.  
A forecast of the report of the Titanic enquiry was printed to-day in the Daily Mail. Capt. Lord of the Californian, will be severely censured. Personal issues will be avoided, as far as possible, and Bruce Ismay and Sir Cosmo and Lady Duff Gordon will be dealt with leniently. No specific recommendations will be made with reference to bulkheads, which is now a subject of scientific enquiry. The discipline among the crew will be commended as necessary during panic, and the use of wireless night and day, as well as searchlights will be insisted upon. No censure of the White Star Line for insufficient boats is expected, because of accepted expert opinions during the hearing, though full boat accommodation in the future will be urged. No charge of negligence will be attached to Capt. Smith, except that he was guilty of an error of judgement.
