**LONDON, July 30.**  
The Ambassadorial Conference yesterday settled the status of the new Albania. A Prince will be nominated as its ruler, six months hence. Meanwhile a commission of control, composed of one representative of each Power, will organize an administration with the aid of a Swedish officer-gendarmier. The Conference did nothing officially as to coercing Turkey, and as the strongest feeling is being manifested at indignation meetings throughout India against any attempt to drive the Turks from Adrianople, it is not likely that the British Government will be anxious to initiate coercion.

**LONDON, July 30.**  
The St. Petersburg correspondent of the Telegraph says that Czar Nicholas, attired as a rifleman, with the usual rolled-overcoat, pouches with 120 rounds of ammunition, trenching spade and ration bag altogether weighing 84 lbs. exclusive of rifle, the full outfit of an infantry private, marched up hill and down dale for seven miles, saluting the officers whom he met on the way. No one apparently knew his identity until next day, when he entered himself on the regimental roll as Nicholas Romanoff, married, orthodox faith, coming from Tsarskoe Selo.

**LONDON, July 30.**  
The Greeks are still operating by sea and land. Bulgarians who were defeated at Kresna Pass turned upon the pursuing Greeks and furious fighting occurred. Thrice the Greeks were ejected from their positions. Both sides suffered heavily. Under cover of darkness the Bulgars retired first setting fire to Djuma which the Greeks later re-occupied. It is said that there is now not a single Bulgarian soldier in Macedonia except prisoners. The Greek fleet has occupied Port Lagos.

**CALGARY, July 30.**  
Soldiers watched the Dominion Land Office all night, to prevent a recurrence of rioting among those who would file oil leases in the Okotoks district. Rival contingents fought for places in the line yesterday morning. One crowd was jockeyed on their position, but the victors found they were one day too early for filing. Both crowds were again in line last night.

**HALIFAX, July 30.**  
The s.s. Beothic returned here this morning, under her own steam from North Sydney, where Lloyds' Surveyor Saunders had inspected her. Capt. Falk said his ship was slightly damaged. Divers report one hole. The steamer will go into dry dock without unloading any supplies. Repairs will be completed in two or three days, when she will resume the voyage to Hudson Bay.

**CONSTANTINOPLE, July 30.**  
The Russian fleet, which has been cruising near the Bosphorus, was to-day making soundings in Szougolli harbor, 150 miles from Constantinople in Asian waters. The populace of the capital were greatly excited but the news made no impression on the officials who declare that considerably more than a naval demonstration will be required to induce the Porte to abandon Adrianople.

**SAN FRANCISCO, July 30.**  
A story is related here by John McLean, employee in the States Quartermasters' Department, who arrived from Manila by the steamer Peris. He says 195 women and 340 children were killed in one day's fighting, two thousand Moros altogether being killed by General Pershing's soldiers. When the Moros saw that the battle was lost they held their women and children in front of them, as shields, whilst fire from rifles and machine guns mowed them down in scores.

### Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer.

Sulphate of Ammonia contains over 20 per cent of nitrogen, as against 15 per cent in Nitrate of Soda, and is therefore more than 25 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously of late years and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled, and the growth of late crops stimulated. We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application.

The price of Sulphate is moderate, and our terms are accommodating.

### Headaches and Heart Trouble

**Nervous Prostration of Three Years' Standing Cured a Year Ago by Dr. Chase's Nerve Food.**

Anyone who knows the discouragement and despair which accompanies the helplessness of nervous prostration will appreciate the gratitude felt by the writer of this letter.

Mrs. H. C. Jones, Scotch Lake, C. B., writes: "I suffered from nervous prostration for nearly three years. I had frequent headaches, had no appetite and was troubled with my heart. After consulting two doctors, without obtaining satisfactory results, I began the use of Dr. Chase's Nerve Food, and was completely cured by this treatment. It is nearly a year since I was cured, and I thank others to know of this splendid medicine. I now attend to my housework with pleasure and comfort, and am glad to have the opportunity of recommending Dr. Chase's Nerve Food."

At least some benefit is bound to be derived from the use of this great food cure, as day by day it forms new blood, and builds up the system. It costs a box, \$ for \$2.50, all dealers, or Edgman, Bates & Co., Limited, Toronto.
