R. H. Gaitman Sold at all dealers in 25 and 50 cent boxes or mailed by The Fig Pill Co., St. Thomas, Ont.

Outstripping Australia How completely Canada has outstripped Australia is revealed by the census totals of the commonwealth now announced. The population of the island continent is \$4,449,495, an increase of just 750,000 in the last ten years. The Canadian figures for the same period will, it is expected, show a growth of at least two and a half millions, with a total population in the neighborhood of eight millions."

Children Cry FOR FLETCHER'S CASTORIA

O'Connell's and you will soon have your health and strength as in the olden days. E. A. O'Connell sells a month's treatment for one dollar, or we will mail you a bottle prepaid on receipt of price. B. V. Marion, Bridgeburg, Ont.

Indeterminate Sentence.

There is much good in the indeterminate sentence plan, which, it has been suggested at different times, might well be incorporated in the Canadian judicial system. A man serves a month in jail for assault, he gets out, is straited for another assault, he goes back to prison for three months. What reason is there to believe that when he is again free he will have learned the lesson of law and order?

Why Long Hair.

As an example of circumstances and fact, a few weeks ago a woman who was called on to address a audience of actors. Alluding to the better social status of the players the clergyman said that in former days it was sometimes customary to brand them as vagabonds and bore a hole in their ears with an awl, that the citizens might thus be warned. "And who knows," the clergyman added, "but that it is a survival of an endeavor to hide this mark of indignity that causes some of the actors even to-day to wear their hair long?"

A MODERN MIRACLE

He had Eczema 25 years and Doctors said "No Cure"

Yet Zam-Buk has worked complete cure

This is the experience of a man of high reputation, widely known in Montreal, and whose case can readily be investigated. Mr. T. M. Marsh, the gentleman referred to, lives at 101 D'Arromier Avenue, Montreal, and has lived there for years. For 25 years he has had eczema on his hands and wrists. The disease first started in red blotches which itched, and when scratched became painful. Bad sores followed, which discharged, and the discharge spread the disease until his hands were one raw, painful mass of sores. This state of affairs continued for 25 years.

In that time four eminent medical men tried to cure him, and each gave up the case as hopeless. Naturally, Mr. Marsh tried remedies of all kinds, but he, also, at last gave it up. For two years he had to wear gloves day and night so terrible was the pain and itching when the air got to the sores.

Then came Zam-Buk! He tried it, just as he had tried hundreds of remedies before. But he soon found out that Zam-Buk was different. Within a few weeks there were distinct signs of benefit, and a little perseverance with this great herbal balm resulted in what he had given up all hope of—a complete cure! And the cure was no temporary cure. It was permanent. He was cured nearly four years ago. Interviewed the other day, Mr. Marsh said:—"The cure which Zam-Buk worked has been absolutely permanent. From the day that I was cured to the present moment I have had no trace of eczema, and I feel sure it will never return."

If you suffer from any skin trouble, cut out this article, write across it the name of this paper, and mail it, with a one cent stamp to pay return postage, to Zam-Buk Co., Toronto. We will forward you by return a free trial box of Zam-Buk. All druggists and stores sell this famous remedy, 50c box, or three for \$1.25. Refuse harmful substitutes.
