Hundreds of depesitors have been ruined, and the Peo-ple's Savings Bank, a small concern, and two large comercial houses have failed in consequence of the collapse of the Credit Bank.

DOESN'T PAY. LONDON, March 7.—The estimates submitted to the House of Commons for the operation of the British postal telegraph department for the year ending March 31, 1895, shows a growing deficiency. The actual deficiency for the previous year was \$2,400,000. This amount included \$1,500,000, the anual interest charges on stock credit for the purchase of telegraphs. The deficit of the current year, including the same charges, is estimated to be \$2,700,000, or an increase of \$300,000, although the gross receipts from telegraphs are expected to show an increase of \$450,000.

STUBBORN STAND. LONDON, March 7.-A telegram from Tokio confirms the report of the capture of the city of New Chwang by the first army, under Gen. Nodzu. The old town of New Chwang was taken by assault after thirteen hours of hard fighting, the Chinese offering a stubborn resistance. Within the town itself 1.880 Chinese were killed, and 500 surrendered. Large quantities of war material were captured, including sixteen cannon. The Japanese last 206 killed and wounded.

A later dispatch from the front says that at 8 o'clock on the morning of March 4 a force of 10,000 Chinese, under Gen. Lung, advanced upon Taping Shang, but were repulsed by the fire of the Japanese artillery. The Chinese retreated before noon. The Japanese

sustained no loss. THE OTHER SIDE OF IT. LONDON, March 7 .- Sir Ellis Ashmeade-Bartlett, M.P., has sent the Pall Mall Gazette a copy of a letter which he addressed to the Daily Telegraph concerning the recent news from Armenia.
On Feb. 28 the Telegraph printed a "special dispatch," dated Moosh, Feb. 27, and supposed to have been sent to

correspondence. No person could get from Moosh to Kars in three days, especially at this time of the year. He challenges the Telegraph to submit the original telegram to three independent

experts in his presence.

He cites also an instance in which the Telegraph, on the 11th, printed a Turkish dispatch, purporting to have left Moosh on the 10th. Sir Ellis says he has taken these steps to expose the facts because he believes there is a mischievous conspiracy in progress to vilify and njure Turkey, regardless of the truth. Sir Edward Grey, Under Secretary of the Foreign Office, has promised to com-municate the telegraph dispatch dated Feb. 27 to the British member of the commission of inquiry, that he may re-port on its credibility.

CANADIAN CLAIMS ON BERING SEA MONEY.

LONDON, March 7.—In the House of Commons today Mr. Henry Gardner, President of the Board of Agriculture. promised that the Government would make an inquiry into the alleged packing of diseased ment in Chicago for export to England.

Sir Edward Grey, Under Foreign Secretary, replied to the questions asked by Sir Richard Webster yesterday as to what steps the Government proposed taking in regard to the settlement of claims for seizure of sealing vessels in Bering Sea, in view of the growing dis-satisfaction in Canada at the delay. Sir Edward said it was a fact that the arbitration commission had decided against the United States upon the legal question of the seizures, and it was also a fact that the House of Representatives in Washington had rejected a proposal to appropriate money for compensation for sealers whose vessels had been seized. No representations, he said, had as yet been received from Canada in regard to the matter. Secretary Gresham had informed the British Minister at Washington that the United States Gov-ernment was ready to resume negotiations, but that the matter must be submitted to the Senate and confirmed by a two-thirds majority of that body. This the Secretary said could not be done until the Senate resumed its sessions. Secretary Gresham expressed his own deep regret and that of President Cleveland at the unexpected position of af-fairs and the impossibility of prevent-ing the unfortunate delay in discharg-ing the obligations of the United States respecting these claims.
Sir George Baden Powell asked if

in the event of the United States not paying these claims for some time the Government would advance the required sum to the sealers.

Mr. Sydney Buxton answered that the Government must consider that ques-

### ELGIN ASSIZES.

It Took Four Hours to Secure a Jury-An Effecting Scene in Court.

ST. THOMAS, March 7.- The case of the Queen vs. Wm. Bell occupied the attention of the court this forenoon. The prisoner is charged with criminal assault on Mrs. G. Smith. The prisoner and the victim's husband were both teamsters, and were both intoxicated on the night when the alleged crime was committed. Bell locked Smith in a barn and went into Smith's house, pretending to be the victim's husband. After 45 minutes' absence the jury re-

turned a verdict of not guilty, and the prisoner was discharged. The judge in discharging him said the jury had taken a merciful view of his case, and that whether guilty or not guilty he would profit by the lesson and abstain from the use of intoxicating liquors. Had it not been that the husband of the prosecrutrix and himself were drinking together the charge would never have together the charge would never have

been laid against him.

THE MURDER TRIAL.

W. D. Welter and John A. Hendershott were placed upon trial for the murder of Wm. Hendershott on Dec. 14 last. The prisoners looked more at ease than when they were first arraigned, and took their place in the dock with great composure.

The work of empaneling a jury occupied over four hours, and was not finished until the time for adjournment had arrived.

The courtroom was filled long before the hour of opening the court, and the guards at the bottom of the stairs during the afternoon turned away hun-

An affecting scene was created just after the court adjourned by Rosa Hendershott, daughter of the prisoner Hendershott, who ran to her father, and throwing her arms around his neck, clung to him for some moments, weeping bitterly.

Mr. Osler will give his opening address at 9:30 tomorrow morning, after which the evidence will be proceeded with at

### THE CUBAN REVOLT.

cided to support his demand.

The former story of the Armenian massacre was told with some additions as to the slaughter of 360 Armenians by Turks and the packing of the bodies in a pit. Sir Ellis says that some additions is radically wrong with this boarded.
