BRANT.

A daring robbery is reported at the village of Ids, about three miles south of Mount Pleasant. The general store of W. H. Lough was visited by thieves, who gained an entrance through the front door by bursting it open. They then drilled a small hole in the combination sale, through which some explosive was poured, which worked the safe badly. There happened to be no cash in the safe, but they got some very, valuable notes and papers, which they tore up. They then took some watches, jewelry, etc., which will amount to about \$50 or \$100. The work was so well done that no person heard them. There is no clue whatever to the burglars.

BRUGE.

A peculiar incident occurred in Bruce recently, says the Paisley Advocate. As young man named Glichrist, son of Neil Glichrist, so

paintul, is not serious.

ESSEX.

Several robberies have been committed near Oxley. Thos. Bell had his barn broken into and some 40 bushels of wheat taken. George Pearse had his stable entered and several bags of feed stolen, while George Hubbell had a quantity of corn taken. The thieves made two unsuccessful attempts to get into Walter Grubb's barn, but were detected by his hired man. Ald. S. T. Reeves, of Windsor, recently waited upon Sir Adolphe Caron and Hon. Mr. Patterson and presented the petition of the mayor and council of that city asking that letter-carriers be appointed to serve the business portion of that place. The petition was promised early consideration.

One of the most extraordinary litters of pigs ever heard of was that borne by a Chester White sow belonging to James Johnston, of lot 6, in the half-mile strip, township of Derby, week before last. The litter consisted of 42 healthy little pigs, all of which were alive up to the time we received the information. As nature has not provided the mother with means of caring for such a brood, Mr. Johnston came to town to procure bottles to aid in furnishing them with the necessary nourishment.

HURON.

The curious case of a wife suing her husband for \$10,000, and the two living together happily, comes from Zurich, a little village in Huron county. Mrs. M. A. Hardy, of that place, is suing her husband, E. J. Hardy, to recover the above value in property. She claims that it was part of her father's estate but was wrongfully given to her husband by the executors.

John Campbell, son of Dr. Campbell, of Seaforth, died in Philadelphia the other day of typhoid fever. Deceased had been attending college in Philadelphia.

KENT.

The Kent deputation at Ottawa waited on the Minister of Militia and asked that the 24th Kent Battalion be revived. It is likely that the request will be granted.

In the House of Commons the other night Hon. D. Mills brought up the question of obstructions to navigation in the Sydenham River, which he said the Government should remove. The Sydenham, he said, has the greatest amount of traffic of any river in Canada, the St. Lawrence alone excepted. Obstructions exist, and he called the attention of the Government to them and asked that immediate action be taken.

McCabe for the bravery shown on the occasion.

The not unexpected announcement of the death of Mrs. Charles Howell is learned with regree by many triends. Her illness was long and serious. The funeral took place from the residence of her father, George Thomas, to St. John's Church, thence to Lakeview Cemetery. Rev. Pt. Spencer preached a very sympathetic sermon in the church. The six brothers of the deceased acted as pallbearers.

Light for Those in Trouble.

Two of the most distressing and obstinate troubles of the day are bronchitis and asthma. Thousands in our midst find life a burden owing to these afflictions, and many have spent vast sums of money seeking a cure.

burden owing to these antictions, seeking a cure.

Experience has amply proved the fact that there is but one reliable and trustworthy remedy for bronchitis and asthma. This great preparation is known as Harvard Bronchial Syrup, which emanated from the great Harvard University.

This marvelous prescription gives instant relief to the sufferer; it causes breathing to be easy and natural, and gives the sufferer a freedom from all pain and difficulties, so that he is enabled to get refreshing and enjoyable sleep. The healing and strengthening powers of Harvard Bronchial Syrup is always effected.

We strongly urge the necessity of a trial of this celebrated remedy by all efflicted with bronchitis and asthma. One 25-cent bottle will assure the sufferer that he has made a wise choice.

The Ladies' Companion, published at 168
King street west, Toronto, is a new 32-page monthly magazine, and one of decided merit. It is printed on very fine heavy paper, amply illustrated with fine cuts specially gotten up for it, and is, mechanispecially gotten up for it, and is, mechanispecially gotten up for it, and is, mechanispecially gotten up for it, and is, mechanically a gem of the printer's art. It is well written and contains much that is calculated to interest and benefit the ladies. The current number has as a frontispiece a life-like portrait of Madam Chapleau, the beantiful wife of the Lieutenant-Governor of Quebec, with that lady's autograph. Also a portrait of and an interesting sketch concerning Mrs. Dr. O'Connor, the first lady within the British Empire to fill the office of chairman of a collegiate institute beard. Literature, home-life, fashion, etc., are treated of, and all the matter appears to have been prepared and chosen with excellent judgment.

the Market Entidings.

No. 3 committee went through a good deal of important business last night, consisting of fire estimates, supplies, etc. There were present: Ald. F. J. Fitzgerald (chairman), Stevely, Pritchett, Scarrow, Heaman, Jones and Secretary Béll.

The matter of John Sussex, who was charged with violation of the city bylaws by erecting a frame building within the fire limits, was brought up. The building was erected on York street, next to J. Tune & Sons'. Mr. Love appeared for Mr. Tune and urged the committee to order the removal of the building. The engineer will prepare a report to be submitted to the council.

The report of the license inspector stated the effort of the street of the state of the council.

Tune and urged the committee to order the removal of the building. The engineer will prepare a report to be submitted to the council.

The report of the license inspector stated that \$409 had been paid in. The inspector was notified to Issue notices that all licenses must be paid by April 1.

Applications from W. Frume and W. L. Berry for electric lighting were read. Laid over.

H. H. Gore applied for permission to exhibit a fence on the market. Granted.

The market clerk's report was read. It complained of several defects in the market buildings. The first four clauses were referred to the engineer, and the last clause referring to a crowd of disorderly boys who congregate on the market, was referred to Mr. Wilson to prosecute them.

Several applications for positions on the fire brigade were laid over.

Inspector Bell submitted his report, recommending the committee to call for tenders and asking to be relieved of the duties connected with the relief wood. It was decided to ask dealers in the various wards to tender.

Communication of W. Morrison re chemical engine was laid over.

Tenders for 1,200 dog tags were received. The prices varied from \$22 80 to \$54. The tender of James Cowan & Co. at \$22 80 was accepted.

The committee decided to advertise for tenders for street watering.

The estimates of the fire department were also received. They called for \$15,750, which included repairs and increase of salaries, but did not include the amount required for a new truck. The accounts of the department were ordered to be paid.

A copy of the contract for 900 feet of hose was received for ratification, and the mayor will be requested to sign it.

Chief Roe also submitted a list of the supplies required for the year. The matter of a new aerial truck was laid over. Two controlling nozzles, 3 torches, 3 rubber pade, 6 rubber coats, 12 pairs rubber boots, 2 horse blankets, 1 pair sleighs, 1 horse and wagon, 200 glass insulators, 100 pounds insulating tape, 300 fire alarm keys, clothing, etc., were ordered to be procure

"The Blood is the Life."
Runs the old saying, and everything that ever makes part of any organ of the body must reach its place therein through the blood. Therefore, if the blood is purified and kept in good condition by the use of Hood's Sarsaparilla, it necessarily follows that the benefit of the medicine is imparted to every organ of the body. Can anything be simpler than the method by which this excellent medicine gives good health to all who will try it fairly and patiently? "The Blood is the Life,"
