ANALYSIS OF Strong's Baking Powder

by the Analytical Chemist for the Dominion of Canada:

"Strong's Baking Powder is found to have very high aerating power. It is a Cream of Tartar powder, containing no alum or phosphate, and it is not adulterated."

Alum baking powders are sold to consumers at from 10, 15 to 20 cents a pound. So detrimental to health are alum baking powders considered, that in many countries their sale is prohibited. Strong's Baking Powder, 25c Per Pound.
