WET WEATHER IS HITTING THE SUMMER RESORTS HARD

Business at All Hotels and On the Railways and Steamship Lines Shows a Big Falling Off—Sweaters and Umbrellas Are in Great Demand.

SARNIA BRANCH OFFICE,  
209 Front Street.  
Office hours, 9 a.m. to 9:30 a.m., 3:30 p.m. to 5:00 p.m.

[Special to The Advertiser.]

Sarnia, Aug. 3.—The cold, rainy, disagreeable weather which has prevailed for the last two weeks is proving a serious loss to the summer trade. The local resorts at the beaches are falling away below the standard for the vacation season.

The railroads are also suffering, and the steamship lines and other excursion boats running out of here are in the same predicament. It is said that the White Star Line, operating between Sarnia, Port Huron and Detroit, claims to have lost \$10,000 through the depressing weather which prevailed last week.

Was Poorly Attended.

A big Masonic picnic, the combined lodges of Port Huron and Sarnia, was scheduled to take place yesterday, the excursionists going to Tashmoo Park on the White Star Line steamer Tashmoo. The boat would ordinarily have been crowded on every deck, but owing to the heavy rain which fell the outing was a failure, only a few of the more hardy souls being in attendance.

Ferry Company Suffers.

The Ferry Company, which runs a weekly excursion to Wallaceburg, as well as a moonlight trip down the river on Sunday evenings, is also losing, and the merchants of Sarnia, who cater to the resorting trade, are not making nearly the sales they did last summer. Raincoats and sweaters appear to be more in demand than anything else, and a few citizens are sporting overcoats.

**BOY SCOUTS FORM COMMUNICATION LINE**

Experiment in England Would Prove Invaluable in Time of War.

[Canadian Press.]

London, Aug. 3.—The Boy Scouts of the County of Kent started this morning to carry out a big scheme of mobilization and communication prepared by Commander James Galloway, a retired officer of the British navy, and other officers. The operations are to last three days, and owing to the general public holiday on Monday, a large crowd of boys were able to participate.

The boys were sent off to watch the southeastern coast of England in sections extending from New Romney, around the forelands to the Isle of Sheppey, and their duty is to pass information between the coast and London, and between towns in the county of Kent, and to form lines of communication with adjacent counties. Stations have also been established at half-mile intervals, with three scouts posted at each.

In time of war, with an attack by warships on the coast, and the resulting routing of communications, it is believed that this human chain would be invaluable, and if it is successful on this occasion it is to be made an annual affair.

**NEW YORK SAILOR TAKEN SUDDENLY ILL**

George Rowell Overcome by Attack of Heart Failure.

George Rowell, a sailor, from New York, who has been visiting in London, had an attack of heart failure while walking on Wellington street, near Queen's avenue, yesterday afternoon about 5 o'clock. Dr. J. Cameron Wilson, who was summoned, had him removed to Victoria Hospital, where his condition was greatly improved this morning.

**WATER LAWS ON SUNDAY**

Hamilton Board of Control Makes a New Ruling.

Residents of Hamilton are now in a position to water their lawns on Sunday morning and evening without fear of prosecution. The board of control yesterday decided to change the by-law so that the citizens of both East and West Hamilton could sprinkle the lawns between 6 and 9 on Sunday morning and 6 and 9 in the evening.

**COAL IS SCARCE**

Due to Cessation of Work in the Mines Recently.

[Canadian Press.]

New York, Aug. 3.—Coal dealers here estimate that by October the anthracite shortage in this and other cities will amount to 6,500,000 tons. This shortage, caused by the cessation in mining in April and May, will begin to be felt severely, it is believed, as soon as the winter demand for coal begins.

Nova Scotia dealers, who have found it impossible to fill their orders in their territory, came to this city this week and placed orders with the wholesalers.

**CHAMPION COW**

Holstein-Friesian Valdessa Is the World's Best Milk Producer.

[Canadian Press.]

Newark, N. J., Aug. 3.—To Valdessa Scott II, a Holstein-Friesian, owned by Bernard Meyer, of Findernel, N. J., goes the honor of being the best dairy cow in the world. The cow has just completed a seven-day official record in which she produced 695.9 pounds of milk, 33.50 pounds of butterfat and 41.87 pounds of butter.

**Home of Duffy's Pure Malt Whiskey**

The above illustration shows the magnitude of The Duffy Malt Whiskey Co.'s plant, at Waterloo, N. Y. and the executive offices of the concern at Rochester, N. Y. This manufacturing plant is the largest and most complete of its kind in the land, occupying over 15 acres. It is equipped with every up-to-date device, known to the art. There are immense duplicate warehouses a great distance apart, so in case of fire in one warehouse, the trade can be supplied and the high quality and excellence maintained.

**How It Is Made—What It Does**

Duffy's Pure Malt Whiskey is manufactured from specially selected and cleaned grain, the best that can be bought. Only the purest spring water is used at any stage. Every step in the process of malting and manufacture is watched most carefully by men of broad experience, under the supervision of a chief chemist. Great care is exercised to have every kernel thoroughly malted, producing a liquid food, tonic and stimulant, requiring no digestion, in the form of a medicinal whiskey, which has been for over 50 years and is to-day, the world's greatest medicine.

Taken as directed, it brings into action all the vital forces; it makes digestion perfect and enables you to get from the food you eat all the nourishment it contains, thus building up the nerve tissues, toning up the heart, giving power to the brain, strength and elasticity to the muscles and richness to the blood. It is a promoter of good health and longevity; makes the old feel young and keeps the young strong and vigorous.

not agree with Charles O'Neill. He does not mind being wet inside, but outside is an entirely different matter. O'Neill was intoxicated, to say the least, as also was his companion, and the rain was very wet and cold, so both of them crawled into a box car last night, taking along a big bottle.

O'Neill, being naturally of a merry disposition, sought to enliven the monotony by bursts of song and spirited oratory. Unfortunately for him, the watchman at the Northern Navigation Company's dock, at whom some of the barbed witts were aimed, called up the police, and O'Neill was dragged away to the police station. His good humor deserted him when he was thrust into a cell, and, breaking into a storm of tears, he pleaded for release.

**WATERWORKS PLANS NOT YET SETTLED**

Mayor's Vote for Electricity Causes Deadlock in the Sarnia Council.

**DOCK IMPROVEMENTS**

Will Be Discussed With Minister of Public Works by Deputation at Ottawa Soon.

[Special to The Advertiser.]

Sarnia, Aug. 3.—The Sarnia council passed a bylaw last night regulating the Port Huron and Sarnia Ferry Company. The kernel of the whole matter is contained in a clause which reads to the effect that the boats shall not be of less than one hundred tons, nor possess a capacity of less than two hundred passengers comfortably. At the previous meeting the bylaw then in force was suspended, and a notice of the one just enacted given. The trouble between the company and the town has come to a showdown, and sensational developments may be expected. One prominent citizen in speaking of the enactment, says the aforementioned clause indicates unjust discrimination, which, should be settled in a court of equity.

Henry McMorran, president of the

line, may shut down the boats altogether, while appealing the case to Washington, thus giving the affair an aspect which may result in an international embroglio.

Mayor McGibbon, Alderman Kirby and Dr. Colter were appointed a committee to take up with Mr. Monk the question of dock improvements according to suggestions made by him on his recent visit here.
