Hydro radial lines in districts where they will compete with existing National lines. The attacks that have been leveled at him made it desirable that he should state his case clearly.

Sir Henry's case can be summarized in a few of his own words:

That the very existence of Hydro radials between Toronto and the Niagara frontier, Toronto and Cobourg, or Toronto and any other point where they would more or less parallel National lines would force those radials into competition with the Nationals whether this might be the intention of those who are planning

Each year for years it had been Sarah's and Carrie's custom to invite some person who would not be otherwise looked out for to share their hospitality, frugal although it was forced to be. This year Sarah spoke for a distant cousin and wondered why Carrie was slow in

"Had you ever thought, Sarah must be sort of a queeer Christmas for a young girl living with Had Smith that really isn't any relation and Hat's close-fisted husband%" Sarah's lips straightened in a cold, thin line. "Was in line. "Was you thinking of ask-g her here?" she inquired, coldly. "No, Oh, no. No, indeed; only poor thing, she did look kind of young and pitiful today."
Sarah's expression softened at the
