NEW BRUNSWICK'S BONDS.

A comparison of New Brunswick's recent refunding sale of \$2,282,000.00 of 5 1/2 per cent. ten year bonds with sales of bonds of the same denomination made by the city of Toronto and the Province of Ontario at practically the same time, establishes the credit of this province as higher than either the big province or its big city. Although the Toronto city bonds were for fourteen instead of ten years, the price obtained was only 96.20, as compared with 96.11 for the ten-year New Brunswick bonds, while the ten-year Ontario bonds sold practically two points lower at 94.49, the same time the advantage of time being with the Toronto city issue, it must be conceded that the financial market has shown a preference for New Brunswick securities, which speaks confidence in the province and its administration that is reassuring in these times of uncertainty and anxiety. — St. John Globe.
