outing and training is to be only four dollars per scout; the balance to be paid by the Council. Each scout is to come with his own bedding, dishes, etc. The railway fare is reduced to the minimum by the different railways over which the troops travel. This opportunity has been looked forward to by many scouts for some time, and it is not to be let slip now.

The provincial business before the meeting was the matter of holding a summer camp for the training of Scout masters and Scouts. It was decided that a camp be opened at Chipman, as the most central and best equipped place for the purpose, beginning on July 31, and continuing for two weeks. The camp is to be under the care of officers to be appointed by the Provincial Council, and a thorough course of instruction is to be given in scouting to all who attend.

RESCUING THE CREW OF AN ILL FATED

SINKING OF THE 'UB' OFF DOVER - THE RESCUE OF HER CREW BY BRITISH DESTROYERS.

This drawing, made especially for this newspaper, the New York Herald and the London Sphere, shows a scen sttending the sinking of the German submarine U-B, off the coast of Dover, England, by British destroyers. The crew was rescued as shown in the accompanying picture. The scene was one of the most movel which occurred in the war. The crew of the ill fated undersea craft were the first submarine prisoners of war to be brought to Dover. The German seamen are seen just stepping off the stern of their vessel into the destroyer's dinglies.
