The Health Department is interesting itself at present in the annual spring inspection of the slaughter houses. There was no quorum at the meeting of the Board of Works sub-committee yesterday afternoon. This committee was organized for the purpose of devising means to induce manufacturers to locate in the city.

A delegation from the City Council yesterday afternoon, at the Albany Club, presented the Mayor with a resolution which has been newly upholstered and pressed a handsome appearance. There is hardly a doubt that those of the professional attendance of the Council will probably receive a sufficient income to enable them to devote all their time to the city's interests.

A delegation composed of Messrs. J. B. Bousquet, Alvin Bonibon, James Henderson, Frank Hodgins, E. F. Holden, B. B. Hughes and K. Kilgus, accompanied by the City Engineer, Mr. Frank Hodgins, and the City Solicitor will confer on the feasibility of the plan and report at another meeting to be held next week.

The motion for the quorum of the City Council was carried by a majority of 12 to 10. The Mayor was waited upon by Messrs. E. H. Dixon and J. B. Bousquet, who presented a proposition to supply the city with pure water from a source north of the limit. They were referred to the City Engineer with their plans. Mr. Bousquet claims that the company which he represents is prepared to supply the city with a plentiful supply of fresh water, and that bonds in security of this will be given to the city.
