

ALBION HOUSE, ST. ANDREWS.

Messrs. Storr & Co.,
Have the honor of announcing to their patrons and the inhabitants of St. Andrews generally, that they are now prepared to meet them at the Store immediately opposite their old stand, with a more **VARIED AND EXTENSIVE STOCK**, than ever they were in a position to offer before.

Profiting by their experience, they have selected and will have ready for inspection **ON THURSDAY NEXT, an UNUSUALLY LARGE STOCK of General Dry Goods,** suitable for the season, and replete in every department; it would be unnecessary to particularize, it is sufficient to say the assortment is complete.

The **PAINTING** portion comprises every novelty of the season, consisting of West of England Broadcloths, Black and Fancy Doeskins double and single mill'd Cassimeres; Vestings in endless variety; and a full and complete assortment of every article necessary to the stock of a first class Woolen House. All orders left with them will be faithfully executed under the supervision of a cutter of first rate talent and experience.

The Subscribers beg to return their sincere thanks for the very flattering encouragement they have received since commencing business, and to assure their customers, they will spare no endeavors to deserve a continuance of those favors so liberally bestowed.
May 23 1855 **R. STORR & CO.**

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly reliable in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown that it is the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is so irritating and so distressing to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases of which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, Indigestion, Gravel, Jaundice, Irritability, Bilious Headache, Bilious Fever, Fevers and Erysipelas, Dropsy, Scrophulous Piles, Colic, Dysentery, Hemorrhoids, Scrophulous and Scruvy, Colds with soreness of the body, Chorea and impurity of the blood, and in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Dropsy, Gravel, Rheumatism, Neuralgia, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood, and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or dissipated energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousands of cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body, and it is so confidently believed that this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.

THE INFALLIBLE REMEDY!!!

Holloway's Ointment.

ERYSIPELAS of eight years cured!
Copy of a Letter from Geo. Sinclair, Esq.,
of Paris, Canada, dated the 18th July,
1854.

To Professor Holloway,
Sir,—I feel a pleasure and a pride in bearing witness to the wonderful benefit I have derived by the use of your inestimable Ointment and Pills. For eight years I suffered unceasingly from attacks of erysipelas; large purple blotches came all over my body; in addition to the unpleasant feeling of itching and burning, which affected me both night and day, rendering life a misery to me, as well as to all around me—so severe was the attack. I used several reputed remedies without deriving the least cessation to my misery. At last I determined to try your Ointment and Pills; after taking them for a few weeks, a visible improvement took place, and I feel considerably better—in three months, by continuing with your medicines, I was completely cured, and now enjoy the best of health. The truth of this statement is well known here, hence there is no necessity for me to request secrecy.

I am, Sir, yours respectfully,
(Signed) **GEO. SINCLAIR.**

ULCERS in the Leg—Remarkable Cure!
Copy of a Letter from Mr. Edward Tomkinson,
of Cape Breton, Nova Scotia, dated the 4th May, 1854.

To Professor Holloway,
Sir,—My sister, Miss Jane Tomkinson, suffered for a great number of years from a bad leg, in which there were several deep, itchy and old wounds, defying the skill of some of the most eminent of the medical faculty; a variety of remedies were also used unsuccessfully; and it seemed to me that there was not any thing capable of mending the agonised state endured. At length, she had recourse to your Ointment and pills, and after using them for about five weeks, she was completely cured, after all other means had failed to afford her the slightest relief. I have no objection to these facts being published, if you feel disposed to make them known.

I remain, Sir, your most obdt. Servt.
(Signed) **EDWD. TOMKINSON.**

A BAD BREAST CURED WHEN AT DEATH'S DOOR!!!

Copy of a Letter from Mr. Henry Malden
of Three Rivers, Canada West, dated
July 9th, 1854.

To Professor Holloway,
Sir,—My wife suffered most severely after the birth of our last child with a bad breast. There were several holes put into it, as large as a hand; all the devices and stratagems I tried would not heal them, but assumed an aspect more frightful than before, and horrible to behold. As a last resource I tried your ointment and pills, which she persevered with for seven weeks, at the expiration of that time her breast was almost well; by continuing with your remedies for two more weeks, she was entirely cured, and we offer you our united thanks for the cure effected.

I am, Sir, yours truly,
(Signed) **HENRY MALDEN.**

The Pills should be used conjointly with the Ointment in most of the following cases:
Bad Legs Chicago-foot
Bad Breasts Chills
Burns Chopped hands
Bunions Corns (soft)

McChoy's, containing 60 Acres—more or less, about 8 acres of which are cleared, and under cultivation, and cuts 4 tons of hay. On the premises are a frame House and log Barn—the land contains a good growth of hard and softwood mixed. If not disposed of previous to the 10th April next, it will then be sold at Public Auction, in St. Andrews **D. McNAB.**

November 1, 1854—exp

AYER'S PILLS,

A new and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammation, Headache, Pains in the Breast, Back, and Lungs, Fevers, &c. &c. Induced very low as the diseases in which a Purgative Medicine is not more or less required, and sick persons are suffering might be prevented, if a reliable family physic is of the first quality, to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Teachers, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, where they not substantiated by persons of such exalted position and character as to forbid the supposition of untruth. Among the eminent names to whom we are allowed to refer for these facts, are:
PROF. VALENTINE MOTT, the distinguished Surgeon of New York City.
DOCT. A. A. HAYES, Practical Chemist of the Port of Boston, and Geologist for the State of Massachusetts.
DR. L. MOORE, M.D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.
DR. C. C. SUTHERLAND, Esq., one of the first physicians in New York City.
DR. A. DAVIS, M.D., Surgeon of the United States Marine Hospital, at Chelsea, Mass.
Did space permit, we could give many hundred such names, from all parts where the Pills have been used, but evidence even more convincing than the certificates of these eminent public men is shown in their effects upon trial.
These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded, not of the drugs themselves, but of the medicinal virtues only of vegetable remedies, extracted by chemical process, in a state of purity and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While the mode of composition, every medicine is burdened with more or less of non-medicinal and injurious qualities; by this, each individual Physician has declared for the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.
They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting whatever they exist such derangements as are the first origin of disease.
Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.
For minute directions, see the wrapper on the box.

FRIEND OF THE CANADIAN

HOLLOWAY'S PILLS.

Extraordinary Cure of Asthma!!! of an old Lady, seventy-five years of age.
Copy of a Letter from Mr. Thomas Weston, (Book Store), Toronto, dated the 9th October, 1854.

To Professor Holloway,
Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years with asthma and spitting of blood, it was quite agony to see her suffer and hear her cough; I have often declared that I would give all I possessed to have cured her; but although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did; the result was marvellous; by slow degrees my mother became better, and after persevering with your remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old.

I remain, Sir, your obliged,
(Signed) **THOMAS WESTON.**

Remarkable Cure of Dropsy!! after being tapped three times.
Copy of a Letter from Anthony Smith, Esq., Halifax, Nova Scotia, dated the 25th August, 1854.

To Professor Holloway,
Sir,—I desire to add no testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; it was tapped three times, and finally given up by the doctors; having become appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity, and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by persevering with them, at the expiration of two months, I was completely cured. I have since enjoyed the best of health.

I am, Sir, yours sincerely,
(Signed) **ANTHONY SMITH.**

Astonishing Cure of General Debility and Liver Complaint!!!
Copy of a Letter from William Reeves, of Charlottetown, Prince Edward's Island, dated 17th Nov. 1854.

To Professor Holloway,
Sir,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and labour, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks I was cured, after every other means failed to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant,
(Signed) **WILLIAM REEVES.**
