THE SYMPTOMS OF IMPOVERISHED BLOOD

Show in Pale Faces, Tired Feeling And Breathlessness.

People who are pale, languid, with palpitation of the heart and shortness of breath at slight exertion are suffering from thin, impure blood. If they have the resolution to take the right remedy and stick to it, they will find new health and strength. The remedy that can always be relied upon is Dr. Williams' Pink Pills. With every dose they improve and invigorate the blood, and this new blood means health and strength. Mrs. A. Griffiths, Pierson, Minn., is one of the many thousands who have proved the value of these pills. She says:—"I was so badly run down in health that I was almost bedfast. The least exertion would leave me breathless. I suffered from headaches and back-aches, and had no appetite. I could only drag about the house and found even light housework almost impossible. I tried several remedies but they did not do me a particle of good. Then a friend came for a visit and she urged me to try Dr. Williams' Pink Pills. When I had finished the second box I could feel that they were helping me. By the time I had taken four boxes more I was a well woman and every symptom of my trouble had disappeared. It would not be possible for me to say too much in favor of this medicine, and I always recommend it to run-down people, and have seen it prove just as satisfactory in other cases."

If you are weak and run down you can begin getting new strength today by taking Dr. Williams' Pink Pills. Sold by all druggists or sent by mail at 50 cents a box by writing to The Dr. Williams' Medicine Co., Brockville, Ont.
