Its advertising rates are low when compared with those of other leading scientific and industrial publications. Cost of advertising is small.

Advertisements should be sent to the office by Toronto business letter, as some parts of the paper get to some parts of the country.

TO CORRESPONDENTS.

The department "National Industries" is kept for the unrestricted use of those who wish to place their views on interesting subjects before their brethren in the trade. It is the nature of an advertisement that it should be printed in this department.

Advertisements will be accepted on all subjects in the nature of news or observations, such will be printed in their appropriate places.
