VOL. XII.

NOVEMBER, 1890.

No. 11.

A MENSTRUUM

HORSFORD'S ACID PHOSPHATE

This preparation has been found especially serviceable as a menstruum for the administration of such alkaloids as morphine, quinine and other organic bases which are usually exhibited in acid combination.

The admixture with pepsin has been introduced with advantage when indicated.

The Acid Phosphate does not disarrange the stomach, but, on the contrary, promotes in a marked degree the process of digestion.

Dr. R. S. MILES, Glencoe, Minn., says: "I use it in a great many cases as a menstruum for quinine, when an acid is necessary."

Send for descriptive circular. Physicians who wish to test it will be furnished a bottle on application, without expense, except express charges.

Prepared under the direction of Prof E. N. HORSFORD, by the

Rumford Chemical Works, Providence, R.I.

BEWARE OF SUBSTITUTES AND IMITATIONS.

CAUTION:—Be sure the word "HORSFORD'S" is printed on the label. All others are spurious. Never sold in bulk.
