

THE HISTORY OF A GENIUS.

'Tis true he was but of humble origin.

But his taste for art was at an early age developed.

When scarcely six years old he produced this master-piece.

His proud and happy parent gave him a sitting.

With this result!

Later on he studied from Nature.

And soon became a rising artist.

Then he painted the portrait of the rich and influential Mayor of Stoum Podger.

And was very properly elected president of the Royal Academy. 'Tis thus that genius is rewarded.
