Colonial Sideboard No. 2167

Mahogany Dining Room Furniture

The Sideboard illustrated herewith is one of several lately produced at our Cabinet works. It is built of select Tabasco Mahogany of a beautiful shade; exquisitely marked pieces of the crotch variety being used on the top, the doors, the drawer fronts and the pillars.

Our quotation on this Sideboard is much below what you would have to pay an importer for its equal, simply because he would have to include the duty he paid on it in his price.

Blue prints of other designs in Sideboards, Dinner Waggon, etc., will be promptly sent on application.
