Messrs. Farnworth & Jardine, Liverpool, report no improvement in the English wood market during November. The demand remained exceedingly quiet and stocks all round were ample. There was but little change in values.

Our exports to Mexico in 1907 were \$317,115, but this is insignificant compared with Mexico's total imports of 116 millions. But the figures of Canada's total trade with Mexico's are just double what they were in the previous year.

Arrangements have been made by the Canadian Northern Railway for its first line into the United States. This will be accomplished by taking over the Duluth, Rainy River and Winnipeg Railway, extending 95 miles through the State of Minnesota, from Fort Frances to Virginia. From this point it is proposed to push it through to Duluth.

Between 30,000 and 35,000 deaths and two million injured is the accident record in the United States during the past year among workmen. Of those, employed in factories and shops, it is stated that probably the most exposed class are the workers in iron and steel. Fatal accidents among electricians and electric linemen and coal miners are declared to be excessive, while railway trainmen were killed in the proportion of 7.46 deaths per one thousand employees.

An important case in which insurance premiums figure were dealt with by the Supreme Court of Nova Scotia last week. The question involved was, Can a man buy a property for another man at a sheriff's sale and then keep it himself. The answer of the Supreme Court is No. Rudderham, the plaintiff, had a mortgage due on his house which he could not pay and arranged with Moffatt to buy the property in for him at sheriff's sale. Rudderham was then to give Moffatt another mortgage and resume possession of the property. Moffatt had the deed made to himself and announced that he was going to keep the property. Some time afterwards it was burned down and Moffatt, who had paid the insurance premiums on it, collected the insurance. The amount of the insurance was more than the price that Moffatt had paid for the property. Rudderham then sued for an accounting, claiming that Moffatt had acted merely as an agent. The suit was tried at Sydney, and judgment given for the plaintiff. The case was appealed to the Supreme Court, which decided in favor of Rudderham and ordered Moffatt to pay over the insurance he had received and turn the property over to Rudderham on receipt of the amount that he had expended on it.
