

Headache

Horsford's Acid Phosphate

This preparation by its action in promoting digestion, and as a nerve food, tends to prevent and alleviate the headache arising from a disordered stomach, or that of a nervous origin.

Dr. F. A. Roberts, Waterville, Me., says: "Have found it of great benefit in nervous headache, nervous dyspepsia and neuralgia; and think it is giving great satisfaction when it is thoroughly tried."

A Young Lad's Rescue.

CONFINED TO HIS ROOM FOR MORE THAN A YEAR.

An Intense Sufferer Through Pains in the Muscles of His Legs and Arms—Reduced Almost to a Living Skeleton.

From the Wolfville, N.S., Acadian.

Mr. T. W. Beckwith is the proprietor of the Royal Hotel, Wolfville, the most important hostelry in the town, and is a man well known and esteemed throughout that section. He has a bright handsome looking son, 13 years of age, named Freddie, who is a lad of more than average intelligence. It is pretty well known in Wolfville that Freddie underwent a very severe illness, though perhaps the means to which he owes his recovery is not so generally known and a statement of the case may be the means of helping some other sufferer. On the 26th of December, 1893, Freddie was taken ill and was confined to his room and his bed until March, 1894. Two different physicians were called in during his long illness. One said he had la grippe and the other that his trouble was rheumatic fever. He was troubled with severe pains through the muscles of his legs and arms, and after three or four days was obliged to take to bed, where he lay nearly all winter, suffering terribly from the pains. He became reduced almost to a skeleton and was un-

able to relish food of any kind. During his illness he suffered relapse owing to trying to get up sooner than he should. Boylike he was anxious to get out and enjoy the beautiful spring sunshine and for several days was carried out and taken for a drive. This brought on the relapse. The doctor was again called in and as he continued to grow worse he was ordered once more to bed. Things then looked very dark, as, despite the medical care, he did not get any better. At last his father decided to try Dr. Williams' Pink Pills. Soon after beginning their use Freddie began to feel better. His appetite began to return and the pains were less severe. As he continued the use of the Pink Pills he regained health and strength rapidly, and in about a month was apparently as well as ever, the only remaining symptom of his trying illness being a slight pain in the leg, which did not disappear for several months. It is over one and a half years ago since Freddie took his last pill, and in that time he has not had a recurrence of the attack. There is no doubt that Dr. Williams' Pink Pills cured him, and both the boy and his parents speak highly in their praise.

Dr. Williams' Pink Pills are the medical marvel of the age. In hundreds of cases they have cured after all other medicines had failed. They are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system. Sold by all dealers or by mail, from Dr. Williams' Medicine Company, Brockville, Ont., at 50 cents a box, or six boxes for \$2.50. There are numerous imitations and substitutes against which the public is cautioned.
