

(i) this reform programme should result in progressive reduction in all direct and indirect subsidies and import barriers which directly or indirectly affect trade in all agricultural products. This programme should be subject to surveillance and other procedures necessary to ensure full compliance with commitments and should be completed by a date to be negotiated and agreed before the end of the Round;

(ii) the strengthened GATT régime should encompass the incorporation under clear and enforceable reinforced GATT rules and disciplines of all measures affecting directly or indirectly import access and export competition:

Import access

- all measures maintained under waivers, protocols of accession or other derogations and exceptions should be eliminated or brought under the strengthened GATT régime;

- conditions should be established governing the maintenance, elimination or removal in favour of tariffs, of quantitative or other non-tariff access restrictions and of measures not explicitly provided for in the General Agreement, including specification of access levels.

Export competition

- conditions should be established under which direct budgetary assistance to exports and deficiency payments on products exported and other forms of export assistance should be progressively reduced or eliminated.

Internal support

- conditions should be established under which price and income support measures should be subject to disciplines in order to make such policies more responsive to international market signals.

(iii) non-economic factors shall be taken into account in the negotiations on the GATT rules and disciplines and related commitments.

(c) Negotiations under (i), (ii) and (iii) above shall begin in February 1989.
