

8 Your Fire Emergency Organization

The Government of Canada has, as does any other employer and property owner, a responsibility for protecting life and property from the effects of fire and other emergencies.

All employees should know and understand the emergency evacuation procedures pertaining to their building. During an emergency situation, employees must follow the instructions given by the Building Fire Emergency Organization members, recognized by their white, or yellow, or green, or red hard hats. The Building Fire Emergency Organization is always looking for **volunteers**. If you are interested in volunteering, contact your Fire Emergency Officer.
