D. Information Processing and Related Telecommunications Services

D304 ADP Telecommunications and Transmission Services, except those classified as "enhanced or value-added services." Enhanced or value added services means those telecommunications services employing computer processing applications that:

- (a) act on the format, content, code, protocol or similar aspects of a customer's transmitted information;
- (b) provide a customer with additional, different or restructured information, or
- (c) involve customer interaction with stored information.

For purposes of this provision, the procurement of "ADP Telecommunications and Transmission services" does not include the ownership or furnishing of facilities for the transmission of voice or data services. This provision only extends to providers of enhanced or value-added services whose underlying telecommunications transmission facilities are leased from providers of public telecommunications transport networks.
