Controllers Won't Buy Upper Canada Grounds at Million and a Quarter.

Paving contractors appealed to the board of control yesterday to reduce the amount of money held back as a guarantee that repairs would be made guarantee that repairs would be made under the ten-year guarantee contract. They claimed that the 15 per cent, held back is a hardship, and prevents financing the contracts. They said that they would accept contracts from the city if the 15 per cent, hold-up for repairs is reduced, and if the repairs are restricted to wear and tear from poor workmanship and material.

Charles Donovan represented the Brotherhood of Carpenters and John Doggett the Amaigamated Carpenters Union.

Mr. Donovan sale he wished to know why the board of education was only the civic works department with the work, expecting that the department would be swamped. The board of control promptly advised Commissioner Harris to enlarge the civic paying plant to enlarge the civic works department with the work, expecting that the department with the work expecting the civic works department with the work expecting the civic ing plant sufficiently to do all the civic paving.
