

# Thanksgiving Clothes

Smartness, when applied to clothes, is difficult to define in words. It is expressed to a complete understanding and recognition, however, in the clothes we are showing here now, and the men who are dressed by us this season will have much cause for thanksgiving. We have fabrics in our overcoats this fall that are irresistible; you just want to keep running your hands over them to feel that soft warmth, suggesting comfort in them. We have tried hard to anticipate the needs of all types of men—and we honestly believe we can fit you—no matter whether you are short, tall, stout, or just the ordinary figure. Even the forward man can be fitted here. We mean the man who is inclined to lean forward, and who finds it difficult to get fitted with regular style. First of all, please fasten this in your mind, that ours is an ALL-CLOTHING Store. We devote all our time to the study of man and his clothing needs. We haven't any hats or gent's furnishings or anything outside of clothing to detract our attention from the all important matter of making good clothes and giving good value. Every salesman we have is a trained expert and knows the full meaning of the word COURTESY, insuring to you prompt and efficient service at all times. PRICE is a mere matter of figures, but we put VALUE into our garments before we put the price on. So that when we tell you our price range for suits is \$10.00 to \$38.00, and our overcoats \$7.50 to \$45.00, you will understand that full value is here for every dollar marked.

Store Open Till 10 o'Clock Saturday Night

### Will Miss Neely

The news of the death of Geo. W. Neely, M.L.A. came to Sir James Whitney last evening at his home, on his return from a brief holiday in the north.

"The knowledge of his death has come upon me very suddenly," said the premier. "I can hardly express myself properly. As all who knew him were aware, Mr. Neely was a man of broad capacity, a man whose judgment was always good.

"At the present moment, having just heard of his death, I can hardly say more than I have said. Added to this he was a wise party councillor and the government will miss him indeed."

Sir James spoke of his trip as having added to his vigor and given him a new conception of the splendors of Northern Ontario.

"Like many other people I never realized what a reserve we have up in Algonquin Park and the surrounding territory," he said.

### Prof. Mulveney Known: All Over the World

Proprietor of World's Famous Tape Worm Exterminator

Tape worm is bred from a parasite, it is of pear shape, having two, four and six suckers, it lays the eggs, which are connected together. They develop and form a body, which is the worm. Each section is an individual, having a sucker or mouth. The worm grows much longer than the bowels where it is located, and sometimes a whole colony of them are found, enough to fill a quart jar of worms, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, is not there to breed another. It is an internal demon, and causes its victims to suffer all the symptoms of disease imaginable. The cleverest physicians are led to believe the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for diphtheria, consumption of the bowels, consumption of the lungs, chronic dyspepsia, nervous prostration, melancholia, hypochondria, hysteria, inflammation of bowels, appendicitis, and other complaints, when one or more of these worms were eating their lives away.

Prof. Mulveney has made the discovery to free the victim without injury to the system, destroying the parasite as well as expelling the worm with one dose of medicine without any previous starvation. Visit his office, where he has in his possession the most wonderful collection of these parasites which have been secured from hundreds of people by his famous remedy, some bottles containing colonies of worms, and anyone seeing them cannot imagine how a person could possibly live with them in his bowels. It is surprising the number of people that have them. Thousands have them and are not aware of the fact. The letters and testimonials are enough to convince you of this alarming fact. Some of the most prominent symptoms are: ravenous appetite, dizzy spells, headaches, cramps in the bowels, a feeling of something moving in the bowels. Segments may be in evidence at any time, and this is complete proof of the presence of tape worm. There are many other feelings of distress which you take too long to enumerate. Strange to say some people of strong constitution have very little distress.

Prof. Mulveney's world famous Tape Worm Exterminator is safe, sure and harmless. No starvation, no danger, is not disagreeable to take. One dose nearly always effects a cure. Information free. Phone Park 4830, 187 Dundas street, Toronto. 671

### HIGH PRAISE FOR CARMANIA'S CAPTAIN

(Continued From Page 1.)

engaged at this task, it was a ticklish job.

Stated in a Circle.

"All night long the feet were steaming in a circle a quarter to half a mile away from the Volturo. The Carmania, the biggest steamer there, is equipped with turbines which cannot be reversed nearly as quickly as reciprocating engines, and this made it additionally difficult to handle her in a confined seaway. The Carmania's master undoubtedly took the correct course when he sent the marconigram: 'To all ships around Volturo: We have tried a lifeboat, also rafts. Any suggestions? This is difficult to manoeuvre. Will keep clear. When the size and unhandiness of his ship forced Capt. Barr to stand about twice as far off as the other vessels, it would have been an entirely unnecessary risk for him to have sent boats away.'"

"Having twice the distance to travel that other ships had, they would be exposed to twice the risk of capsizing and they were not needed."

The other ships which were standing in close had boats enough to take off five times the Volturo's list could they get alongside. If Captain Barr thought the Carmania's boats were needed they would have been sent away.

Gave Them a Chance.

"Barr wasn't looking for glory. He saw that other more easily-handled ships could do better, and he kept out of their way and gave them a chance to do it. The gale was at its worst when he got there at noon, but he put a boat over at once, and nearly lost it, incidentally. I didn't know until I saw the papers here that he backed the Carmania within one hundred feet of the Volturo in the effort to pass a line. A man who has the nerve to take a ship's boats in a sea-way that close to a derelict in a sea-way is not deserving of imputations of cowardice."

SONS OF SCOTLAND.

The Nineteenth Annual Scottish Concert, to be held in Massey Music Hall on Thursday evening, October 23, should draw a crowded house. To prevent a crush the plan opens on Monday morning at 9 o'clock.

A feature of this year's concert is the appearance of Miss Jessie Maclellan, Scottish prima donna, the world's greatest ballad singer. Scottish music has its peculiar charm, but its interpretation is a gift which but few possess. The songs of our childhood, the songs of the heather, mountain and glen, as she sings them, appeal to the heart as no other music can. With George Nell, Scotland's peerless tenor; Mrs. Campbell, the popular contralto; Mr. H. Ruthven Macdonald, favorite baritone; and Miss Jessie Alexander, Canadian elocutionist, who will introduce entirely new features, the committee may be congratulated on the talent they have arranged to introduce to their patrons.

Tickets have been fixed at the popular prices of 50 cents and 25 cents and all seats are reserved.

Novelties Promised.

The rehearsal now being conducted tri-weekly for this season's concert by the National Chorus of Toronto reveals striking beauties in the large number of novelties that are to be presented. Dr. Ham's programs are always marked by their cosmopolitan character, and this characteristic is more in evidence this year than ever before.

We are in sight of the shingles. All our debt is paid, and we hold our Thanksgiving services this Sunday. Our land is all clear. We have paid \$50,000.00 on this building and material on hand for further construction. We do not owe a copper to any man, and have \$6,430.00 cash in the Bank. Out of this amount Rev. J. D. Morrow has collected \$1,600.00 singing and speaking on the street corners.

Nineteen thousand more to raise and the long struggle is over, and we go into Dale Church free from debt. A downtown church can never carry debt and minister successfully to a down-town people. Send your Thanksgiving dollar and help us to put on the roof.
