today. Until the points lost are made public, no conclusion can given as to the true situation. RUSSIANS CROSS CARPATHIANS.

A Reuter despatch from Petrograd says: "Side by side with the official account of the German defeat on the Russo-Prussian frontier, details are published of the Russians crossing the Carpathians, which, as one writer says, destroys the legend that the eastern Carpathians

as one writer says, nesurbys the legal are impregnable.

"Before attaining Uzsok Pass, the Russians successively captured, thanks to a wide flanking movement, three well-masked positions, which were strongly defended by guns. Each time the Russians charged the enemy fled, and the Russians followed up the Austrian retreat with shrappel and quick firers, inflicting heavy losses.

ALL WERE DROWNED.

"During the Russian retreat thru the Mazur Lake district, in East Prussia, a Russian battery was surrounded on three sides by the enemy's quick-firers. The infantry was on the other side of the lake and the Russian ammunition was exhausted. In order to avoid capture, the commander ordered the battery to gallop over the declivity into the lake. His order was obeyed, and he himself was among the drowned.

"During an assault on the fortress of Ossowetz, a German column got into a bog. The Russians shelled the bog and the single road crossing it. The Germans, in trying to extricate themselves, sank deeper into the mire, and hundreds were killed or wounded. Of the whole column there were only about forty survivors."

C,N.R. to Start New Line.

It was rumored here yesterday that the Canadian Northern Railway Company would start operations on its Toronto-Hamilton line next week. The tenants in the houses owned by the company along the proposed route of the railway have been notified to vacate at once.

Plan License Reduction.

The temperance people of this city are HAMILTON, Tuesday Morning, Oct. 6.—At a special meeting of the city ccuncil held last evening to consider the proposed permanent concrete highway between Toronto and Hamilhighway between Toronto and Hamilton the board of control was instructed to place before the good roads commission Hamilton's proposition. This is to give \$30,000 towards the project on condition that a bridge be erected from Carroll's Point to north of the high level bridge at an estimated cost of \$250,000. Ten thousand dollars will also have to be spent for Hamilton labor at the rate of 25 cents' of the high level bridge at an estimated cost of \$250,000. Ten thousand dollars will also have to be spent for Hamilton labor at the rate of 25 cents per hour. The council offers to make a substantial contribution towards the cost of the bridges, the remainder to be borne by the other municipalities. The council is to pay its share of the maintenance of the sentence of the senten be borne by the other municipalities. The council is to pay its share of the maintenance of the road for 25 years.

The council also decided to proceed with the work on the east end sewage system, to cost \$100,000.

New McKittrick Agreement.

A special meeting of the board of control was held to deal with a new contr

mercement on the proposed local improvements of the property of the McKittrick Syndicate. A new agreement was presented by W. J. Southam of the syndicate. The terms are that it be charged the same as the ratepayers for the local improvements, so per cent of the cost, the city to pay As the result of the efforts made by Mayor Allan to have work started as early as possible on the proposed new east end postoffice and the proposed imeast end postoffice and the proposed improvements to the present postoffice, the mayor yesterday received a letter from Hon. Robert Rogers stating that the matter would be taken up immediately. Police May Practise Shooting.

Chief of Police Smith stated yesterday that if rifles are supplied to the Hamilton Rifle Association, and the members be given the use of the rifle ranges, the police force would join the association. 80 per cent. of the cost, the city to pay the other 20 per cent, that the com-pany pay a fair share of the cost of constructing the bridge and the ap-proaches, which according to traffic records should only be 10 per cent. of the total cost. The company is willing to pay the city's minimum rate of police force would join the association. wages, excepting that which might be This would add 100 able-bodied men to done on relief work, in which case it is the membership, and every man is anxious to join the association. willing to pay only 20 cents per hour.

The board decided to defer action until a later date, when it is thought an agreement can be drawn up which TWO MACHINE GUNS ARRIVED FOR 9TH MISSISSAUGA HORSE will be suitable both to the company

and city.
To Stop Dump Fires. Controller Jutten appeared before the fire, police and jail committee of the city council last evening, and objected to the firemen being used in putting out dump fires. He stated that this sort of work was injuring the hose of the department. It was pointed out that the majority of the fires in the dump were caused by failure of the public to live up to the garbage Long Branch camp for the regiment. Two gun sections of 25 men each will be formed in the near future. Last night the regiment had 150 recruits on parade, which brings their membylaw, which calls for all paper to be done up in bundles, and the garbage collectors and police department will be instructed to see that this regulabership up to about 500.

The mayor showed how in a little business less than three years the business has developed to 30,000 customers. He are up to strength. This branch will believed that increase to be unique. The hydro had this year, he said,

a revenue of \$1,500,000 approximately, and found itself with a profit of \$190. Club have joined a class under the 2nd field corps of Canadian Engineers. They are qualifying for officers' certi
They are qualifying for officers' certi-

when Mr. Ellis was appointed.

Ellis Responsible
The excellent position, above recorded, by which the H; it? was today could be traced to the work of Mr.

At first the hydro was not under close inspection. While those first in charge of hydro may have been good engineers and salesment they were not business men. Mr. Ellis was the first. There were no records at first kept.

Mr. John MacKay was appointed to in the past month. There are over 40 in Toronto, and none of them have ammunition. It was stated yesterday by an official of the militia that he exestablish authentic records. He was the best fitted man for the work in Canada.

The system of distribution was laid out under direction of Mr. Dow of Detroit. Yet this system does not now meet the needs of the citizens. Work done by him had to be done over again. This because these men could not see into the future. Since 1908 Toronto had doubled in popula-

This all meant a reconstruction of the original system.
"Toronto," said the mayor, "is divided by the hydro in 30 or 32 circuits. The unique growth of Toronto has necessitated many changes in

these arrangements.

To decline to meet increased peak load meant destruction of the machinery already in use. So the weak points were strengthened by new machinery.

Within Their Rights. The commission was charged with spending \$875,000 before it had authority. Of that amount they thought they had \$445,000 on hand. They went upon the assumption that hydro bonds worth \$5,-

## Ald. Rowland's Motion Car- PUBLIC UTILITIES PLAN TO BUY MACHINE GUNS; AMALGAMATION LIKELY

Conferences have been held between the heads of the Consumers' Gas Co. the Toronto Electric Light Co. and the Toronto Railway Co., in relation to the purchase of two machine guns. If they decide to make the purchase they will be given to the rifle association representing the three concerns. It is

will be given to the rine association representing the three concerns. It is intended to organize two companies for each gun, and in order to do this the rifle associations will have to be devoted to home service only.

3050,391 this totalled the full sum spent in extension. This the statutes allowed.

"It must be remembered, the hydroelectric is a competitive system," said Mayor Hocken. "If a customer is not supplied he can go around the corner and buy from the Toronte Electric Light Co. Competition is so Keen. But in spite of this, because the Toronto commission has been prompt, it has grown until it distributes 20,000 h.p.

000,000 were to remain in the sinking fund, but it had been absolutely necessary to face the sale of the bonds, and a discount of the above \$445,000 was entailed. Combined with the depreciation fund of \$396,391 this totalled the full sum spent in extension. This the statutes allowed.

No Cut Promised.

after the truth, but after the chairman of the hydro.

"It must be remembered, the hydroelectric is a competitive system," said Mayor Hocken. "If a customer is not supplied he can go around the corner and buy from the Toronto Electric Light Co. Competition is so keen. But in spite of this, because the Toronto commission has been prompt, it has grown until it distributes 20,000 h.p.

"Is there any business man who would find fault with a capital outlay that would mean a bigger increase in power returns? The hydro can still supply twice the number of its customers. So that if the commission is not to play into the hands of the T.E.L. Company it must make expenditure.

"Mr. Couzens must have a free hand."
"It must be remembered, the hydro.

No Cut Promised.

There had been no authoritative statement that when business reached in furce 26,000 horse-power a reduction in the tortoller Church, he said, had moved this been passed. Yet the commission had made no passed. Yet the commission had made no all. The provincial hydro had access.

The mayor summed up by pointing out that the hydro had taken the 'ag end of the business, the small customers. The Toronto Electric Light had the cream of the business, the small customers, sold 20,000 horse-power, had a profit of \$100,000, and the smallest rate in the world.

Must Have Free Hand.

"Mr. Couzens must have a free hand. No man can tell a year ahead where the increased consumption would be." So, he argued, if the council refused to give hydro the money now asked for the hydro must sit down with folded hands. The mayor thought there was a desire by one man at least in council to force the commission before the public and lead an attack against them. This was so partly because the chairman of the commission was not a popular man in some quarters.

"If the city had put away a depreciation fund for a water system as we are doing for the hydro the citizens would now be facing a decrease instead of an increase in water rates." said the mayor. Would Have Lest Money.

"The commission finds itself in this position—if we had reduced rates 10 per cent. we would face a decrease of \$150,000 on the resury was a charge that situed which is a loss of \$50,000 and having to pay to city \$95,000 for sinking fund.

"Mr. Gaby of the province and Mr. Couzens of the local commission have made an investigation of all business ince Mr. Couzens took charge. There was no basis before. On this new basis in these two men will finally settle what the reduction will be." said the mayor. If this were a private concern likely this investigation would not have been and the reduction will be." said the mayor. If this were a private concern likely this investigation would not have been capital to accommodate them.

## NEW RITES NOT MANY

Lord's Prayer, Commandments, Creed, General Confession Chief Ingredients.

Canadian Press Despatch. OTTAWA, Oct. 5 .- For the first time n the history of the Methodist Church in Canada, some ritual will be em-

bodied in the new hymn book for the church. The general conference decided on this this afternoon. The ritual will include the Lord's Prayer, the Ten Commandments, the Apostles' Creed, the questions and answers of the reception service, and the general confession of the service of the Lord's Supper.

Discussion on the report of the hymn book committee, of which Rev. S. P. Rose, Montreal, was chairman, and Dr. A. D. Watson, Toronto, was secretary, absorbed considerable time and was the feature of the business

The conference plans to conclude its business tomorrow, and will sit until midnight if necessar...

Hymn Book Debate.

The report of the hymn-book com-mittee evoked considerable debate, One of the first items to cause discussion was the recommendation that "amen" be sung only at the end of certain or suitable hymns. Some of the delegates favored singing amen at

the desegates havored singing amen at the close of all hymns. Rev. Dr. Salem Bland, Winnipeg, pointed out that some hymns are in the nature of a warning. The committee's desire prevailed.

The conference favored embodying

in the new hymn-book the Lord's Prayer, the Apostles' Creed, the Ten Commandments, the questions and answers of the Reception Service, the General Confession of the Service the Lord's Supper. This is a de-parture, as there is no ritual in the Germans, Greatly Reinforced, Had Old Tunes Omitted.

There was a feeling amongst some of the delegates that the committee had in selecting hymns for the new book omitted to put in some of the best old tunes. Rev. Dr. Bland suggested an appen-

dix for the new volume, in which some of the old favorites thrown out by the w. S. Dingman of Stratford, Ont. said he had a good deal of sympathy for Dr. Bland's suggestion, but he did not favor an appendix, preferring to put the old tunes right in the book.

Dr. A. D. Watson of Toronto appealed for the adoption of the recom-

mendation of the committee. Rev. W. L. Hall. Revelstoke, B.C., favored a canvass being taken of the country. The acceptance of the new country. The acceptance of the new book would mean a considerable break

from old associations.

An amendment that the new book be sent to the annual conference before it is approved was lost. An amendment to the amendment that an where,
