STREET RAILWAY MEN

Agreement Expires Sunday and no Conference Held Yet.

"If it was a charter instead of an agreement that was to expire on Sunday, they would be more anxious to settle it," stated Joe Gibbons, business agent of the Street Railway Men's Union, when asked by The World last night if the company had communicated with the union. The men are full of fight, and are not a little put out over the abrupt way in which the company broke off the conference appointment for Monday. In the opinion of some of the members, the magistrates are offering a dare in putting the matter off until such a late date.

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is also a powerful disinfectant to the ordinary ailments. Most of these consist of animal fats. Zam-Buk contains no trace of any animal fat, or any mineral matter. It is absolutely pure.

Remember that Zam-Buk is at the same time healing, soothing and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases and for chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. All druggists and stores at 50c. box. Also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

FALSE FIRE ALARMS

Police on Lookout for Youths Who Cause Unnecessary Runs.

A false alarm was turned in from the Louisa and Teraulay fire alarm box last night at about 7:30 o'clock by some youth or youths, and it gave the firemen an unnecessary run to that part of the city. Two youths were arrested afterwards, but there was not enough evidence against them to warrant the officers in holding them. There have been numbers of these false alarms sent in lately, and if the culprits are caught it will certainly go hard with them, as both fire and police officials have determined that the first caught in the act, or with sufficient evidence against him to gain a conviction, will be given the limit of the law provided for in such cases.

NO PROTECTION AT CROSSING

Coroner's Jury Attaches Rider to Verdict of Accidental Death in Case of Jane Drouillard.

Accidental death was the verdict rendered by the jury at last night's inquest into the death of Jane Drouillard, an elderly lady who was killed by a C. P. R. freight train some days ago at the Cottingham-st. crossing. A rider was attached to the effect that the crossing should be better protected in the interest of the public. There was no one who saw the woman killed. The first intimation that anyone had been even hurt was when the station agent, F. S. Childs, flagged the freight, which was only moving at the rate of about three miles an hour. He had seen a body under the train and thought it was a tramp who had been stealing a ride, had fallen off and had been killed. The engineer did not see the unfortunate woman on the track, or any other woman who was close enough to have been run over. There was no mark on the front of the engine to show that anyone had been struck by that part of the train.

PIANOS FOR THE LIVING ROOM

Present Day Plans in House Building.

The popular plan of house-building to-day is that in which the attractions of the parlor are in some measure transferred to the living room. The piano that has hitherto been a leading piece in the furniture of the parlor, now finds a place in the living room. At least the living room has its piano, whilst the parlor or drawing room may have a handsome grand piano. Meeting this taste in home-construction, the old firm of Heintzman & Co., Ltd., are manufacturing a handsome upright piano in Circassian Walnut, plain design, satin finish, that will conform nicely with the general furnishings. Or for the living room the firm's new player piano in mission style, or finished oak finish is very appropriate. These new designs are on exhibition in the large and attractively appointed ware-rooms of the firm at 155-157-159 Yonge-street.

WARDEN'S TRIP GREAT SUCCESS

County Council Visit Niagara Falls.—What of the Good Roads?

Warden Gardhouse, the presiding officer of the York County Council, was one of the chaperons of a delegation party, numbering nearly 200 of the members, their wives and sweethearts, on the annual time-honored excursion yesterday morning bound for Niagara Falls. The weather was ideal and the trip across the lake and the magnificent scenery and the rugged grandeur of the Falls were never seen to better advantage. Going over by the Gorge route, returning by the Canadian side.

Nearly every municipality in the county was represented in the party, and the many happy allusions to the warden's thoughtfulness in the arrangements made for the comfort of the guests, might naturally have aroused a feeling of pardonable pride in the breast of the chief magistrate. A few of those prominent in the agricultural, municipal and business life of the county, apart from the council, were Ex-Warden J. D. Evans, Ex-Reeve John Bagg, E. A. James, highway engineer, Frank Barber, C.E., Mr. MacDonald, county treasurer; Ex-Reeve William Keith, W. H. Paterson, Ex-Warden George S. Henry, Ex-Councilor, Mr. Mitchell, Ex-Warden Alex. Baird, Traffic Manager Livingston, Sir Deputy manager Lake Shore Division J. & T. R. and others.

To-day the council reassembles, and as stated on Tuesday, the outstanding feature is likely to be the discussion on the cost of the building and maintenance of the bridges included in the good roads system.

But while this in the earlier stages promised to arouse some controversy, there is likely to be a well-defined and clear-cut understanding which will admit of no doubt in the matter. Ex-Warden George S. Henry, who has always taken a forward and progressive stand in relation to the good roads and is invaluable to the work in hand, in discussing the matter with a number of the county council yesterday, said in effect: "There is no doubt about the liability and intention of the commission in this matter. When the commission assumes a road it becomes responsible for its construction. That is, when our rollers have passed over it."

This best all previous records and merited the heartiest congratulations of all concerned. Most important of all it showed that Protestantism was holding its own among the younger generation of Canada.

An address of welcome to the visiting delegates was presented on behalf of the City of Toronto at the banquet last night by Ald. Maguire, chairman of the civic reception committee. Supreme Secretary William Lee of the Grand Orange Lodge of British North America welcomed the delegates on behalf of the Orange Order. Addresses were made by Bro. Dr. W. O. Simpson, Bro. Ben Kirk, Bro. Ald. W. J. Sanderson, Bro. S. Hornshaw, Bro. Alex. Hall, Bro. J. O. Bates, Bro. Dr. F. DeLaine, J. G. Kent, president exhibition board, Harry McGee and J. S. Willison.

Eatons defeated Broadview in a championship game of lacrosse of the Inter-Association on Saturday by 11 goals to 2. During the first two quarters both teams were very evenly matched, the score being 3 to 2 in favor of Eatons. During the last half, Eatons, by their superior combination, scored 8 goals. The game was a clean one, and Referee Wag-horne had very few penalties.

AMONG the many reasons why Kuntz's Old German Lager is superior to ordinary lagers, there are TWO that you should know.

THE FIRST is that Kuntz's Old German Lager is brewed by the expensive Old German Process—a process in which the master-brewers of the House of Kuntz are adepts. This process is more costly than the ordinary processes of brewing. But the result is a finer and lighter lager.

THE SECOND is that Kuntz's Old German Lager is a spring water lager. The water is from the celebrated Kuntz Springs, which yield a liquid remarkable for its purity, sparkle and vigor. Is it

any wonder that Kuntz's Old German Lager is more zestful and refreshing than lagers brewed from ordinary flat waters?

Pour out a glass of Kuntz's Old German Lager. Look how beautifully it foams. Hold it to the light. See its diamond-like sparkle and clear transparency. Then taste the flavor. You've never tasted a lager more delicious. Even the most famous light lagers of old Germany are hardly equal to Kuntz's Old German.
