### AFGHAN EMISSARY OFFERS OBSTACLE

Says War May Result to Britain as It Did to the Germans.

Rawalpindi, Punjab, India, July 29.—The progress of the Afghan peace conference, opening on Saturday, encountered an obstacle when Sirdar All Bakhsh Khan, president of Afghan delegation, disagreed with Sir Hamilton Grant, chief of the British delegation, regarding the causes of the war, and denied that the Afghans had first sought peace. He admitted that the British were militarily superior, but pointed out that the Germans were in a similar position in the European war, saying that the British won because they had combined all possibilities.

"Such a combination is open to Afghanistan," he continued. "The Indian government must not suppose that the Afghans are sleepy, ignorant people. The European war aroused aspirations in all nations."

Sirdar All said that Afghanistan stood as a barrier between Bolshevism and India, and asserted that if the war should be renewed and the British won, such a victory would admit into India the flood of Bolshevism under which Russia was submerged. He declared that a just and honorable peace would check the flood as far as the Caspian Sea.

The remainder of the proceedings were held in camera. If the Afghans obtain an unreasonable Sir Hamilton Grant may have to terminate the conference.

Before calling a man a liar be sure you are right—then use a telephone. It is impossible to beat an ignorant man in an argument.

### SILESIA VOLUNTEERS ISSUE CALL TO ARMS

Zurich, July 29.—The Freiheit declared that the military circles have not given up hope of resuming war whenever the chance offers, especially on the eastern front. The paper reproduces an appeal of the Goerlitz corps of volunteers as follows: "Silesians, to arms! A precious part of your province is to be taken from the empire. Enough of protest on paper; we must act; you must defend your province by the force of arms. Think of 1813. A nation unwilling to sacrifice everything in the defence of the country is an unworthy and a doomed nation. The Goerlitz corps of volunteers, a component part of the army of the empire, is called upon to take part in the defence of Silesia. Silesians enlist in our corps!"

### DEFECTIVE BOILER CAUSES EXPLOSION

Kingston Jury Blames Government for Failure to Have Necessary Inspection.

Special to The Toronto World. Kingston, Ont., July 29.—That there had been carelessness on the part of Thomas Anglin, owner of the cheese factory, in not having the boiler in the factory inspected was the view of the coroner's jury investigating the death of John Potter and Robert Holdman, who died from injuries received when the boiler exploded last Saturday night. The provincial government was also censured by the jury for not having the law enforced, which would bring about a stringent inspection of all stationary boilers. It was also recommended that the government at once take steps to have the law enforced.

Anglin admitted that two years ago his boiler had been patched and that there had been no inspection made. A government boiler inspector who made an inspection of the boiler Monday declared that the boiler was a very poorly and weakly constructed one. He feared the government had fallen down in the matter of the inspection of stationary boilers, as they had not sufficient staff. He admitted that over 100 factories had been inspected in this way around the Peterboro district, but said the Kingston district had apparently been overlooked.

The stream flows thru the west end of the city, past many residences, and one of these is Mr. Clynick's. The water is filthy, unsanitary and very unhealthy most of the time.

### GUELPH INTEREST IN RADIAL ISSUE

Mayor Calls Public Meeting for Discussion of Proposed Agreement.

Special to The Toronto World. Guelph, Ont., July 29.—It is evident that many citizens are still undecided as to whether or not the agreement between the Grand River Railway Co., the City of Guelph and the Guelph Radial Railway Co. is in the best interests of Guelph. The subject, however, is one that has aroused intense interest and wherever one goes the bylaw is being discussed.
