ECHO OF THE COAL STRIKE Suit Which Has Been Pending for

Years is Settled.

The case of the Avondale Mining Company of Greensburg, Pa., against 2 years ago and has been standing since Hall, was yesterday dismissed without costs by consent of the parties. The plaintiffs sued for \$600, balance of a coal contract, claimed to be due them, and the Hammill Co. of Toronto counterclaimed for nearly \$30,000 for breach of contract, to supply coal according to contract during the great coal strike of 1902 and 1903. The case was handied by R. C. Clute (now Mr. Justice Clute), and J. A. Mackintosh for the plaintiffs, and by A. R. Hassard for the defendants. The evidence, which was largely in the form of correspondence, consisted of a great quantity of letters, and the addresses of Judge Clute and Mr. Hassard occupied a long day at Osgoode Hall. A great many ques-tions of law and fact were involved in the case, which is now settled. Mackintosh and Mr. Hassard issued out a judgment at Osgoode Hall, whereby the action and the counterclaim are both dismissed, each party paying its own costs.

tions, chronic congestion, inflammation and ulceration.

Dr. Pierce's medicines are made from harmless but efficient medical roots found growing in our American forests. The Indians knew of the marvelous curative value of some of these roots and imparted that knowledge to some of the friendlier whites, and gradually some of the more progressive physicians came to test and use them, and ever since they have grown in favor by reason of their superior curative virtues and their safe and harmless qualities.

Your druggists sell the "FAVORITE PRESCRIPTION" and also that famous alterative, blood purifier and stomach tonic, the "GOLDEN MEDICAL DISCOVERY." Write to Dr. Pierce about your case. He is an experienced physician and will treat your case as confidential and without charge for correspondence. Address him at the invalids' Hotel and Surgical Institute, Buffalo, N. How to Exercise the Bowels

Your Intestines are lined inside with millions of little suckers, that draw the Nutrition out of food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead

of Nutrition. This Poison makes a Gas that injures your system more than the food should have nourished it.

You see, the food is Nourishment or Poison; just according to how long it stays makes your arm stronger.
