"MADE IN CANADA" HURTS?

B.C. Fish Cannery Object to Using Government Label.

Ottawa, March 6.—(Special).—In the Senate this afternoon the Meat Inspection Bill was taken up in committee.

Sir Richard Cartwright said there had been objection from the lobster-packers of the maritime provinces and the salmon-canniers of British Columbia to the provision requiring a Canadian label on all cans.

HE'S LIEUTENANT NOW.

Charles Gordon was yesterday promoted to the rank of lieutenant in the fire department, to succeed Arthur Busted on the water tower at Bay-street.

Lieut. Gordon has been stationed at Lombard-street for many years, serving with the salvage corps and on Truck I. He was also for a time connected with the fire alarm telegraph service.

J. R. Nicholls and John Sheppard have been assigned for service with Truck I and Aerial L, Lombard-street.

YORK COUNTY AND SUBURBS

EAST TORONTO LACKS A SUPPLY OF WATER

Freezing of Mains Causes Closing of High School and Brings Danger from Fire.

Toronto Junction, March 6.—It would be well for the teachers in town to take out their licenses. The chief of police said to-day that they were very slow and that if it was necessary he would bring them before Magistrate Ellis if they did not comply with the law.

St. Clair-avenue, from Keele-street west to the Junction limits, is in a very bad state for vehicular travel. The street commissioner has in many places dumped loads of sand and gravel in the middle of the street for the purpose of making a first-class crown, but there are many places, and particularly near St. Clair school, where the water lies on each side of the dump made by the commissioner, at least a foot deep.

The Toronto Junction Gun Club held their bi-weekly shoot on their grounds this afternoon. There were quite a number of shots present, who expected to shoot at five birds, but owing to yesterday's storm the supply of birds that had been contracted for by the club, was not delivered. Between 400 and 500 birds were expected from Geulph. The following are the scores:

Table with columns: No. of Birds, 1, 2, 3, 4, 5. Rows include names like Dunk, Vivian, W. Wakefield, Elliot, Smith, Harvey, P. Wakefield, Douglas, Burgess, Sheppard, Turp, Coulter, Fleming, Ross, Seager, Ingham, Roberts, Clayton.

In Magistrate Ellis' court J. V. Kerr put in a good word for Geo. Howard, a 15-year-old boy, accused of theft from him. Howard would like to help him from him. Howard would like to help him from him. Howard would like to help him from him.

North Toronto.

Application will be made to the York township local board of health for the establishment of a rendering plant on West York. Lot 25 in block 10, in the Baldwin estate, in polling sub-division number ten, Deer Park. The southern part of this tract of land was annexed to the city two years ago and in the centre of it is located Upper Canada college, and the northern end of it is the Grand Trunk station.

East Toronto.

East Toronto, March 6.—A serious condition of affairs prevails in certain portions of the city, owing to the fact that the water supply is cut off. The new high school is without water, and the supply, numbering some 50, were to-day dismissed, owing to the fact that it is impossible to heat the building. It will probably not re-open until Monday, if then. Many citizens are compelled to carry water, and in the event of fire the results might be most disastrous. Freezing of the main pipe leading from the lake is said to be the cause.

Wm. Hawker, D.D.S.G.P., of the Eastern Toronto district, will be given a farewell reception at Lodge Watbridge, No. 54, S.O.E., at the regular meeting this evening. Mr. Hawker will be presented with mementoes by the grand lodge and by Lodge Cambridge at a banquet to be tendered to him after the regular meeting of the lodge. The presidents and many officers and members of the city lodges will be present. Mr. Hawker has been elected to the position of grand master of the C.P.R. at a good salary. He will leave for the west on Saturday.

Thornhill.

A company is being formed for the purpose of building a fine large skating rink to cost about \$150,000. Wm. Riddell has purchased a lot on Yonge-street from the Gallanough estate, and will erect a brick residence thereon. The residents of this vicinity seem much in favor of the legislature granting a charter to the Artesian Water Co. The supply of good spring water means considerable to the residents of this vicinity, as a good well is hard to find.

Riversdale.

The property on Broadview-avenue, bounded by Dearbourn and Wolfrey-avenues and Bowden-street, once owned by E. A. Macdonald, containing about eight acres, has been sold for \$50,000. There is a fine orchard on the property. A street will be opened thru the property and the land divided into building lots. Jones-avenue property owners are objecting to a permit being granted to Wright Bros. for a slaughter house.

Mimico.

The annual meeting of the Women's Auxiliary was held at the Women's Club on Tuesday. The following officers were elected: President, Miss Steel; vice-president, Mrs. Burgess; secretary, Mrs. P. H. Brown and Mrs. John and Mrs. Coxhead; secretary, P. M. C. Mrs. Benjamin Goldthorpe; secretary, Mrs. Harrison; secretary, Mrs. Steel; delegates to annual meeting, Mrs. Hargrave and Miss Tremayne. It was decided to hold a day of literature committee, Mrs. Harrison. Things are looking brisk around the pressed brick company's factory. The new office is nearly completed, and they are having a telephone put in.

Weston.

The evidence taken yesterday in the appeal against the local option vote in Weston, which is being fought out before Judge Winchester, went to show that there were three ballots put into the box after the count had been closed, and that all three were marked against the bylaw. It was on this account that the appeal was granted.

Rings for Men

WANLESS & CO. 168 Yonge Street.

WOULD YOU BUY A SEALSKIN JACKET AT THE RIGHT PRICE?

You could wear it a long time this winter and the full season for many winters after. Buying now is worth your consideration when it means saving \$2.50. This is the late part of the season when we know we have to offer extra inducement to secure trade. The list below will show we are doing our part to help wise buyers save money.

1 Alaska Seal Jacket, 24 inches long, trimmed with Hudson Bay sable collar facings and cuffs, size 38. This is one of the best seal jackets in the house. Reg. price \$45.00, for \$37.50.

1 Black Pointed Fox Set, consisting of 2-skin stole, with 2 large brushes and black Imperial muff, regular price \$52.50, for \$49.00.

3 Persian Lamb Jackets, best quality, bright, glossy, curly, trimmed with natural mink collar, deep lapels and cuffs, sizes 38, 40 and 42, length 24, regular price \$185, for \$137.50.

1 set White Fougere with large two skinned stole, lined with white satin, and trimmed with 2 natural brushes and paws, regular price \$75.00, for \$55.00.

OPPOSITION GETS ACTIVE IN FARMERS' INTEREST

Makes a Sortie on Agricultural Estimates—Increased Salaries for Teachers.

Another night session yesterday assisted the legislature in disposing of a large amount of business. The agricultural estimates gave rise to some smart challenges, and the San Jose scale vote was left over. The treasury and provincial auditor's vote, the public institution votes, except that of the central prison and the smaller educational votes were all passed in committee.

Hon. Mr. Graham asked when the report of the T. & N. O. railway commission might be expected. Hon. Dr. Reaume said some delay may have occurred thru illness, but no time would be lost.

In reply to G. S. May, Hon. Dr. Reaume stated that the lots 390 to 398 and 438 to 456 and 467 to 469 on Cobalt townsite were not sold, but were leased to the Nancy-Helen Mining Co. by the T. & N. O. railway commission on leasing terms.

E. J. B. Pense, in moving for a return of correspondence between the government and the Northern Ontario Durham Power Co. with respect to the lease of the water power at Healey Falls, said there was a great deal of doubt in his part of the province of the bona fides of the company.

Hon. Mr. Cochrane said the department gave the company a lease of Healey Falls with the condition that they commence development in four months. As they did not do so, the lease was cancelled by the province. He would issue a new lease as soon as the company got their Ottawa one and would be prepared to go on. The motion carried.

Agricultural Estimates. The house went into supply in the afternoon, and continued to deal with the estimates. The public institutions' maintenance votes were passed, and such of the education character as were of a non-debatable character were also passed. The estimates Major Craig and Hon. Mr. Graham dwell on the need of attention to the estimates of the A. A. and Premier Whitney had a little debate on the growing of tobacco, which industry Mr. Auld declared was being neglected by the province. It was trifling with the fruit interests of the province to give such an insignificant sum as \$4000 for spraying.

What is the use of experiment stations, he said, "when you allow the bugs to eat everything you plant?" A. B. McColg chimed in with a plaint about the San Jose scale.

Hon. Mr. Matheson pointed out that the government was doing quite as much as their predecessors, and he stated a great deal more would be done.

Literary Tastes. Under the educational items the character of the books circulated in provincial schools was being discussed. Premier Whitney's experience was that fifteen shabby novels were taken out of the shelves of the schools. Hon. Mr. Graham found himself in agreement with the prime minister. A technical library, which he had placed in the library of the department, had been in the printing trade, was never used at Col. Hendrie had had the same experience.

A. G. MacKay said the ostensible object of fixing a minimum salary for teachers was to produce permanence in the profession, but the government had not practised what they preached. They should give increased grants to teachers, according to the length of their service, and to the length of their service. He would not put a minimum on rural teachers. He would let them exercise their own judgment as to what to do with green teachers, but would give the increased grant to teachers of five or seven years' experience, or wherever he pleased to mark the line of experience.

Hon. Dr. Pyne said the desire of the government was to encourage permanence in the profession. Mr. Clark (Bruce) agreed with Mr. MacKay that the department must cooperate with the teachers. Mr. Hoyle opposed the contention.

Hon. Mr. Hanna described the work being done by Dr. G. Fitzgerald of the Toronto Asylum as a clinical assistant. His method was to follow each case thru its family history, accumulating all the facts that would bear on the case in hand as to effective causes, a bulletin of such researches, omitting names, was to be issued quarterly for the benefit of the profession.

In reply to Hon. Mr. Graham's enquiry if the government had any intention of uniting the Toronto Asylum with the Mimico institution, Hon. Mr. Hanna stated he was hardly in a position to say anything upon the matter. It had been urged upon the government by many high authorities that the proper thing was a neurotic hospital for incipient insane. The house adjourned.

SEVERE PAINS IN THE GROIN.

Trying Experience of a Well-Known Citizen in St. John, N.B.

The case of Mr. Chas. F. Olive, for years foreman in the "Gazette" of St. John, N.B., is a striking evidence of the power of Ferruzone.

No remedy has succeeded in restoring sufferers from acute stomach and kidney trouble; it invariably does "for" several years," writes Mr. Olive, "I have had kidney trouble and until quite recently I suffered torture. A few weeks ago I was advised to assume a very serious form. I consulted several city doctors, used diuretics, pills, but without the slightest relief. I suffered from intense pain in the groin, and the increasing seriousness of my trouble prompted me to try Ferruzone. I gave me a quick relief, and a half dozen boxes cured. Ferruzone I can recommend as a specific for disordered kidneys."

Wanted: your Ferruzone, 50c per box at all dealers in medicine.

ATTENDANCE AT OTTAWA LIVESTOCK SHOW SMALL

Only One Entry in Some Cases in Sheep and Swine Classes and Judges Have an Easy Time.

Ottawa, March 6.—(Special).—There was a small attendance at the Eastern Ontario Live Stock Show again to-day. Dairy cows, sheep and swine were judged. In the two latter classes there was only one entry. In some cases the judges had no difficulty.

The judges were: Cattle, A. W. Smith, Maple Lodge, and B. Statters, Ottawa; sheep, J. M. Gardhouse, Weston, and John Jackson, Abingdon; swine, R. H. Harding, Thorncliffe.

The results were:—DAIRY COWS.—Holstein cow—1, Neil Langster, Ormestown, Que. Grades, cow—1 and 2, Reid Co., Ottawa. Heifer—1, Neil Sangster; 2, T. A. Spratt, Ottawa.

Holstein specials, cow—1, 2, 3 and 4, Neil Sangster. SHEEP.—Cotswolds, wether, over 1 year—S. J. Lyons, Norval, captured all prizes. Loyal Jones, wether, over 1 year—1, L. Parkinson, Eramosa. Wether, under 1 year—1, 2 and 3, L. Parkinson.

Ewe—1, 2 and 3, L. Parkinson. Leicester, wether, over 1 year—1, L. Parkinson. Wether, under 1 year, 1, 2 and 3, G. and W. Parkinson, Eramosa. Ewe, 1 and 2, G. and W. Parkinson. Oxford—W. E. Wright, Glanworth.

Shropshires, wether, over 1 year—1, Lloyd Jones, Burford; wether, under 1 year, 1 and 2, E. Wright, wether, 1, Lloyd Jones; 2, W. E. Wright. Southdowns, wether, over 1 year—1, J. Jackson & Sons, Abingdon; 2 and 3, Telford Bros., Fawcett; wether, under 1 year, 1 and 4, Telford Bros.; 2 and 3, J. Jackson & Sons; ewe, 1, 2 and 3, Telford Bros.

Dorsethorns—R. H. Harding, Thorncliffe, won all prizes. Hampshire and Suffolks—Telford Bros. won all prizes. Grades and crosses, wether, 1 year—1, Lloyd Jones; wethers, under 1 year, 1 and 2, Lloyd Jones; 3, A. G. H. Luxton; wether, under 1 year, 1, L. Parkinson; 2 and 3, Lloyd Jones.

SWINE.—Berks—S. J. Lyons captured all the principal prizes. Yorkshires—Joseph Featherstone & Sons, Strathville, got the principal prizes for barrows and J. E. Brethour, Burford, for sows.

Tanworth—Held & Co. captured all prizes. Chester white—Robert Clark, Ottawa, awarded all prizes. Swine-makers' bacon hogs—J. E. Brethour.

The attendance in the lecture-room in the afternoon was of fair size. The addresses were all on the subject of hog-raising, dealing with the proper practical tests relative to the cost of producing bacon hogs, and a discussion led by W. H. McNish of Lynn on the advantages of raising bacon hogs in Eastern Ontario.

The first speaker was J. E. Brethour, Burford, who advocated most strongly that an air treatment be used if best results were to be obtained.

HERD STATUS. From the New York Times. When nature was so infant, in the ear-ly long ago, she had devoted parents to restrain her acts, and so she monkeyed with the buzz-saw, or in other words, picked up the knacker of making pythians of the chaos she'd kicked up.

At first she made a membrane, with a breath of air inside. And watched it go a-bobbing on the ocean's salty tide; Then by adding it a little in her primal incubator.

Her play was so amusing almost any one could see Progression humped its progress with a count of celery; And then the primal primate and the Man she called a human, There seemed to be a yawning, so kind Nature made Woman.

Now there are those who doubtless have the impudence to think, Because of her position, Woman forms the Missing Link. But, cut away Eve's parents, and it seems she must have had a McKeay out of Adam.

EXPRESS CHARGES. Editor World: The Toronto World advocates two-cent fares, and I believe it is only a matter of time when we will have New York Central two-cent fares.

But what about express companies and corporations? They are extortionate robbers with a government license to fleece the public generally. On a peck of chestnuts expressed from Virginia to Locust Hill the express receipt for express charges, prepaid in Virginia, to Locust Hill, \$1.25. They were detained at the custom house, Toronto, where the Dominion Express Co. were paid \$1.50 more. The total amount re-
