AT LAST THEY ARE AWAKE

And the T. E. L. Co. is Ordered to Put Up 6 Island Lights.

But the Season Will Be Far Advanced — You May Have Band Concerts in the Parks Yet, But You Really Must Go Home From Them Before 11, Because It May Look Naughty— Gas From Garbage.

Citizens, you must not loiter in the public parks after 11 o'clock, for the Parks and Exhibitions Committee has resolved itself into a morality supervision society and has so decreed. You couldn't be there for any good purpose after that hour 'tis claimed. No curfew will ring you out. The "copper" will supersede the bell metal. In fact, up till lately, the police have not regarded as essential the formality of a bylaw, and have been ordering people off the grass at 10 p.m., because the late Mayor Howland so desired. But Chief Grasett has been running up against people of late who know a thing or two about the laws governing Toronto. They have refused to obey the mandate "get out," and the chief's long-standing bluff has been called. He was forced to write yesterday, urging the passage of a bylaw clothing him with authority to clear the parks. It was read at the Parks and Exhibition Committee, and the proposition was assailed by Ald. Hanlan and Bowman as an uncalled-for infringement on individual liberty. The committee, however, decided that 11 o'clock was late enough for people with reputable motives to be prowling about the parks, and a bylaw will be drafted to that effect.

And the Band Played On.

The next move on the part of the committee was a conditional surrender to the military union bands. Music hath charms to soothe the aldermanic as well as other sinners' hearts, and a clamoring public co-operated to induce the committee to withdraw from its dignified stand at the previous meeting in respect to allowing the bands to play with a full complement of men. The Executive Committee of the bandsmen's organization wrote urging a reconsideration of this decision, and Ald. Sheppard's proposition to reduce the number of the concerts, as opposed to reducing the number of musicians, was adopted. On this basis the matter was settled, and the bands will play on.

Renewal of Exhibition Lease.

Ald. Lynd, Leslie and Score were appointed a sub-committee to confer with the Exhibition Association to arrange for a renewal of the lease of the Exhibition Grounds.

The Sons of Scotland will have the use of the Exhibition grand stand and horse-ring for games on Civic Holiday.

Being on the eve of a trip to England on business, Chairman Score nominated Ald. J. J. Graham as his successor pro tem in the chair. His choice was acceded to.

T. E. L. Co. Must Light Island.

Some odd moons ago the special committee on Island lighting recommended that the Toronto Electric Light Company be paid 40 cents a light for eight lights along the western shore. This was the number of lights by which the requirements for the service exceeded the capacity of the Island plant. The report was intercepted on its way to Council by Ald. Burns in the Board of Control, who suggested that possibly the company might be legally bound to furnish the lights at the city contract price of 20½ cents per light per night. The City Solicitor, to whom it was referred, advised that the company was so obligated under the contract. But here, in spite of the fact that the urgency of having the lights immediately put up had all along been strenuously pleaded, the matter was snuffed out in a way in which the Council is only too adept. It might not have been resuscitated had not Ald. Hanlan, ex-champion sculler, and champion of the rights of the Islanders, appeared before the Fire and Light Committee yesterday to ask that his brother, John, who, since Edward became an alderman, has acquired the Island power plant from him, be allowed to furnish lights to the benighted people. This aroused Ald. Dunn, who, after enquiring as to the Solicitor's opinion, urged that the Electric Light Company be forced to abide by the contract. Ald. Davies suggested that it would be unfair at so late a period of the year to force the company's hand. He was accused for his words of working for the company. Ald. Hanlan's request was ignored, and on motion of Ald. Dunn, the Toronto Electric Light Company were ordered to put up six lights at places to be designated by the secretary of the Fire Department.

Is the Ward Boss at Work?

Before rising Ald. Dunn innocently enquired as to why an appointment had not been made to the foremanship in Berkeley-street Fire Hall, temporarily filled by Fireman Crawford. The chief promised a report by next meeting, but Ald Dunn sniffed a big ward pull to keep Crawford in the job and demanded an explanation from ex-Chairman Hubbard as to why the position was not filled last year. The latter fell back on the technicality of a 24 hours' notice and an answer will accompany the chief's report at the next meeting.

Gas From Garbage.

Some time ago agents of the International Sanitary Gas Co waited upon the committee to ask permission to experiment with a plant for the manufacture of gas from garbage. The application was granted, but L. R. Arnett, writing on behalf of the company, notified the committee yesterday that the test had not been made here, because another in New York had proved successful beyond expectation. The company, having acquired all rights, suggested that the city should send a gas expert with the Engineer to examine the system in operation. The process, it is claimed, while destroying the garbage, is nearly 20 candle power stronger than ordinary gas, and produces at the rate of only 15 cents per 1000 cubic feet. Gas is produced at the rate of 15,000 cubic feet to the ton of garbage. By suggestion of Chairman Sheppard the matter was referred to the Board of Control.

To Make Firemen Doctors.

Messrs. John T. Small, president, and C. R. Dickson, hon. secretary of the St. John's Ambulance Association, wrote, suggesting that the firemen should, above men of all callings, receive instruction in first aids to the injured. The sum of $50 was recommended as a vote to pay for tuition to a class of from 30 to 36, who were to be taught by a skilled surgeon and given five lessons. The chief will report.

New Hydrants and Lights.

By recommendation of the chief, hydrants will be erected as follows: On Sherbourne-street, between Duke and Duchess-streets; King-street, southwest corner Atlantic-avenue; King-street, corner Jefferson-avenue; Spadina-avenue at corner Clarence-square; Wellington-place, opposite Loretto Abbey. Street lights will be erected as follows: Electric lights—Westmoreland-avenue, near Shanly-avenue; Hogarth-avenue, east of Broadview. Gas lamps—Ossington-avenue, southwest corner Harrison-street; Roxborough-avenue, east of Yonge-street.

Removals of lights were also decided upon as follows: Electric light, centre of York-street bridge to south end of bridge; electric light, northwest corner of Lakeview-avenue and Harrison-street to southwest corner of same.

W. Donohue's application to start a blacksmith's forge at the rear of 27 Robert-street was accompanied by an expansive petition from surrounding property-owners in his favor and from a smaller number against him. The forge may go up.

City Hall Notes.

The Board of Control, in company with Ald. Saunders and Lamb and the City Engineer, spent a couple of hours yesterday in inspecting city works.

The City Clerk has certified that the petition for a 24-foot brick pavement on Brunswick-avenue, between Bloor and Ulster, is sufficiently signed.

The voters' list for Ward One will be posted for a week at the City Clerk's office, open for examination as to errors and omissions.

The proposition to increase pedlars' licenses cannot be enforced this year since no action can now be taken before July 1, when the license year begins.

The special committee appointed to look into the matter paid a visit to the Bickford Estate property which it is proposed to incorporate into Bellwoods Park. No definite decision was arrived at.

PUBLIC SCHOOL NOTES.

The Supply Committee met yesterday afternoon, when the accounts for the past month's work were passed.

The offices were crowded yesterday afternoon with school teachers, who were receiving their monthly salaries. The amount paid out was $34,572.67 in sums of $28,212.07 to teachers, $3454.43 to kindergarten teachers, $708.93 to occasional teachers and $2107.24 to caretakers; $290.45 was paid for caretakers' brooms.

All the kindergarten classes were closed yesterday for the summer holidays. The 45 different classes held small entertainments, when they went through their pretty exercises and sang their well-known ditties much to the delight of the parents and friends who were present.

Chairman Burns is in receipt of a communication from Principal Muir of Gladstone-avenue School, who complains about an entry in one of the races, recently held in Exhibition Park, when the son of Inspector Archabold won the running high jump, open to boys under 14. Mr. Muir says that the boy is older than he claims to be. The case will be brought before the board at the next meeting.

The additional rooms to be added to the various schools will be commenced work on as soon as the contracts are signed.

The schools will all be closed to-day for the holidays, when the trustees will deliver speeches and short programs will be given by the scholars in their respective schools.

Justice Lister Sworn In.

James Frederick Lister, Q.C., ex-M.P., was yesterday sworn in at Osgoode Hall as the fifth judge of the Ontario Court of Appeal. Chief Justice Sir George Burton administered the oaths. There were also present Justices Osler, Moss and Maclennan and many members of the bar.

That Troublesome Thirst.

Thirst is constant these warm days. It seems impossible to quench it.

Ordinary drinks seem to aggravate rather than satisfy it, and too much liquid is bad for the stomach and general health.

Abbey's Effervescent Salt

makes a cooling, refreshing, healthful beverage. Take a teaspoonful in a tumbler of water two or three times a day and you will not be worried by thirst or heat. It is the most healthful and palatable beverage you can use during warm weather. Sold by druggists everywhere at 60 cents a large bottle. Trial size, 25 cents.

Adorning the Legislative Halls.

A new picture by J. W. L. Forster was hung yesterday in the corridor of the Agricultural Department, representing a French-Canadian habitant plowing. It is a large oil and finely colored. Mr. Forster is at present in England.

When in Guernsey, the artist located the descendants of Brock, the island being his native place, and painted a picture of the famous soldier, which so pleased the authorities of the island and Brock's descendants that they insisted on keeping the picture, which represented Brock in a side-face view, dressed in his military uniform. The treatment was entirely new, and the worthy Guernsey people were greatly taken with it. The artist made a replique, and had a copyrighted photo made of the picture. The Art Committee at the Parliament Buildings intend to secure, if possible, the painting for the building when the artist returns.

The Sale of the Niagara Central.

After the Master-in-Ordinary had refused to accept the tenders submitted for the purchase of the Niagara Central Railway, Mr. MacMahon, the highest tenderer, raised his offer from $31,800 to $34,000, which was accepted, 10 per cent. of the purchase money to be paid within 10 days of the acceptance of the tender. Mr. G. Mortimer Neelon, who tendered for the road at $25,500, filed a petition against the acceptance of Mr. MacMahon's offer.

A Parkdale Wedding.

Last evening, at the residence of Mr. and Mrs. Arthur Poole, 1302 King-street west, Parkdale, their eldest daughter, Roberta, was married to Mr. W. G. Bender, grandson of Mr. T. A. Heintzman. The bridesmaid was Miss Ada Poole, Mr. Alfred Rogers acting as best man. The ceremony was performed by Rev. J. A. Rankin, pastor of Dunn-avenue Methodist Church.

A Conviction Quashed.

The Town of Windsor has a bylaw imposing a license of $200 on merchants who drop in to sell bankrupt stocks and then drop out to sell another bankrupt stock in some other town. John Appleby was convicted under this bylaw. The conviction was quashed in Single Court at Osgoode Hall yesterday, on the ground that the bylaw did not refer to bankrupt stocks.

Grand Trunk Freight Sale.

The annual auction sale of unclaimed freight, the property of the Grand Trunk Railway of Canada, will take place to-morrow morning, commencing at 10 o'clock sharp, at the Berkeley-street freight sheds, foot of Berkeley-street. Mr Chas. M. Henderson will conduct the sale.

A Small Pill, but Powerful.—They that judge of the powers of a pill by its size would consider Parmelee's Vegetable Pills to be lacking. It is a little wonder among pills. What it lacks in size it makes up in potency. The remedies which it carries are put up in these small doses, because they are so powerful that only small doses are required. The full strength of the extracts is secured in this form and do their work thoroughly.
