Major Walsh's Slow Trip.

Dealing with Major Walsh's faiture to get into Dawson in the winter of 1897-8, Mr. Sifton blamed it on the delay of the Assistant Commissioner of Police at Skaguay, who had not got the supplies over the summit. It was, however, providential that Major Walsh did not get in, because by being on the trail during the winter he was able to give services which saved hundreds of lives. It was not until May 25, 1898, that Major Walsh reached Dawson City, and in less than three weeks afterwards twenty thousand people had poured in and were camped on a swamp about one-third of a mile long, with but scant provisions and not any great amount of fitness for the position in which many of them found themselves.

Some Irregularities Pointed Out.

Mr. Clarke Wallace called attention to the fact that the Auditor-General's report had not been laid down within the first seven days of the session, as required by statute.

Sir Wilfrid Laurier said that he had already explained that the report was in the printer's hands and would be brought down Thursday.

Mr. Wallace read the clause of the Audit Act requiring the Auditors' report to be laid before Parliament not later than Jan, 31 in each year, if Parliament was in session, and if Parliament was in session, and if Parliament was in session at that time, within seven days after its meeting.

Sir Wilfrid said the matter rested with the Auditor-General.

Mr. Foster asked if the Hon. Minister wished it understood that only that 105 gallons had gone into Dawson since that

session, and if Parliament was not in session at that time, within seven days after its meeting.

Sir Wilfrid said the matter rested with the Auditor-General.

The Writ for Winnipeg.

Sir Charles Tupper asked if the writ for Winnipeg had been issued and if not why not.

Sir Wilfrid Laurier said that new lists were required in Winnipeg, and he expected the order for their preparation would be issued to-morrow.

Dr. Sproule asked why a writ could be issued for Brockville and not for Winnipeg.

Sir Wilfrid: The law is different.

MR. SIFTON'S ANSWER.

His Honor also made a fitting allusion to the late Governor Cameron, and spoke of the general regret at the departure of Lord and Lady Aberdeen fron Canada. It is expected that hard fighting will be necessary to dislodge them at that point and at San Fernando, where Aguinaldo is supposed to be. Large rivers strengthen both positions.

The Montana Regiment had one man killed and three wounded yesterday. Twenty-five men were prostrated by the heat and brought to the hospital. Two new big Scropp guns, one six-inch and the other eight-inch, which were found buried at Malolos, though secured late, will be mounted. The Americans have also found 27,000 silver dollars.

Ottawa, April 4 .- (Special.) -- Following is the full text of Major Walsh's letter to Hon. Clifford Sifton in reference to the charges made by Sir C. H. Tupper in connection with the administration of the Yukon. Mr. Sifton read the letter during his speech in the House to-night :

Ottawa, April 3, 1899. Ottawa, April 3, 1899.

Dear Sir,—I have read Sir Hibbert Tupper's speech, in which he makes charges against the administration of affairs in the Yukon district while I was Government Commissioner. So far as the personal charges against my character and administration are concerned, I defy Sir Hibbert Tupper to furnish a single particle of rehable evidence in support of any of them. I furnish defy him to produce any person who ever saw me under

ticle of reliable evidence in support of any of them. I further defy him to produce any person who ever saw me under the influence of liquor, either in the Yukon or anywhere else. While in the Yukon of anywhere else. While in the Yukon I abstained from the use of spirits, and also tobacco, and my other habits conformed in every way to this abstemious course.

During my stay in Dawson I lived in a tent surrounded by part of the staff and a large number of campers. My time was entirely taken up with public business, either in my oidee or in my tent. At 9 o'clock in the morning I walked to my office, at noon returned to my tent, at 1.30 p.m. again went to the office, and in 5 p.m. returned to the tent. This was my daily routine, so that I passed through the streets of Inwson four times every day, Sunday excepted. Every day but Sunday I could be zeen by any persou who had business with me, except that, of course, people had to take their time in securing interviews. During my stay in Dawson I only left my camp after 6 p.m. three times.

i challenge and defy any person to prove me guilty of any improper act, in either my public or private life, during my period of service in the Yukon, or of dealing in or having any interest in any mines or Government property of any kind. I engaged with the Government, as you know, to go to the Yukon for one year only, although my commission did not so state. That was my understanding with you. During that time I accomplished all that I expected and hoped to be able to do. I labored extrestly and conscientiously to the best of my ability to do my duty to the Government, and returned at the end of the time, bringing nothing except the consciousness of having done my best to perform a difficult and a trying duty.

I close by repeating that I defy Sir Hibbert Tupper or anybody else to prove that while I was in the Yukon territory I was ever under the influence of liquor or was ever guilty of a single act of immorality.
