TO REMOVE THE EMBARGO.

Number of M.P.'s Will Agree to
Canada's Benefit.

London, Oct. 23.—(Telegram cable.)—A large gathering of influential persons representing the agricultural interests, dealers, breeders, co-operative societies and dock boards, met a number of members of parliament to-day at the Westminster Palace Hotel, and urged their views with regard to the removal of the restrictions placed by Canada on the importation of live Canadian cattle into British ports. The members of parliament present promised to use every effort to further the lifting of the objectionable embargo, and a resolution was unanimously passed to ask parliament to amend the act of 1886, and it is expected that next session a bill will be introduced into the House of Commons asking that Canadian cattle be allowed to enter British ports. Every speaker urged that Canada be treated as a part of the empire, and not as a foreign nation. J. G. Colmer, representative of the Canadian High Commissioner, Lord Strathcona, who is connected with his room with a sprained ankle.

Sen to Succeed Fisher.
Montreal, Oct. 23.—Thomas Christie, son of the late member for Argenteuil, was nominated to-day to succeed his father in the Liberal interest. The candidate is not looked upon as a strong one, and his election is considered unlikely. A series of Conservative meetings will be held in the constituency.

Can't Trust Her.
Boston, Oct. 23.—Rev. T. B. Strong, of the United States Board of Foreign Missions, said tonight that Miss Ellen Stone would not return to Bulgaria or Turkey. The board considers that under present circumstances it would be unwise to send her back where she might be recaptured.

"Hello" Calls Two Cents Each.
New York, Oct. 23.—The International Telephone Company, the New Delaware corporation that promises telephone service at two cents a message, yesterday issued \$10,000,000 of the \$10,000,000 bonds recently voted.

In the Land of Little People

It is a country as big and as exciting as yours with all the stern realities smothered. Its people are just as eager as you are to have good clothes, neat and comfortable. We've made a study of children's garments. We have them to suit any purse in all the fashions that are becoming and popular:

Iceland Lamb Jackets—10.00, 10.50, 11.00, 12.00 and 13.00.
Children's White Thibet Muffs and Boas—3.00 per set.
Children's Iceland Caps and Mittens—2.00 per set.
Children's Grey Lamb Collars—\$1.00 to 1.50.
Children's Grey Lamb Caps—1.00 to 1.50.
Children's Grey Lamb Mittens—2.00 to 3.00.

CHARMING ROBES FOR CHILDREN.
White Cashmere Robes—3.00.
White Lamb Skin Robes—3.50 to 4.00.
Coney Robes, with pockets—3.50.
Iceland Robes—5.00 upwards.
Store open Saturday night.
Write for catalogue.

CORONERS' COMPLAINT MET

Their Request for Use of Police Court
for Inquests Endorsed By
Property Committee.

COST OF LIGHTING HALL CLOCK

Would Be Heavy—Serious Charges
Regarding St. Lawrence
Market Roof.

The difficulties encountered by coroners in securing suitable places for inquests, were told to the Property Committee Thursday afternoon by the coroners themselves. The deputation consisted of Coroners Lynd, Young, McGreggor, Young and Emery. McGreggor spoke on behalf of the coroners' committee. He stated that the coroners have no suitable place for holding an inquest. The only places available are public houses and undertakers' rooms, and many objections to these places were cited.

The coroners asked for a regular room for holding inquests, and the committee, seeing the wisdom of the request, will recommend that the City Commissioner be instructed to allow coroners the use of the Police Court room in the City Hall until the old Police Court improvements are made. Inquests will be held at Court street.

Should Be Investigated.
Serious charges have been made in regard to the roof on the new St. Lawrence Market. J. S. Annabell of the Sheet Metal Workers' Union, appeared before the committee and stated that the galvanizing work on the roof had been constructed with only 1 1/2-inch lap between corrugated sheets instead of 3 inches, as called for in the specifications. He produced samples to show that the work was like, and said that by the manner in which the work had been done, the roof was being patched with leaks.

The committee, which was composed of the City Commissioner, Lord Strathcona, who is connected with his room with a sprained ankle.

Time Would Cost Money.
City Commissioner, Coadworth, forwarded a report recommending that a lighting plant for City Hall clock be installed. Chief Engineer Bannan said he made an approximate estimate. This expenditure would provide for the illumination of the four dials. The cost of maintenance would include another engineer all the year round, \$801.25, and an extra engineer for five months during winter, \$375. The plant, with this staff, would be running for four days a day. There was a difference of opinion as to whether the lighting of the clock was a luxury or a necessity. Ald. Dunn thought it was the latter, and Ald. Lamb disagreed with him. The cost seemed out of proportion with the usefulness to be derived from it. The outcome of the discussion will be decided by the City Commissioner to learn at what cost the clock could be illuminated from outside sources.

Berkeley-Street Fire Hall.
When the property for the extension of Berkeley-Street Fire Hall was purchased from Adam Beatty for \$120,000, Mr. Beatty was granted permission to remove two frame buildings, which were situated thereon. He was to take them intact to other property on Berkeley-Street, which is in the brick fire limit, and there to erect a new building. The matter was before the Fire and Light Committee Thursday afternoon, and it was decided that Mr. Beatty's request could not be granted.

The Property Committee appointed a sub-committee to visit the hall in regard to the proposed improvements to the building.

Those Sandbar Shacks.
There was another exchange of opinions as to the manner in which owners of shacks on the eastern sandbar, if got permission to put their buildings there, and a sub-committee, with Ald. Lamb as chairman, was appointed to visit the locality.

Ald. London told the committee that he had been in communication with the Sovereign Bank, with a view to having a branch of the institution at St. Lawrence Market. The matter will come before the market special committee to-day.

City's Figures Sustained.
Judgment in the appeal of the franchise corporations against the figures of the assessment department was given out Thursday. The only reduction made was \$25,000 on the outside plant of the Toronto Electric Light Company, which the city agreed, making that assessment \$250,000. As the act specifically exempts rolling stock, the \$250,000 was added to the Toronto Railway Company's assessment by the Court of Revision.

The Bell Telephone Company appeal will be decided November 5.

In his fortnightly report, which will come before the Works Committee to-day, Engineer Rust opposes any change in the local improvement act, whereby the city generally should bear a greater share of the cost of pavements, sewers, main thoroughfares, etc. He recommends that on main streets, where property owners petition against a local improvement, the city should have the power to force the work upon the recommendation of the city engineer, backed up by a vote of two-thirds of the members of the council.

Mr. Rust recommends that, as the Toronto Railway Company have not laid the double track on Dovercourt-road, in compliance with the order of the City Council, the city should compel the company to go on with the work.

FOURTH DIGGER CASE BEGUN

Robert L. Bennett, Ex-Conductor, is
Charged With Stealing Specific
Sum of 15 Cents.

CAULFIELD TO TESTIFY TO-DAY

Crown Will Seek to Prove That
Prisoner Bought Steel for
Detective.

The fourth of the series of "digger" cases was commenced yesterday afternoon in the Criminal Sessions. Nearly an hour was occupied in securing a jury, after which two witnesses were examined. Pinkerton Detective Caulfield will give evidence this morning.

One of whom eight are farmers, are as follows: J. L. Ferguson, farmer, King; F. S. Courson, farmer, East Gwillimbury; F. W. Helmsky, farmer, Gwillimbury; Samuel Dingle, gentleman, North Toronto; Isaac Hood, farmer, Markham; Robert Clark, builder, East York; John Marrett, farmer, N. Gwillimbury; Gillian McKinnon, farmer, Markham; J. G. Lewis, farmer, East Gwillimbury; F. W. Roberts, agent, 111 Balmston-avenue, East Toronto; Francis Landy, 100 farmer, Wilmhurst; Archibald Clouston, farmer, East York.

Robert L. Bennett, the prisoner, is charged with stealing the specific sum of 15 cents from his fare box on April 18 last. In opening Crown Attorney Dewar explained that the evidence in this particular case was derived largely upon evidence of Caulfield, whom Bennett is alleged to have told that he stole the 15 cents charged in the indictment. Bennett, in a subsequent conversation, on May 15, told the king of steel over to his detective.

Arthur Webb, Assistant Police Court Clerk, was called to identify the exhibits in the case. His evidence was unimportant. Detective James Forrest explained that the evidence in this particular case was derived largely upon evidence of Caulfield, whom Bennett is alleged to have told that he stole the 15 cents charged in the indictment. Bennett, in a subsequent conversation, on May 15, told the king of steel over to his detective.

A TARIFF CHANGE BEFORE LONG
So Says a United States Paper in
Speaking of Tariff.

The Brooklyn Eagle, in an editorial on the resignation of Hon. Mr. Tamm, calls him "a premature statesman," and says that he was forced out of office by the fact that he was not a statesman. The article says that the resignation of Mr. Tamm was a premature one, and that he was not a statesman. The article says that the resignation of Mr. Tamm was a premature one, and that he was not a statesman.

Peremptory Lists.
Non-jury Assize Court, peremptory list for Friday, Oct. 24, at 10 o'clock a.m.: McMahon v. Saragosa, to be concluded. There will be no sitting of this court next week.

The Best Coal to Buy.
The J. H. Hamill Co., Limited, supplies the genuine high grade Japans Hill coal, and put coal mined and prepared especially for domestic use. As there may be many cold days before shipments from the anthracite districts reach here, no better substitute nor more cheaper, considering quality, can be had than this coal.

AN HONEST DOCTOR.
Editor: If any of your readers suffer from sexual weakness, resulting from youthful folly, premature loss of strength and memory, weak back, varicose or emaciated of parts, my Latest Method Treatment will cure them. So positive am I that it is an infallible cure, that nothing need be said to induce you to try it. This is a certain cure, that nothing need be said to induce you to try it.

Broken Leg From Hand-Shake.
Hammond, Ind., Oct. 23.—Peter Engstrom, 71 years old a sailor, who has been a hermit since 1871, when he was driven out of Chicago by the fire, met an old friend to-day who shook hands with him so vigorously that Engstrom, who is in feeble health, slipped and fell, breaking his leg at the hip.

Lighting Was Rude.
Woodstock, Oct. 23.—A severe thunder storm struck the city last evening, during the course of which lightning struck Miss Nesbitt's residence, and caused considerable damage to the chimney down, and almost ruining the furnace in its passage to the earth. It is said that the storm struck in a bedroom, and Miss Agnes Sovereign, a young lady visitor, was thrown across the room with great violence, but was not hurt.

For Infestation of the Eyes.—Among the many good qualities which Parmentier's Vegetable Pills possess, besides regulating the digestive organs, is their efficacy in relieving inflammation of the eyes. It is called forth many letters of recommendation from those who were afflicted with this complaint and found a cure in the pills. They affect the nerve centers, and the blood in a surprisingly active way and the result is almost immediately seen.

How Much Do They Want?
Ottawa, Oct. 23.—C. C. James, Deputy Minister of Agriculture for Ontario, C. C. Creelman, Superintendent of Farmers' Institutes for Ontario, and P. W. Hodson, Superintendent of Live Stock for the Dominion, were recently offered positions as Canadian directors of a syndicate of wealthy American publishers, at salaries exceeding \$4000 per annum.

The Flagging Energies Retired.—Constant application to business is a tax upon the energies, and if there be not relaxation and depression are sure to follow. These come from stomachic troubles, indigestion, and the stomach craves to plant itself food properly. Parmentier's Vegetable Pills will be found a recuperative of rare power, restoring the organs to healthy action, dispelling depression, and reviving the flagging energies.
