## General Want Wonders

why some people still take the long, hard, roundabout way of house-hunting by tramping back and forth through certain sections instead of going straight to the want page of The Advertiser, where a long list of available dwelling places is always found under "To Let Houses."

## Desirable vacancies are mostly advertised in The Advertiser.

To meet with certain success, consult The Advertiser each day or place an ad stating the kind of apartment or house you desire. Either way is bound to save you time and bother, and is the right way to go about house-hunting.

Flats will solve your problem.
