WALL STREET REVIEW. New York, Aug. 7.—The stock market this week suffered from drastic liquida-tion and bear selling, which depressed industrial shares 3 to 28 points, with partial recoveries at the end. Constructive factors such as the railroad rate increases, big crops, easier call money and the intention of the rail-roads to spend \$700,000,000 for necessary improvements and equipments had little weight in the face of hurried selling.
