DIPHTHERIA CARDS ALARM RUNNYMEDE

Situation in Humber Crest Also Bad, But Progress Favorable.

MANY CARRIERS

Use of Swabs Shows Number of Walking Infection Cases.

The increasing number of "diph-theria" placards in South Runnymede and Humbercrest districts in the past few days has caused considerable alarm and misunderstanding in these districts, which include the areas of the King George and the Humber-

the King George and the Humber-creat public schools. Dr. C. A. Warren, medical officer of health for York township, stated to The World last night that the sit-uation was "pretty bad at present." The doctor advised that any publica-tion be explanatory rather than of an absorbing neuron

Lion be explanatory rather than of an alarming nature. At the meeting of S. S. No. 29, which includes George Syme and King George schools it was learned that the epidemic was confined to the section south of Dundas served by King George school and that there had been two deaths. Examination had been made of over 400 children had been made of over 400 children. prices and assurance was given that mat-

ing from carelessness on the part of those homes under quarantine, or disregard of the restrictions of law in these cases. The swab reports since the meeting of the board show that there were eleven "diphtheria car-there were eleven "diphtheria car-there were eleven "diphtheria cardisregard of the restrictions of law in these cases. The swab reports since the meeting of the board show that there were eleven "diphtheria car-riers," one of whom was a teacher. The homes of all these carriers have heen placed under quarantine, thus Canadian newsprint producers. The stituation in this township is equivalent to \$130 a ton. The Canadian Export Paper Com-pany, Limited, controls approximately \$25,000,000 per annum of the export paper output of five of the leading theore placed under quarantine, thus canadian newsprint producers. The sections of the north show little wind has fallen and the smoke clouds are not so heavy today, but the sky remains clear with no evidence of rain. giving outwardly the appearance of an increasing epidemic. "The breadan increasing epidemic. "The bread-winners of these families have free-dom to come and go." explained the health officer, "but steps had to be taken to bring the trouble under control. If those afflicted will stay at home two weeks and abide in-structions the trouble will be over. But where you have diphtheria you But where you have diphtheria you panies. may expect deaths."

Supervision Best.

Asked regarding the closing of the schools as was being advocated by some in the district, Dr. Warren said "No, the authorities have found that better results are obtained where there

BORDEN NOT AWARE OF INDEMNITY "ROBIN" Ottawa. June 1.--(By Canadian Press.)--Speaking on the orders of the day in the house this afternoon, Sir Robert Borden said press statements had been called to his attention to the effect that members of the house had signed a round robin, asking for an increased indemnity and that at-tendance of members in the house had been affected because of non-compli-anc on the part of the government. So far as he was aware. Sir Robert added, no such round robin existed. At any rate, he had not seen it, Further than that, he had no reason to sup-Ottawa, June 1 .-- (By Canadian than that, he had no reason to sup-pose that attendance of members on the government side of the house had been in any way affected by the rea-sons assigned.
