New Winter Overcoats NOW READY

And they are, we believe, at least a little better than any winter line we have previously shown.

Better in value—better cloth, better tailoring for the money. Blacks and greys predominate, with a liberal sprinkling of the lighter colors that some men prefer.

Medium and long coats, Fancy Tweeds and Friezes, the popular Prussian and Regular Double Breasted styles. Also Single Breasted Overcoats, most modishly made, with patched pockets and all the other "ear marks" of recent fashion.

And to cap the climax, the very cream of the 29th Century 1910 models.

\$10 to \$25. And as we remarked above, BETTER values than we have ever previously been able to offer.

Suits, trousers, vests—new lines await your inspection.

SUPERIOR PAINLESS DENTISTRY!

"There is a world wide cry against the dentists that torture their patients. Those of strong physique submit and endure the agony. With a second class this is simply impossible, and thousands of teeth are neglected and lost even though the patients may be able to pay for our most skillful services. Then there is a third class who, after months of mental torture in anticipation, finally come into our hands, and, with nerves strung to a painful point, pass through the ordeal, but at what a cost! We do not sufficiently consider the consequences of shock in the dental chair, yet undoubtedly many suffer for months and even years from injuries to the nervous system received whilst in our hands.

The greatest duty of our profession today is to discover and adopt a mode of painlessly performing our operations."

NOTE—The above is an abstract from a paper read by an eminent dentist of New York City before a society of dentists in Philadelphia.

The famous Hale Method of painless dentistry, for which we are sole agents for Canada is the best Method on earth.

Rev. Gideon Swin, who recently resigned the pastorate of the Waterloo street United Baptist church, has decided to accept the call extended him to go to the Cornhill and Petticoat street pastorate. He will begin his ministry there on the second Sunday in October and will reside in Petticoat. Rev. Mr. Swin will supply the pulpit of the Tabernacle church on Sunday next and on the Tuesday following will leave with his family for their new home.

A meeting of the Inter-Society Bowling League was held last evening in the rooms of the Y. M. A. of St. Peter's. P. J. Fitzpatrick acted as chairman. It was decided to continue the league during the ensuing winter. The I. L. & B. Society carried off the cup last year, but judging from the material that some of the teams have for the coming league they will have to bowl exceptionally well in order to repeat their victory.

The "Dominion Scale Company" has been organized with W. E. Foster of this city as the president. The scale should prove of great value to those interested in agricultural pursuits, as it can be attached to the platform of a wagon, and hauled about the fields. The capacity of the scale is 2,500 lbs. The company also has a patent on another scale with a capacity of six tons, known as the "Piles." The scales are to be manufactured in Fleming's factory, and the manager of the company will be A. E. Milton, of Albert County. James Fife, chief scale architect of Ottawa, is expected here today to inspect and admit them to verification in Canada.

WINDOW WASHING CASE BRINGS OUT STORY OF THEFT

Diamond Used to Cut Pane of Wilcox Brothers' Window—Corner Made Disgraceful by Loafers

A case relative to the new window washing law took considerable of the time in the police court this morning. Vermer Wilcox, of Wilcox Bros., scored the new law and those who framed it. He said that loafers made a habit of standing near his place, and he made charges of window cutting with a diamond and robbery as a result of such gatherings.

Raymond Thomas and Noah Labood were charged with washing windows in Brussels street during forbidden hours. The latter explained he did not know the law; the latter said he did not know anything about it. Thomas was accused, as he testified when Policeman Perry asked him so, Labood explained that it was his brother who was wanted and he was told to get the right man.

Mr. Wilcox, when called, said that their door front was in a disgraceful condition with cigarette ends and tobacco juice. The glass in the door way had been found cut with a diamond—some one evidently using a diamond ring. Also, on one occasion, some one entered the store by cutting glass out of the window and stole three suits of clothes. It was necessary to clean up in the morning or the store front would be in a disgraceful condition. The law, he considered, unworkable, for instance; Saturday night would not do to wash windows. "The man who made the law made a great mistake," said Mr. Wilcox. He paid \$500 taxes and thought he should have a fair show.

In answer to whether or not he was guilty, he replied, "Guilty, of course, and will have to do it again."

The matter was allowed to stand, and Judge Ritchie advised that he would make enquiries as to the conditions about that corner.

James McKenna, charged with allowing his horse to run at large in Bentley street, pleaded not guilty. Patrolman Corbett told of finding the horse at large and placing it in the barn. A fine of \$5 was imposed.

Hugh Galloway, Jacob Nofel, Wm. Leavinton and Carl Anderson were fined \$8 each or thirty days, for drunkenness.

MAY ADDRESS YOUNG LIBERAL CLUB OF ST. JOHN

Hon. MacKenzie King and Other Ministers to Be Invited—Re-Opening of the Club

The Young Men's Liberal Club, which has been closed during the summer months, will again open its doors on Friday night, and will remain open until next spring. Last winter many of the members found their way to the rooms in Germain street and there participated in games provided for their entertainment and had the use of the club's magazine and papers.

At the end of last year the executive, aware of the fact that it would be advisable to bring some of the members of the dominion cabinet to lecture to the members of the club, during the coming winter, it is not at all unlikely that Hon. MacKenzie King, minister of labor, will be invited to address the members late this fall or in the early part of next year, and an effort will be made to get other ministers here to address the members on the political issues of the day.

WILL CUT RANSOM B. FULLER IN TWO

Steamer to Be Made 40 Feet Longer—Austin Carried Against Steamer By Boston Harbor Tide

During the coming winter extensive alterations and repairs are to be made on the steamer Ransom B. Fuller, of the Eastern Steamship Co. It is planned to cut the steamer in two and make her about 40 feet longer. The plan of state number added, giving her in all about 250.

The work will be commenced very soon, so that she will be ready for service on the opening of the spring season of 1910. The steamer Governor Dugley and Governor Cobb will probably run between Boston and Portland the coming winter, and it is likely that the Fuller and one of the new steamers of the line will take their places during the summer season next year.

While the steamer Calvin Austin was making her berth at Union wharf, Boston, on Sunday afternoon, she was caught by the strong current which was setting up stream and carried with considerable force against the steamer Kennebec, having three of her stanchions on the starboard side smashed, besides other slight damage. The Kennebec was uninjured.

The Austin has just arrived from St. John, with 62 passengers, who were all landed without the slightest confusion, there being no excitement on board, save having come to the assistance of the steamer immediately and helped her in making her dock.

SCHULMANN-HEINK SALE OPENED TODAY

The season sale for the Schulmann-Heink concert city orchestra opened at the Opera House box office this morning at 9 o'clock for subscribers only. Those who are not on the list will have the privilege of securing their seats tomorrow morning at 10 o'clock, and the subscription list is so large but that it will be quite easy to secure good positions after the subscribers have been served. Very many have doubtless neglected to sign the list and they will be glad to know that good opportunity remains to hear the queen of concertos Monday evening.

ST. JOSEPH'S MAY PLAY XAVIER TEAM

The Y. M. S. of St. Joseph have received a communication from the Athletic Association of St. Francis Xavier University in which they are invited to contest on the gridiron in this city when they are making their tour to Fredericton, where they will play October 12th.

It is probable that a game will be arranged between the teams, as the lovers of the "pigskin" would like very much to see the Nova Scotia college boys in action, as they have already attained great results on the field.

For Absolute Shoe Satisfaction, Look for This Quality Stamp, "PIDGEON'S SPECIAL"

Here is the exact meaning of "Pidgeon's Special" on a pair of Men's, Boys' or Women's Shoes. This mark stands for the highest quality of material, the best workmanship, the smartest styles and the lowest price for the quality offered.
